Ruysbroeck the Admirable Alfred Wautier d'Aygalliers, Fred Rothwell, 1925 *Ruysbroeck* Evelyn Underhill, 2023-09-18

Covers topics in philosophy psychology and scientific methods Vols 31 include A Bibliography of philosophy 1933 **John of the Cross and the Cognitive Value of Mysticism** Steven Payne, 1990-07-31 This book is a significant contribution to the literature on mysticism and the epistemology thereof It is recommended to all those interested in the mystics and in the question of the cognitive value of mysticism Review of Metaphysics March 1992 *John of the Cross and the Cognitive Value of Mysticism* S. Payne, 2012-12-06 Among Anglo American philosophers interest in mysticism has typically been limited

to the question of whether or not mystical and religious experiences provide evidence for or knowledge of the existence and nature of God Most authors conclude that they do not because such experiences lack certain qualities needed in order to be counted as cognitive In this study I examine some current philosophical opinions about mysticism and objections to its epistemic significance in the context of a detailed study of the writings of a single mystical author the Spanish Carmelite Saint John of the Cross 1542 1591 I argue that from his works one can draw a coherent theory of what takes place in the Christian mystical life and will indicate how acceptance of this theory might be defended as rational through a type of inference often referred to as the Argument to the Best Explanation In this way I hope to show that mysticism still has a significant bearing on the justification of religious faith even if it cannot be used to prove the existence of God The nature and advantages of my own somewhat unusual approach to mysticism can perhaps best be explained by contrasting it with the way other authors have dealt with the subject One of the most striking developments in recent decades has been the growing fascination with mysticism meditation and the experiential aspects of religion **The Church Quarterly Review** Arthur Cayley Headlam (Bishop of Gloucester),1930 *The British National Bibliography* Arthur James Wells,1967

Mysticism: A Study in Nature and Development of Spiritual Consciousness Evelyn Underhill,2017-02-15 Remaining a classic in its field this book explains first how mysticism relates to such things as vitalism theology psychology symbolism and magic This treatment may seem unusual for Christian mysticism but it relates widely to the world as we know it and the different practices therein Part Two explores the awakening purification and illumination of yourself and gives solid groundwork for such things as voices visions dreams and other mystical experience Commonweal ,1926 **Mystical Experience and Religious Doctrine** Philip C. Almond,2015-02-06 No detailed description available for Mystical Experience and Religious Doctrine Church Quarterly Review ,1930 Guénonian Esoterism and Christian Mystery Jean Borella,2005-03 Rene Guenon's explication of the principles of an interior understanding of sacred forms has established his reputation in the West as the master theorist of esoterism But till now his doctrine has not been the focus of thorough study in Christian circles and this has had serious consequences Guenonian Esoterism and Christian Mystery is the first major work to combine an analysis of Guenon's ideas about esoterism with a critical examination of their application to Christianity in terms of data provided by Christianity itself But to accomplish this such data cannot simply be surveyed superficially it must be known firsthand hence the abundance of citations and references in this text Such an approach not only lets us decide about certain issues but may also help us rediscover an all too misunderstood facet of the revelation of Christ Jean Borella taught philosophy at the University of Nancy until 1995 A Platonist by formation he has been strongly influenced by Guenon and Eastern metaphysics But his deepest inspiration derives from unceasing meditation on the Christian faith which led him to undertake the present searching critique of Guenonian Christianity A religious philosopher he strives to hear the reverberations awakened in human thought by revelation Rene Guenon was one of the great metaphysical minds of the last

few centuries and it was a great loss to the Catholic Church when he converted to Islam Prof Borella shows in this landmark study exactly where Guenon's work remains of perennial value for Christians but also demonstrates the limitations and personal idiosyncrasies which led Guenon to distort some of the most important elements of Catholic and Orthodox doctrine Prof Borella's book may well stimulate the recovery of authentic metaphysics within the Church for which Guenon longed but which he despaired of seeing in his lifetime Stratford Caldecott Editor Second Spring Director UK of the G K Chesterton Institute for Faith Culture De Duns Scot à Suarez Jacques Chevalier, 2012-08-21T00:00:00+02:00 Entre la mort de saint Thomas et les grandes uvres de Descartes s tend pour la philosophie une période de crises et de germinations de renaissance dans la confusion L acuit philosophique et la merveilleuse rudition de Jacques Chevalier nous font traverser trois siècles foisonnants et multiples où se présentent des choix qui nous résistent encore La préface de Bruno Pinchard aide entrer dans une démarche originale où l historien restant penseur la volonté de savoir ne saurait renoncer la liberté de juger *The Month* ,1983 Bulletins de l'Académie royale des sciences, des lettres et des beaux-arts de Belgique Académie royale des sciences, des lettres et des beaux-arts de Belgique, 1890
