Labyrinths Of Power Political Recruitment In Twentieth Century Mexico:

Labyrinths of Power Peter H. Smith, 2015-03-08 Peter Smith has written a comprehensive and in depth study of the structure and more important of the transformation of the national political elite in twentieth century Mexico In doing so he analyzes the long run impact of the Mexican Revolution of 1910 on the composition of the country s ruling elite Included in his focus are such issues as the social basis of politics the recruitments process political career patterns the amount of periodic turnover and the relationships between the political and economic elites The author explores these issues through an empirical computer assisted investigation of biographical information on more than 6 000 individuals who held national political office in Mexico at any time between 1900 and 1976 He then employs various comparative and statistical techniques along with a use of archival data questionnaires and interviews to determine precisely how Mexico s political system actually works Professor Smith finds that the Revolution of 1910 did not fundamentally alter the class composition of the national elite although it did redistribute power within it He further observes that the Mexican Revolution did bring about a separation of political and economic elites and that the route to political success is much more varied and less predictable now than before the revolutionary period Originally published in 1979 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Intellectuals and the State in Twentieth-Century Mexico Roderic Ai Camp, 2014-04-15 In developing countries the extent to which intellectuals disengage themselves in state activities has widespread consequences for the social political and economic development of those societies Roderic Camps examination of intellectuals in Mexico is the first study of a Latin American country to detail the structure of intellectual life rather than merely considering intellectual ideas Camp has used original sources including extensive interviews to provide new data about the evolution of leading Mexican intellectuals and their relationship to politics and politicians since 1920 Political Recruitment across Two Centuries Roderic Ai Camp, 2013-12-06 During more than twenty years of field research Roderic Ai Camp built a monumental database of biographical information on more than 3 000 leading national figures in Mexico In this major contribution to Mexican political history he draws on that database to present a definitive account of the paths to power Mexican political leaders pursued during the period 1884 to 1992 Camp s research clarifies the patterns of political recruitment in Mexico showing the consequences of choosing one group over another It calls into question numerous traditional assumptions including that upward political mobility was a cause of the Mexican Revolution of 1910 Comparing Mexican practices with those in several East Asian countries also allows Camp to question many of the tenets of political recruitment theory His book will be of

interest to students not only of Mexican politics but also of history comparative politics political leadership and Third World development **Mexico's New Politics** David A. Shirk, 2005 Tracing the key themes and dynamics of a century of political development in Mexico David Shirk explores the evolution of the party that ultimately became the vehicle for Fox's success

Forsaken Harvest Luis G. Cueva, 2013-12-18 This historical monograph examines the decline of the hacienda estates within Jalisco Mexico during the early decades of the 20th century The book also explores the impact of the land reform program of President Lazaro Cardenas in transforming the agrarian economic structure of the region This study contributes to an ongoing lively debate about the hacienda system and the meaning of the Cardenas reforms This is an important work because it explores the evolution of a regional socio economic system that promoted urban industrial growth at the expense of the rural poor The model of regional development described is applicable to other areas of Mexico and underdeveloped Third World nations with extensive peasant populations The research for this investigation has wider implications regarding issues of global hunger and malnutrition **Encyclopedia of the Developing World** Thomas M. Leonard, 2013-10-18 A
RUSA 2007 Outstanding Reference Title The Encyclopedia of the Developing World is a comprehensive work on the historical and current status of developing countries Containing more than 750 entries the Encyclopedia encompasses primarily the years since 1945 and defines development broadly addressing not only economics but also civil society and social progress Entries cover the most important theories and measurements of development relate historical events movements and concepts to development both internationally and regionally where applicable examine the contributions of the most important persons and organizations and detail the progress made within geographic regions and by individual countries

Mexico Daniel C. Levy, Kathleen Bruhn, Emilio Zebadúa, 2001 Discusses a variety of issues from electoral reform and accountability to drug trafficking and migration **The Oxford Handbook of Mexican Politics** Roderic Ai Camp, 2012-02-16 A comprehensive view of the remarkable transformation of Mexico's political system to a democratic model The contributors to this volume assess the most influential institutions actors policies and issues in the country's current evolution toward democratic consolidation **Setting the Virgin on Fire** Marjorie Becker, 1996-01-04 In this beautifully written work Marjorie Becker reconstructs the cultural encounters which led to Mexico's post revolutionary government She sets aside the mythology surrounding president L zaro C rdenas to reveal his dilemma until he and his followers understood peasant culture they could not govern This dilemma is vividly illustrated in Michoac n There peasants were passionately engaged in a Catholic culture focusing on the Virgin Mary The Cardenistas inspired by revolutionary ideas of equality and modernity were oblivious to the peasants spirituality and determined to transform them A series of dramatic conflicts forced C rdenas to develop a government that embodied some of the peasants complex culture Becker brilliantly combines concerns with culture and power and a deep historical empathy to bring to life the men and women of her story She shows how Mexico's government today owes much of its subtlety to the peasants of Michoac n **Post Report** , 1980 Series of pamphlets on

countries of the world revisions issued *Department of State Publication*, 1980 **Bridling Dictators** Graeme Gill, 2021 This book offers a new perspective on authoritarian politics Rather than the leadership of the authoritarian political systems being always characterized by arbitrariness fear and struggle for power this book argues that politics of such regimes are structured by a series of rules which bring some consistency and predictability Policing the Mexican Past Javier Trevino-Rangel, 2022-04-21 This book critically examines transitional justice in Mexico It explores how the Mexican democratic regime dealt with the grave human rights violations perpetrated by security forces during the authoritarian era 1929 2000 through a Special Prosecutor's Office It offers a complete account of the diverse factors that facilitated the emergence and policing of Mexico's transitional justice process Whilst transitional justice should contribute to the advancement of liberal democracy and consequently generate the following benefits truth justice political reconciliation peace this book argues that Mexico is a case of transitional injustice It is an example of how in some societies transitional justice mechanisms are intentionally implemented in ways that instead of generating justice produce impunity It makes important contributions to some of the broader debates addressed by scholars on transitional justice and gives them reason to re-examine transitional justice processes in other countries in a new light **A Persistent Revolution** Randal Sheppard, 2016-06 CHAPTER FOUR Carlos Salinas and Mexico's New Era of Solidarity and Concertación SNAPSHOT FIVE Ya basta CHAPTER FIVE Land Liberty and the Mestizo Nation SNAPSHOT SIX Mexico 2010 Let's Celebrate CHAPTER SIX A New Revolution CONCLUSION NOTES BIBLIOGRAPHY INDEX Back Cover *Waking the Dictator* Karl B. Koth, 2002 Waking the Dictator is a study of federalism in late nineteenth century Veracruz State It is also a politico-military analysis and an evaluation of social revolutionary relations in the epoch of the Porfiriato and the Mexican Revolution This study is the first modern comprehensive and analytical history of the Porfiriato and Mexican Revolution in Veracruz *Ranchero Revolt* Ian Jacobs, 2014-05-23 The Mexican Revolution has most often been characterized as the revolt of the oppressed rural masses against the conservative regime of Porfirio Díaz In *Ranchero Revolt* Ian Jacobs challenges this populist interpretation of the Revolution by exploring the crucial role played by the rural middle class rancheros in the organization and final victory of the Revolution Jacobs focuses on the Revolution as it developed in Guerrero the rebellious Mexican state still frequently at odds with central authority His is the first account in English of the genesis and development of the Revolution in this important Mexican state and the first detailed history in any language of Guerrero in the period 1876 to 1940 Stressing as it does the conservative tendencies of the Revolution in Mexico *Ranchero Revolt* is a major contribution to revisionist history It is a striking example of the trend toward local and regional studies of Mexican history that are transforming much of the conventional wisdom about modern Mexico Among these studies however *Ranchero Revolt* is unusual in its chronological scope embracing not only the origins and military struggle of the Revolution but also the emergence of a new revolutionary state in the 1920s and 1930s Especially valuable are Jacobs' descriptions of the agrarian developments that preceded and

followed the Revolution the vagaries of local factions and the process of political centralization that took place first under Díaz and later under the revolutionary regimes The Sonoran Dynasty in Mexico Jürgen Buchenau, 2023-11 Honorable Mention for the 2024 SECOLAS Alfred B Thomas Book Award Two generals from the northwestern state of Sonora Álvaro Obregón and Plutarco Elías Calles dominated Mexico between 1920 and 1934 having risen to prominence in the course of the Mexican Revolution Torn between popular demands for ending the privileges of wealthy foreign investors and opposition by a hawkish U.S. administration and enemies at home the two generals and their allies from their home state mixed radical rhetoric with the accommodation of entrenched interests In *The Sonoran Dynasty in Mexico* Jürgen Buchenau tells the story of this ruling group which rejected the Indigenous and Catholic past during the decades of the revolution and aimed to reinvent Mexico along the lines of the modern and secular societies in western Europe and the United States In addition to Obregón and Calles the Sonoran Dynasty included Adolfo de la Huerta and Abelardo L. Rodríguez four Sonorans among six presidents in less than two decades Although the group began with the common aims of nationalism modernization central political control and enrichment Buchenau argues that this group progressively fell apart in a series of bloody conflicts that reflected broader economic political and social disagreements By analyzing the dynasty from its origins through its eventual downfall Buchenau presents an innovative look at the negotiation of power and state formation in revolutionary Mexico

The Politics of Presidential Term Limits Alexander Baturo, Robert Elgie, 2019 This book examines the politics of presidential term limits It looks at the theory and practice of term limits the experience of term limit avoidance worldwide and the consequences of presidential term limits in all forms of regimes *Revolution and Dictatorship* Steven Levitsky, Lucan Way, 2024-10-29 Why the world's most resilient dictatorships are products of violent revolution *Revolution and Dictatorship* explores why dictatorships born of social revolution such as those in China Cuba Iran the Soviet Union and Vietnam are extraordinarily durable even in the face of economic crisis large scale policy failure mass discontent and intense external pressure Few other modern autocracies have survived in the face of such extreme challenges Drawing on comparative historical analysis Steven Levitsky and Lucan Way argue that radical efforts to transform the social and geopolitical order trigger intense counterrevolutionary conflict which initially threatens regime survival but ultimately fosters the unity and state building that supports authoritarianism Although most revolutionary governments begin weak they challenge powerful domestic and foreign actors often bringing about civil or external wars These counterrevolutionary wars pose a threat that can destroy new regimes as in the cases of Afghanistan and Cambodia Among regimes that survive however prolonged conflicts give rise to a cohesive ruling elite and a powerful and loyal coercive apparatus This leads to the downfall of rival organizations and alternative centers of power such as armies churches monarchies and landowners and helps to inoculate revolutionary regimes against elite defection military coups and mass protest three principal sources of authoritarian breakdown Looking at a range of revolutionary and nonrevolutionary regimes from across the globe *Revolution*

and Dictatorship shows why governments that emerge from violent conflict endure *Presidents, Parties, and Prime Ministers* David J. Samuels, Matthew S. Shugart, 2010-05-17 This book provides a framework for analyzing the impact of the separation of powers on party politics Conventional political science wisdom assumes that democracy is impossible without political parties because parties fulfil all the key functions of democratic governance They nominate candidates coordinate campaigns aggregate interests formulate and implement policy and manage government power When scholars first asserted the essential connection between parties and democracy most of the world's democracies were parliamentary Yet by the dawn of the twenty first century most democracies had directly elected presidents David J Samuels and Matthew S Shugart provide a theoretical framework for analyzing variation in the relationships among presidents parties and prime ministers across the world's democracies revealing the important ways that the separation of powers alters party organization and behavior thereby changing the nature of democratic representation and accountability

Labyrinths Of Power Political Recruitment In Twentieth Century Mexico Introduction

In today's digital age, the availability of Labyrinths Of Power Political Recruitment In Twentieth Century Mexico books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Labyrinths Of Power Political Recruitment In Twentieth Century Mexico books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Labyrinths Of Power Political Recruitment In Twentieth Century Mexico books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Labyrinths Of Power Political Recruitment In Twentieth Century Mexico versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Labyrinths Of Power Political Recruitment In Twentieth Century Mexico books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Labyrinths Of Power Political Recruitment In Twentieth Century Mexico books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Labyrinths Of Power Political Recruitment In Twentieth Century Mexico books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT

OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Labyrinths Of Power Political Recruitment In Twentieth Century Mexico books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Labyrinths Of Power Political Recruitment In Twentieth Century Mexico books and manuals for download and embark on your journey of knowledge?
