of loot The time Billy Bob and one of his sons chased all the blacks out of the Birmingham welfare office How Billy Bob managed to prevent his lesbian daughter from marrying a 50 year old woman The story of when Billy Bob ran for mayor of Birmingham How two of the family members became local heroes in the pro wrestling circus During this year the family ran into a number of celebrities as well and these encounters are retold in full detail Hopefully reading the book will bring many hours of enjoyment and perhaps even spark a debate about freedom of speech Speaking of free speech prior to the publication of this novel certain well known voices in American public life demanded that their commentary on the book would be included with its distribution The author had no problems with including them and their messages are listed below Once again the white devil has put his racist sentiments on display for all of us to see Peaceful activists such as myself are doing the best we can to let our nation heal the wounds it s suffered under white supremacist rule then this book comes along and ruins it all A Sharpton This book will singlehandedly set us back at least 50 years in the struggle for women s liberation Not a single woman in this book has a career or works for a living and even worse the family s lesbian daughter is constantly bullied throughout the whole book J Fonda This is an outrage In spite of a lifetime spent fighting for civil rights I m being scoffed and ridiculed in the pages of this book Us blacks need to picket the Capitol over this J Jackson I fear that after this book has been widely circulated even more young queers than today will make that tragic step into the great beyond by taking their own lives tormented by homophobia Before you buy this book think of the children D Savage I feel that the language and the narrative elements of this book are very racially divisive and that they re entirely inappropriate for 21st century America I m especially appalled at the disrespectful references to me as a person and I urge you not to buy the book B H Obama For more information go to alabamastory.com Bulletin on Narcotics ,2000 **SPIN** ,1989-12 From the concert stage to the dressing room from the recording studio to the digital realm SPIN surveys the modern musical landscape and the culture around it with authoritative reporting provocative interviews and a discerning critical ear With dynamic photography bold graphic design and informed irreverence the pages of SPIN pulsate with the energy of today s most innovative sounds Whether covering what s new or what s next SPIN is your monthly VIP pass to all that rocks
