Joyce A. Madancy, 2020-03-23 In 1908 a very public crusade against opium was in full swing throughout China and the provincial capital and treaty port of Fuzhou was a central stage for the campaign This the most successful attempt undertaken by the Chinese state before 1949 to eliminate opium came at a time when according to many historians China's central state was virtually powerless This volume attempts to reconcile that apparent contradiction The remarkable albeit temporary success of the anti opium campaign between 1906 and 1920 is as yet largely unexplained How these results were achieved how that progress was squandered and why China's opium problem proved so tenacious are the questions that inspired this volume The attack on this social problem was led by China's central and provincial authorities aided by reformist elites and seemingly supported by most Chinese The anti opium movement relied on the control and oversight provided by a multilayered state bureaucracy the activism and support of unofficial elite led reform groups the broad nationalistic and humanitarian appeal of the campaign and the cooperation of the British government The extent to which the Chinese state was able to control the pace and direction of the anti opium campaign and the evolving nature of the political space in which elite reformers publicized and enforced that campaign are the guiding themes of this analysis

Kinkley, 2014-11-18 The depiction of personal and collective suffering in modern Chinese novels differs significantly from standard Communist accounts and many Eastern and Western historical narratives Writers such as Yu Hua Su Tong Wang Anyi Mo Yan Han Shaogong Ge Fei Li Rui and Zhang Wei skew and scramble common conceptions of China's modern development deploying avant garde narrative techniques from Latin American and Euro American modernism to

project a surprisingly un Chinese dystopian vision and critical view of human culture and ethics The epic narratives of modern Chinese fiction make rich use of magical realism surrealism and unusual treatments of historical time Also featuring graphic depictions of sex and violence as well as dark raunchy comedy these novels reflect China s recent history re presenting the overthrow of the monarchy in the early twentieth century and the resulting chaos of revolution and war the recurring miseries perpetrated by class warfare during the dictatorship of Mao Zedong and the social dislocations caused by China s industrialization and rise as a global power This book casts China s highbrow historical novels from the late 1980s to the first decade of the twenty first century as a distinctively Chinese contribution to the form of the global dystopian novel and consequently to global thinking about the interrelations of utopia and dystopia *Remapping the Past* Howard Yuen Fung Choy, 2008 This study investigates how writers of Deng Xiaoping s China undermined the grand narrative of official history by rewriting the past It showcases fictions of history by eleven Chinese Muslim and Tibetan authors in terms of spatial schemes of fictional historiography **Ghosts, Stories, Histories** Sladja Blazan, 2007 A collection that combines academic reflections on ghost stories from the 17th century to the ghosts in the machine This work associates primary texts with Anglo American narratives even when these belong to the Chinese or African tradition as in the case of the American appropriation of Zhang Yimou s adaptation of *Raise the Red Lantern* **Cultural Representations of the Second Wife** Jo Parnell, 2023-12-11 Cultural Representation of the Second Wife Literature Stage and Screen is a multifaceted interdisciplinary cross cultural work that provides insights into the realities of second wives the world over This book allows the reader a three dimensional view of the second wife experience It asks What does it mean and what does it feel like to be a second wife in a polygamous union or in a monogamous partnership Is there a difference Together the writers in this book cleverly create an in depth study of the subject through the productions referred to in the title to offer a different approach to the popularly held views of the second wife The book addresses the intricacies customs practices and lifestyles of the various Eastern and Western cultures and demonstrates the abilities of the Humanities to connect and interrelate with other disciplines as well as with the reader s own world
