The Banished Princess Kristi Hawes, 2017-04-03 In Nah Alba where all magic was once revered now is deeply feared Where magic was once free it was now punishable by death King Albion had turned his father's once peaceful kingdom into one of fear and terror Anyone and everyone accused of doing magic was put to death With the death of his sister and her family his world was now changing He was not responsible for the life of his crippled niece and when the accusations fly of her using magic his love is put to the test Will he put to death his beloved Aryana Or will he spare her life When she first came to live with Albion he thought she was too frail and weak to have magic As secrets are exposed and enemies are brought to light tragedy strikes Nah Alba again **ANThology 4 The Banished Princess** James Malcolm, 2014-01-14 The flag was flapping held high in the air by Ricky as the ants rounded the corner of the barn on their new mission to save Rusty from the wrath of the queen Ricky couldn't have been happier after missing out on the last adventure because of his sore leg Digger and Luna raced across the dirt behind the barn along with their forty passengers The rescuers were on their way to the expanse of the field and the forest beyond which held the bleak colony of the Black Queen The rabbit and the mouse kicked up a cloud of dust as they galloped toward the fence line encompassing the grassy meadow The ants had become very familiar with the sights of the field having spent so much time exploring it from the ground or in the air on their past adventures While most of the ants had experienced the wild ride on the two critters there were a few rookies who spent as much time in the air as they did sitting down The new recruits hung on for dear life as they entered unfamiliar territory for the first time Supernatural Shakespeare J. Malcolm,2013-04 Leap of Faith It was late morning the birds were singing and all but a few were still asleep The colony had worked as hard as they played and the late night fun had taken its toll on everyone The events of the day before were a huge success with games and pageantry along a few surprises thrown in Digger Luna and Cocoa had slept outside near the ponds and were joined by Amy Austin Ricky and Chord who were the first of early risers The cricket was very impressed by the ants They were everything the rabbit had said they were He was intrigued by their creative nature and fascinated with their determination I d never been to a party like yours until last night I played so hard and had so much fun my legs are a little sore this morning Chord admitted We ve never had a party like that before but I know what you mean With all the running and dancing my legs are tired too Ricky replied I may be the only one who s not exhausted I guess it s because I didn t have a dance partner but my throat is a little dry from all my whistling the rabbit shared Digger told me you guys are looking for your queen Chord said We were but we ve got one now Amy teased What do you need a queen for You ve already got everything you could possibly want This might sound strange to you but it s the queen who needs us Austin answered Nothing is strange to me anymore not after yesterday I hadn t considered the queen needing you but I see your point We have a lot of knowledge to share which would improve her colonies quality of life and possibly insure their survival Every colony should have a queen and it s the one thing we don t have Austin explained I ve seen ants along the creek and near the woods several times but I don t know where they come from Chord admitted They ve crossed the meadow through my mushroom patch too I think the colony is somewhere along the fence line Digger added I appreciate all the information We haven t decided when we ll resume our search but I m sure it will be in the very near future Austin shared The friends departed for home a short time later before everyone else woke up Life in the colony had changed forever The city was as complete as it could be and the timetable of future projects was virtually nonexistent They were proud of all they had accomplished in such a short time but now the challenge was missing for some of the educated ants It wasn t that they were unhappy for life had been good but their desire had always been to find their queen Having time on their hands gave them more thoughts about reaching that goal They knew they had to resume their quest for a queen They could feel the desire in their heart and soon it would be time to leave again The original nine ants met with Adam and James in a private meeting away from the colony It was their quest and they couldn t expect the rest of the colony to participate since they hadn t missed having a queen and done quite well This was personal and dear to their hearts James would have to run the colony in their absence Agnes was adamant about staying behind She had experienced enough excitement for a lifetime just in reaching the barn and had no desire for the drama of a quest She had everything she needed and wanted nothing more Louise was still fulfilling her dream as a seamstress and there was definitely a need for her services She wanted to go but her heart was in her work Christian wanted to stay where the food was He didn t want to worry about his next meal Besides he couldn t think when he was hungry Adam on the other hand wanted to go He d never been on a real adventure before and wanted to live it

for himself rather than hear the stories told through someone else He begged his dad to let him go and James agreed knowing

Anthology 6 James Malcolm,2015-09-22

Uniting the five colonies was critical for the freedom fighters to overcome the dominance of the Black Queen Standing together they had a chance to determine their own destiny but apart there was little hope of escaping the tyranny of Casandras ghastly domination and with Silver Citys queen lost in the storm there was no one else who could convince the outlying colonies to stand against the two wicked sisters The termite queen couldnt do it since she was a natural born enemy and no other ant held a high enough rank to address such issues with ruling monarchs Queen Amy had to be found before it was too late to prevent the looming annihilation of her colony or others and the freedom fighters were using every resource at their disposal to find out what happened to their influential queen who was brave enough to defiantly stand against her own mother

The Ancient History Charles Rollin,1844 **Language Arts** Stephanie Kallos,2018-06-01 A novel that is utterly absorbing and full of wit with a doozy of a twist An all around delight Maria Semple author of Where d You Go Bernadette Charles Marlow teaches his high school English students that language will expand their worlds But linguistic precision cannot help him connect with his autistic son his ex wife or his college bound daughter who has just flown the nest He s at the end of a road he s traveled on autopilot for years when a series of events forces him to think back on the lifetime of decisions and indecisions that have brought him to this point With the help of an ambitious art student an Italian speaking nun and the memory of a boy in a white suit who inscribed his childhood with both solace and sorrow Charles may finally be able to rewrite the script of his life From the national bestselling author of Broken for You Language Arts is an affecting tale of love loss and language its powers and its perils **Anthology 8** James Malcolm,2017-06-12 This is the last publication in The Anthology series and the authors eleventh release For more information visit Bing James Malcolm Book Collection Life is an adventure Enjoy the ride *Anthology 2 Birth of Silver City* James Malcolm,2012-12-21 This is James second ongoing self published series publication Phoenix Quest The Medallions The Ring and The feather is the first book of adult fantasy fiction trilogy released in 2011 Currently James is finishing up a third series entitled the Undine Trilogy Life is an adventure enjoy the ride [ANThology 5](#) James Malcolm,2014-02 Queen Amy and the freedom fighters of Silver City knew it was only a matter of time before they d be forced to faceoff against the overwhelming numbers of her mother s invading black army Queen Cassandra s soldiers were slowly crossing the breadth of the grassland to meet their rivals on the field of battle and wipe out the impertinent threat once and for all The Black Queen s prior encounters with the upstart colony had challenged her authority and disrespected her status as territorial monarch which was a matter of opinion between the two sides leaving Amy s mother no other choice but to confront her daughter face to face The imminent invasion was all about power control and covering up the deep dark secrets from the past While the evil monarch had the larger force capable of easily crushing her adversaries Silver City s freedom fighters weren t about to go down quietly They knew intelligence and a creative

imagination were their strengths and using them to outsmart an overconfident black army was their only hope but a good one The colony had a few surprises waiting for their uninvited guests and allies who believed in their cause which with a little luck could change the outcome in their favor *THE CHEAT CODE* Misba,2023-05-26 After the terrible encounters with the war heroes the Intuitionist is on the verge of breaking all promises she gave to her friends and her family Worse both the war heroes might become aware of her power her intuition for she is their shortcut their cheat code As the Monk looks into the Oldest Dance he nearly discovers the first language of mankind or perhaps the first language on earth It could take him to the Source he believes But he can't do that without the Devil's Book the book that now belongs to the Mesmerizer Soon enough they realize that none may find what they seek unless they have the power to guess things right Soon enough they know who might be their Cheat Code to achieve it all And thus the Intuitionist fights the whispers of the ones with voice Her purpose calls her but she has her life to deal with a life that is too trivial compared to the ones who want her home And it's not easy when she must handle all promises she has made not when the oldest dance of the universe whispers in her dreams and when the Devil's Book calls her still In a world of voice where High Grades are too proud to lie a promise made verbally is stronger than a red seal So she must leave her mother's nest while keeping her promises and in her journey she must be aware of the whispers of the war heroes What the Critiques and Reviewers are saying about it A SLAP NOT A WHIP THE WHIP BELONGS TO TYRANTS AND MASTERS DANGEROUSLY TRUE SCARILY PROPHETIC Phoenix Quest 2 Journey to the Underworld James Malcolm,2014-01-14 The Abduction Prince Aiden and Princess Ariana were busy making preparations to celebrate the wonder of their first anniversary The year had flown by fulfilling their every dream Aiden had adapted well to the expectations and demands of royalty along with fatherhood Angus two months old was the pride and joy of the monarchy The marriage and parenthood brought out the softer side of the blacksmith His son looked much like him and he held his legacy as often as possible Princess Camille loved being a first time aunt spending as much time as she could with Ariana and the baby The king and Gideon reflected their approval but usually at a distance Aiden had relocated his blacksmith trade inside the perimeter of the castle walls training his two replacements while using the forge from time to time to satisfy a more creative nature His travels had shown him a wide array of artistic applications for his craft and a use that had yet to be satisfied in the kingdom Aiden designed plates bowls mugs and a variety of hand tools most of which were given away after fulfilling the needs of the royal family Surprisingly he'd given his cottage to a village family whose child had told the best story at one of his weekly gatherings The prince had become a farmer as well having recently harvested his first crop of corn He'd dried kernels for the evenings anniversary festivities in the courtyard It would be his first presentation of pop corn since his return from the quest He could hardly wait to see the reaction his new treat would have on the children and the prince planned to hand kernels out to the villagers for the next years planting Times were good and spirits high in the realm where the future looked promising for all King Darian commissioned the kingdom's first ship The vessel was built of the finest wood

with help from the Egyptian carpenters It was a beauty to behold equal in size to the Argo and the ship would open the island up to trade with countries in the inland sea Jib supervised the raising of the ship and became the kingdoms first captain through kings decree The ship was christened the Phoenix to honor Aiden's quest and his daughter's royal marriage It was the first of six vessels commissioned by the king with shipbuilding and global trade escalating the rapid growth of the small inadequate anchorage Scota sailed back to Egypt aboard the Phoenix on its maiden voyage at her father's request and having lost any other reason to stay Everything changed for her with the emotional loss of her husband at the hands of the Nordics The princess carried the phoenix feather on the return to her homeland fulfilling Aiden's commitment to Queen Nefertiti King Darian opened her old settlement up for villagers to recolonize and also began construction of a larger seaport capable of handling the increased demands of the realm The new harbor's location was near the mouth of a small river less than a mile from the castle While plans for the anniversary celebration were being finalized Aiden went to the gatehouse to pay the wizard a visit He hadn't seen Edric since just after his son was born He took dried corn kernels from the crop the wizard had helped him plant to show the magician some of his own magic Edric hadn't been as preoccupied with his magic mirror since the quest had concluded spending much of his time grooming his own garden When there was no answer at the door the prince walked to the backside of the gatehouse finding the wizard clipping roses from his prized bushes
