Alfred C Kinsey A Life:

Alfred C. Kinsey: A Life James H. Jones, 2004-11-02 James H Jones reveals in this biography that the public image of disinterested biologist Alfred Kinsey was in fact a carefully crafted persona The Kinsey who emerges in these pages was a social reformer and a zealot who devoted his every waking hour to the destruction of sexual repression [Sex the Measure of All Things](#) Jonathan Gathorne-Hardy, 2000 The life story of the sex researcher whose statistics were so extensive that only ten percent went into his two published books and most of the data is still being actively mined today Jacket [Alfred C. Kinsey](#) James Howard Jones, 1997 In this brilliant biography of sex researcher Alfred C Kinsey Jones unlocks the long closed archives of the Kinsey Institute to present a moving even shocking portrait of the man who pierced the veil of reticence surrounding human sexuality Here is an incisive portrait that truly separates the myth from the man Shows that the public image of disinterested biologist cultivated by Kinsey was a carefully crafted public persona The Kinsey who emerges here was a social reformer who devoted his every waking hour to the destruction of sexual repression Kinsey s life is much more than the story of a scientist who sparked the cultural debate of our century His odyssey illustrates in microcosm the transition from Victorian to modern times Photos **Alfred C. Kinsey** Jonathan Gathorne-Hardy, 2005 A biography of the American sexologist biologist and professor of entomology and zoology **Alfred C. Kinsey** James Howard Jones, 2002-12-01 **Bisexual Perspectives on the Life and Work of Alfred C. Kinsey** Ron Suresha, 2016-02-22 The books commonly known as the Kinsey Report were Dr Alfred C Kinsey s monumental scientific publishing achievement in 1948 often compared to the atomic bomb for its impact on the American public On the sexagennial anniversary of the publication of *Sexual Behavior in the Human Male* this book focuses on Alfred C Kinsey s work and life Sixteen chapters consider the Kinsey legacy tracing the development of modern American bisexuality and posing an intriguing and illuminating look at many aspects of bisexuality in Kinsey s life as depicted and lived in popular biographical culture and media Contributors to this stellar collection of outstanding writing include the final surviving member of Kinsey s original research team Dr Paul H Gebhard PhD as well as leading names in the fields of sex research GLBTIQA activism and bisexual writing This book was published as a special issue of the *Journal of Bisexuality* and was a Finalist for the Lambda Literary Award for Excellence in Bisexual Literature **Dr. Kinsey and the Institute for Sex Research** Wardell Baxter Pomeroy, 1982-01-01 Biografie van Alfred Kinsey 1894 1956 oprichter van het Kinsey Instituut waar baanbrekend werk werd verricht op het gebied van homo seksualiteit *Tribades, Tommies and Transgressives; History of Sexualities* Sonja Tiernan, 2009-03-26 The annual Lesbian Lives conference has been held in University College Dublin since 1993 The success of the conference held in 2006 entitled *Historicising the Lesbian* inspired this collection of essays From the dozens of papers delivered the chapters chosen for inclusion in this volume cover a wide period in history from the medieval to the very modern a huge range of subject areas and diverse historical interests The many subjects areas dealt with will allow a

widening of our knowledge of lesbian history and encourage more in depth investigation into the many issues raised within

Manhood and American Political Culture in the Cold War K.A. Cuordileone, 2012-11-12 Manhood and American Political Culture in the Cold War explores the meaning of anxiety as expressed through the political and cultural language of the early cold war era Cuordileone shows how the preoccupation with the soft malleable American character reflected not only anti Communism but acute anxieties about manhood and sexuality Reading major figures like Arthur Schlesinger Jr Adlai Stevenson Joseph McCarthy Norman Mailer JFK and many lesser known public figures Cuordileone reveals how the era's cult of toughness shaped the political dynamics of the time and inspired a reinvention of the liberal as a cold warrior *The*

Kinsey Institute Judith A. Allen, Halliameda E. Allinson, Andrew Clark-Huckstep, Brandon J. Hill, Stephanie A. Sanders, Liana Zhou, 2017-09-01 An in depth history of Alfred Kinsey's groundbreaking Institute for Sex Research and the cultural awakening it inspired in America it has no rival Angus McLaren While teaching a course on Marriage and Family at Indiana University biologist Alfred Kinsey noticed a surprising dearth of scientific literature on human sexuality He immediately began conducting his own research into this important yet neglected field of inquiry and in 1947 founded the Institute for Sex Research as a firewall against those who opposed his work on moral grounds His frank and dispassionate research shocked America with the hidden truths of our own sex lives and his two groundbreaking reports Sexual Behavior in the Human Male 1948 and Sexual Behavior in the Human Female 1953 both became New York Times bestsellers In The Kinsey Institute The First Seventy Years Judith A Allen and her coauthors provide an in depth history of Kinsey's groundbreaking work and explore how the Institute has continued to make an impact on our culture Covering the early years of the Institute through the Sexual Revolution into the AIDS pandemic of the Reagan era and on into the internet hook up culture of today the book illuminates the Institute's enduring importance to society *The Quest for the Inner Human* Steven H.

Propp, 2013-12-03 Psychology means the study of the soul it is the social science concerned with investigating who we are why we have certain feelings and why we do the things we do Are we no more than a vast assembly of nerve cells and their associated molecules Is biology our genetic inheritance destiny or does social upbringing play a crucial role What are the roles played by Nature and by Nurture Are we purely physical beings or is there an aspect that can be called spiritual This thought provoking novel takes you on a journey of intellectual and emotional exploration considering along the way questions that we've all asked ourselves such as Is it true that we only use 10% of our brains Does playing classical music for infants increase their intelligence Do crime rates go up during a full moon Can hypnosis or post hypnotic suggestions make us do something we wouldn't normally do Does subliminal advertising influence us to buy products Are our memories stored indelibly almost like a tape recorder What causes memory lapses as we age Can repressed traumatic memories be recovered through hypnosis Do some people have multiple personalities How can I tell if someone has a neurosis or a psychosis Do men have an inner feminine side and women an inner masculine Are there innate psychological differences between males and

females The four main characters in this book will guide you through a diverse and sometimes bewildering world of differing approaches to answering such questions such as Freudian Jungian and Adlerian Humanistic Existential and Transpersonal as well as Cognitive Emotive and Behaviorist Along the way you will learn about the developmental stages proposed by psychologists such as Erikson Kohlberg Piaget and Fowler and even explore some of the questions currently being asked by both neuroscientists and philosophers of the mind Start reading to begin your study of our innermost selves

Invented Lives, Imagined Communities William H. Epstein, R. Barton Palmer, 2016-06-06 Biopics films that chronicle the lives of famous and notorious figures from our national history have long been one of Hollywood's most popular and important genres offering viewers various understandings of American national identity *Invented Lives Imagined Communities* provides the first full length examination of US biopics focusing on key releases in American cinema while treating recent developments in three fields cinema studies particularly the history of Hollywood national identity studies dealing with the American experience and scholarship devoted to modernity and postmodernity Films discussed include Houdini Patton The Great White Hope Bound for Glory Ed Wood Basquiat Pollock Sylvia Kinsey Fur Milk J Edgar and Lincoln and the book pays special attention to the crucial generic plot along which biopics traverse and showcase American lives even as they modify the various notions of the national character

Private Practices Naoko Wake, 2011-03-09 *Private Practices* examines the relationship between science sexuality gender race and culture in the making of modern America between 1920 and 1950 when contradictions among liberal intellectuals affected the rise of U S conservatism Naoko Wake focuses on neo Freudian gay psychiatrist Harry Stack Sullivan founder of the interpersonal theory of mental illness She explores medical and social scientists conflicted approach to homosexuality particularly the views of scientists who themselves lived closeted lives Wake discovers that there was a gap often dramatic frequently subtle between these scientists public understanding of homosexuality as a disease and their personal private perception which questioned such a stigmatizing view This breach revealed a modern culture in which self awareness and open mindedness became traits of mature gender and sexual identities Scientists considered individuals of society lacking these traits to be immature creating an unequal relationship between practitioners and their subjects In assessing how these dynamics the disparity between public and private views of homosexuality and the uneven relationship between scientists and their subjects worked to shape each other *Private Practices* highlights the limits of the scientific approach to subjectivity and illuminates its strange career sexual subjectivity in particular in modern U S culture

Make Love, Not War David Allyn, 2016-05-23 When Helen Gurley Brown's *Sex and the Single Girl* hit bookstores in 1962 the sexual revolution was launched and there was no turning back Soon came the pill the end of censorship the advent of feminism and the rise of commercial pornography Our daily lives changed in an unprecedented time of sexual openness and experimentation *Make Love Not War* is the first serious treatment of the complicated events ideas and personalities that drove the sexual revolution forward Based on first hand accounts diaries

interviews and period research it traces changes in private lives and public discourse from the fearful fifties to the first tremors of rebellion in the early sixties to the heady heyday of the revolution Bringing a fresh perspective to the turbulence of these decades David Allyn argues that the sexual revolutionaries of the 60s and 70s by telling the truth about their own histories and desires forced all Americans to re examine the very meaning of freedom Written with a historian s attention to nuance and a novelist s narrative drive *Make Love Not War* is a provocative vivid and thoughtful account of one of the most captivating episodes in American history Also includes an 8 page insert **Encyclopedia of Lesbian and Gay Histories and Cultures** George Haggerty, Bonnie Zimmerman, 2003-09-02 Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this Encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavours While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly different ways To reflect this crucial fact the Encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written by some of the most famous names in the field as well as new researchers this is intended as a reference for students and scholars in all areas of study as well as the general public

Culture Wars Roger Chapman, 2010 Although openness and inclusion are cornerstones of life in the United States intolerance and reactionary politics are also very real As the nation prepares to elect a new president *The Culture Wars* addresses the key defining issues of contemporar *Black Terror White Soldiers* David Livingstone, 2013-06-16 Far too ignorant of the histories of the rest of the world being aware of only the accomplishments of Greece Rome and Europe Westerners have been made to believe that their societies represent the most superior examples of civilization However the Western value system stems from a misconception that as in nature human society too is evolving The idea derives from the hidden influence of secret societies who followed the belief in spiritual evolution of the Kabbalah which taught that history would attain its fulfillment when man would become God and make his own laws Therefore the infamous Illuminati gave its name to the Enlightenment of the eighteenth century which claimed that human progress must abandon superstition meaning Christianity in favor of reason Thus the Illuminati succeeded in bringing about the French and American revolutions which instituted the separation of Church and State and from that point forward the Western values of Humanism seen to include secularism human rights democracy and capitalism have been celebrated as the culmination of centuries of human intellectual evolution This is the basis of the propaganda which has been used to foster a Clash of Civilizations where the Islamic world is presented as stubbornly adhering to the anachronistic idea of theocracy Where once the spread of Christianity and civilizing the world were used as pretexts for colonization today a new White Man s Burden makes use of human rights and democracy to justify imperial aggression However because after centuries of decline the Islamic world is incapable of mobilizing a defense the Western powers as part of their age old strategy of Divide and Conquer have fostered

the rise of Islamic fundamentalism to both serve as agent provocateurs and to malign the image of Islam These sects known to scholars as Revivalists opposed the traditions of classical Islamic scholarship in order to create the opportunity to rewrite the laws of the religion to better serve their sponsors Thus were created the Wahhabi and Salafi sects of Islam from which were derived the Muslim Brotherhood which has been in the service of the West ever since But the story of the development of these Islamic sects involves the bizarre doctrines and hidden networks of occult secret societies being based on a Rosicrucian myth of Egyptian Freemasonry which see the Muslim radicals as inheritors of an ancient mystery tradition of the Middle East which was passed on to the Knights Templar during the Crusades thus forming the foundation of the legends of the Holy Grail These beliefs would not only form the cause for the association of Western intelligence agencies with Islamic fundamentalists but would fundamentally shape much of twentieth century history Intellectual Morons Daniel J. Flynn, 2004-09-21 Why do well educated antiwar activists call the president of the United States the new Hitler and argue that the U S government orchestrated the September 11 attacks Why does Al Gore believe that cars pose a mortal threat to the security of every nation Why does the Princeton professor known as the father of the animal rights movement object to humans eating animals but not to humans having sex with them and why does PETA defend that position In other words why do smart people fall for stupid ideas The answer Daniel J Flynn reveals in Intellectual Morons is ideology Flynn the author of Why the Left Hates America shows how people can be so blinded to reality by the causes they serve that they espouse bizarre sometimes ridiculous and often dangerous positions The most influential social movements have spawned ideologues who do not care whether an idea is good or bad true or false but only whether it can serve their cause It is startling how many Americans and particularly how many media academic and political elites fall for bad ideas The trouble is their lies become institutionalized as truth and we all suffer as a result In Intellectual Morons Flynn reveals How rabid anti Americans simply parrot the delusional claims of a few gurus How the environmental movement spawned by a scientist whose doomsday predictions are almost always wrong has bred fanaticism stupidity and dishonesty How the hero of the animal rights crowd is a crank who promotes infanticide and euthanasia How a scientific fraud and pervert launched the sexual revolution How abortion rights activists ignore or cover up the fact that their matron saint advocated eugenics and concentration camps How our universities have become hothouses of leftist ideology How historians and journalists have airbrushed history to turn a racial separatist into a civil rights icon Filled with jaw dropping lapses in common sense from even our most celebrated opinion leaders Intellectual Morons is a welcome reality check for the glaring excesses of today s political and cultural debates This is a sophisticated pile driver of a book guiding us through the wiles of great luminaries of the netherworld And such liveliness in the writing and such erudition I was quite fascinated by Intellectual Morons William F Buckley Jr Intellectual Morons is exceptionally aptly named The thought of all that brainpower going down the intellectual drain is sad but Daniel Flynn s description of it is hilariously on point This is must reading G Gordon Liddy Intellectual Morons is a

delight a wonderful intellectual history of the past hundred years Flynn ably describes the purveyors of the bad ideas that have undermined our free society Burton W Folsom Jr professor of history Hillsdale College A famous bit of folk wisdom says You ve got to stand for something or you ll fall for anything Some of the crackpot notions now fashionable in academic circles as here documented by Daniel Flynn suggest that saying is an understatement If you want to know how crazy and scary intellectual morons can get you have to read this book M Stanton Evans author of The Theme Is Freedom contributing editor to Human Events **Masked Voices** Craig M. Loftin,2012-04-01 An analysis of unpublished letters to the first American gay magazine reveals the agency adaptation and resistance occurring in the gay community during the McCarthy era

Bisexuality and Queer Theory Jonathan Alexander,Serena Anderlini-D'Onofrio,2014-04-10 According to David Halperin sexuality in our time is typified by a crisis in contemporary sexual definition What is sexuality What does it mean to have a sexual identity or orientation What is the relationship between sexuality as a knowledge construct on one hand and the often messy flows of desire and practices of love on the other How and why are some sexual erotic and intimate practices normalized and others marginalized Queer Theory has emerged in the West as one of the most provocative analytical tools in the humanities and social sciences It scrutinizes identity and social structures that take heteronormativity for granted that do not question the social construction of heterosexuality as normative in relation to its oppositional binary homosexuality At the same time bisexuality is a practice identity and orientation that challenges the binary logic around which cultural notions of sexuality are organized It is a portal to the imagination of a world of amorous expression beyond that divide This provocative collection presents bisexuality and queer theory as two parallel thought collectives that have made significant contributions to cultural discourses about sexual and amorous practices since the onset of the AIDS era and explores the ideas that circulate in these thought collectives today We learn much about the construction and experience of sexuality and the power it still holds throughout the contemporary Western world to shape identities and practices This volume challenges our understanding of what it means to be sexual to have a sexual identity and to practise the arts of loving This book was originally published as a special issue of the Journal of Bisexuality
