Algarvalypto Mauritius, 2015-12-12 A rogue submarine commander on a mission with a nuclear armed submarine causes a huge tsunami when he blows up the Canary Islands Death and destruction follows in the wake of the giant wave unlike any seen before in living history Unfortunately the mad submariner's evil plan to punish the world for past deeds not only causes a tsunami it unleashes the toys of the insane as a virus is released that attacks mankind Drowning in the initial wave might be a better option than surviving the zombie apocalypse that comes after Dying at the hands of the undead might be an even better option than facing the remains of mankind *The Place-names of Mauritius.
