the 1300cc models that was previously included in Technical Specifications section of both the ring bound and softbound workshop manuals However in 1962 the Giulietta sport models Sprint Sprint Special and Spider were fitted with the new 1600cc engine and the Giulietta Series 101 name was dropped but they continued to be sold under the Giulia name as 101 Series vehicles until they were replaced by the all new 105 Series Giulia based models in 1965 Consequently for the sake of completeness the 20 page October 1963 Technical Characteristics booklet Part No 955 1000 copies for the 1600cc Giulia Ti Spider Sprint and the 7 page October 1964 Technical Characteristics for the Giulia Spider Veloce should be a required addition to this list of manuals for the 750 and 101 Series models **Alfa Romeo** Peter Russek,1970 Alfa Romeo Gtv Oxyger's Designs,2021-01-03 Indispensable to any owner of a Alfa Romeo GTVi this booklet will allow you to follow the repair and maintenance of your car On a hundred pages you will be able to note all the hours spent restoring your GTV register all the parts that you have changed or repaired and note your observations At the end of the notebook a page is reserved to write down your addresses of garages craftsmen or spare parts sellers Alfa Romeo Autobook One Harold T.
