Bloody Lies A Csi Scandal In The Heartland:

Bloody Lies John Ferak, 2014 The remote farming community of Murdock Nebraska seemed to be the least likely setting for one of the heartland's most ruthless and bloody double murders in decades. In fact, the little town had gone more than a century without a single homicide. But on the night of Easter 2006, Wayne and Sharmon Stock were brutally murdered in their home. The murders garnered sensational frontpage headlines and drew immediate statewide attention. Practically everybody around Murdock was filled with fear, panic, and outrage. Who killed Wayne and Sharmon Stock? What was the motive? The Stocks were the essence of Nebraska's all-American farm family: self-made, God-fearing, and of high moral character. Barely a week into this double murder investigation, two arrests brought a sense of relief to the victims' family and to local residents. The case appeared to fall neatly into place when a tiny speck of murder victim Wayne Stock's blood appeared in the alleged getaway car. Then an obscure clue left at the crime scene took the investigation down a totally different path, stretching into Iowa, Louisiana, New York, Texas, and Wisconsin. By the time this investigation was over, the charges against the original suspects were dismissed, and two new individuals emerged from the shadows. Author John Ferak covered the Stock murders from the very beginning, including all of the trial proceedings. When the criminal prosecution finally ended in 2007, he remained puzzled by one nagging question: Why was the blood of victim Wayne Stock in a car that was ultimately proven to have no connection to the murders? Over the next few years, the astonishing bloody lies were revealed, culminating in a law enforcement scandal that turned the case on its head and destroyed the career of Nebraska's celebrated CSI director, David Kofoed.

Body of Proof John Ferak, 2015-07-11 The award-winning journalist and author of *Dixie's Last Stand* delves into a troubling murder trial gone wrong in this superbly crafted true crime. Jim Hollock, author of *Born to Lose*, when Jessica O'Grady met Christopher Edwards, she was a starry-eyed Nebraska college girl in search of Mr. Right, and Edwards had a dark and deceitful soul. In May of 2006, Jessica's mystifying disappearance and a blood-soaked mattress sparked a state-wide media frenzy. Enter Douglas County Sheriff's CSI stalwart Dave Kofoed, a man so driven to solve high-profile murders that he had twice before planted false evidence. With public pressure high, Kofoed knew he had to act fast. But while Edwards was known to be the prime suspect, the baffling disappearance of the body and weapon made his guilt nearly impossible to prove. And when Edwards finally did face trial, his defense had questions about the forensic evidence used against their client. In *Body of Proof*, investigative journalist John Ferak explores why the case of Jessica O'Grady's disappearance remains controversial in this compelling account. Peter Vronsky, author of *Serial Killers: The Method and Madness of Monsters*. **Dixie's Last Stand**

John Ferak, 2015-01-15 The true crime author of *Body of Proof* investigates the case of an Iowa woman charged with murder for killing her abusive husband, Scott. Dixie Shanahan lived in a gray ranch along Third Avenue in the sleepy Midwestern town of Defiance, Iowa. With a population of less than 400, everyone in Defiance knew the home for its recurring episodes of screaming mayhem and horrific domestic violence. Then one day, Scott Shanahan was gone. Some thought the abusive

husband had packed his bags and left town After months went by with still no sign of the volatile wife beater people began to ask questions But what really happened to him was so shocking that even long time law enforcement officials were aghast by the sight and awful smell When Dixie was arrested for Scott s murder she made a credible claim of self defense But how did she manage to live with her husband s rotting body inside her master bedroom for fourteen months In Dixie s Last Stand investigative journalist John Ferak explores a tragic tale of marital abuse to ask did Dixie Shanahan deserve to be convicted of murder

Understanding Police Interrogation William Douglas Woody,Krista D. Forrest,2020-03-03 Uses techniques from psychological science and legal theory to explore police interrogation in the United States Understanding Police Interrogation provides a single comprehensive source for understanding issues relating to police interrogation and confession It sheds light on the range of factors that may influence the outcome of the interrogation of a suspect which ones make it more likely that a person will confess and which may also inadvertently lead to false confessions There is a significant psychological component to police interrogations as interrogators may try to build rapport with the suspect or trick them into thinking there is evidence against them that does not exist Also important is the extent to which the interrogator is convinced of the suspect s guilt a factor that has clear ramifications for today s debates over treatment of black suspects and other people of color in the criminal justice system The volume employs a totality of the circumstances approach arguing that a number of integrated factors such as the characteristics of the suspect the characteristics of the interrogators interrogation techniques and location community perceptions of law enforcement and expectations for jurors and judges all contribute to the nature of interrogations and the outcomes and perceptions of the criminal justice system The authors argue that by drawing on this approach we can better explain the likelihood of interrogation outcomes including true and false confessions and provide both scholars and practitioners with a greater understanding of best practices going forward
