Blue Eyed Devil A Road Odyssey Through Islamic America:

Blue-Eyed Devil Michael Muhammad Knight, 2009-03-25 Michael Muhammad Knight embarks on a quest for an indigenous American Islam in a series of interstate odysseys Traveling 20 000 miles by Greyhound in sixty days he squats in run down mosques pursues Muslim romance is detained at the U S Canadian border with a trunkload of Shia literature crashes Islamic Society of North America conventions stink palms Cat Stevens and limps across Chicago to find the grave of Noble Drew Ali filling dozens of notebooks along the way The result is this semi autobiographical book with multiple histories of Fard and the landscape of American Islam woven into Knight s own story In the course of his adventures Knight sorts out his own relationship to Islam as he journeys from punk provocateur to a recognized voice in the community and watches first hand the collapse of a liberal Islamic dream The book s extensive cast of characters includes anarchist Sufi heretics vegan kungfu punks tattoo sleeved converts in hard core bands spiritual drug dealers Islamic feminists slick media entrepreneurs sages of the street the grandsons of Elijah Muhammad and Malcolm X and a group called Muslims for Bush *Mission and Evangelism in a Secularizing World* Narry F. Santos, Mark Naylor, 2019-02-14 Secularization as a movement away from a religious orientation to life is strong in Canada and has influence worldwide In this volume missiologists and practitioners across Canada consider how an agenda of Christian mission and evangelism can be advanced in a secularizing environment How can believers be curious and engaged rather than defensive and fearful What changes are required from the evangelical community so that there is productive dialogue and action in ways that maintain faithfulness to the cause of Christ What should the approach of mission be to a new generation steeped in secular narratives How do we answer negative caricatures of Christian mission in light of the history of Residential Schools What examples from the past teach us about developing an irenic approach What positive trends are currently evident in Canada and around the world that counter the secularizing narrative These questions and more are considered in this volume by Canadian scholars who recognize the importance of being relevant to society while maintaining integrity with the Gospel message The essays address secularism in Canadian and worldwide contexts with seriousness insight and an underlying theme of hope recognizing that God s mission has been accomplished is being accomplished and will be accomplished *American Arabesque* Jacob Rama Berman, 2012-06-11 Part of the American Literatures Initiative Series *American Arabesque* examines representations of Arabs Islam and the Near East in nineteenth century American culture arguing that these representations play a significant role in the development of American national identity over the century revealing largely unexplored exchanges between these two cultural traditions that will alter how we understand them today Moving from the period of America s engagement in the Barbary Wars through the Holy Land travel mania in the years of Jacksonian expansion and into the writings of romantics such as Edgar Allen Poe the book argues that not only were Arabs and Muslims prominently featured in nineteenth century literature but that the differences writers established between figures such as Moors Bedouins Turks and Orientals provide proof of the

transnational scope of domestic racial politics Drawing on both English and Arabic language sources Berman contends that the fluidity and instability of the term Arab as it appears in captivity narratives travel narratives imaginative literature and ethnic literature simultaneously instantiate and undermine definitions of the American nation and American citizenship

Between the Middle East and the Americas Evelyn Alsultany,Ella Habiba Shohat,2013-02-12 Perceptions of the Middle East in conflicting discourses from North America South America and Europe *The Practice of Islam in America* Edward E Curtis IV,2019-09-10 An introduction to the ways in which ordinary Muslim Americans practice their faith Muslims have always been part of the United States but very little is known about how Muslim Americans practice their religion How do they pray What s it like to go on pilgrimage to Mecca What rituals accompany the birth of a child a wedding or the death of a

loved one What holidays do Muslims celebrate and what charities do they support How do they learn about the Qur'an The Practice of Islam in America introduces readers to the way Islam is lived in the United States offering vivid portraits of Muslim American life passages ethical actions religious holidays prayer pilgrimage and other religious activities It takes readers into homes religious congregations schools workplaces cemeteries restaurants and all the way to Mecca to understand the diverse religious practices of Muslim Americans Going beyond a theoretical discussion of what Muslims are supposed to do this volume focuses on what they actually do As the volume reveals their religious practices are shaped by their racial and ethnic identity their gender and sexual orientation and their sectarian identity among other social factors Readers gain practical information about Islamic religion while also coming to understand how the day to day realities of American life shape Muslim American practice Religious Anarchism Alexandre J. M. E. Christoyannopoulos, 2009-10-02

Both religion and anarchism have been increasingly politically active of late This edited volume presents twelve chapters of fresh scholarship on diverse facets of the area where they meet religious anarchism The book is structured along three themes early Christian anarchist pioneers including Pelagius Coppe Hungarian Nazarenes and Dutch Christian anarchists Christian anarchist reflections on specific topics such as Kierkegaardian indifference Romans 13 Dalit religious practice and resistance to race and nation religious anarchism in other traditions ranging from Wu Nengzi's Daoism and Rexroth's Zen Buddhism to various currents of Islam including an original Anarca Islamic clinic This unique book therefore furthers scholarship on anarchism on millenarian and revolutionary thinkers and movements and on religion and politics It is also of value to members of the wider public interested in radical politics and in the political implications of religion And of course it is relevant to those interested in any of the specific themes and thinkers focused on within individual chapters In short this book presents a range of innovative perspectives on a web of topics that while held together by the common thread of religious anarchism also speaks to numerous broader themes which have been increasingly prominent in the twenty first century **The Web as History** Niels Brügger, Ralph Schroeder, 2017-03-06 The World Wide Web has now been in use for more than 20 years From early browsers to today's principal source of information entertainment and much else the Web is an integral part of our daily lives to the extent that some people believe if it's not online it doesn't exist While this statement is not entirely true it is becoming increasingly accurate and reflects the Web's role as an indispensable treasure trove It is curious therefore that historians and social scientists have thus far made little use of the Web to investigate historical patterns of culture and society despite making good use of letters novels newspapers radio and television programmes and other pre-digital artefacts This volume argues that now is the time to ask what we have learnt from the Web so far The 12 chapters explore this topic from a number of interdisciplinary angles through histories of national web spaces and case studies of different government and media domains as well as an introduction that provides an overview of this exciting new area of research
