**Steve Kaufman's Favorite 50 American Traditional Fiddle Tunes** Steve Kaufman, 2015-11-10 This collection of fiddle tunes originally appeared in Kaufman's Collection of American Fiddle Tunes for Flatpicking Guitar MB 95748 but the book was so large and heavy that they couldn't put all the songs on CDs to include with the package so it was divided into four great melody packed volumes Each book now includes a CD that holds all the songs in the volume Steve Kaufman says he can't emphasize enough the importance of developing a large repertoire of tunes Fiddle tunes give us melodies that eventually allow us to begin to improvise Sometimes without even knowing it the more tunes you know the more melodies and intersecting melody lines you know This allows you to eventually cut and paste portions of the melody line into another song In the beginning you will probably unknowingly replace and ending run These are the last two

measures of the section of a tune Many of them in the same key are interchangeable unless they are specific to the melody of the song After a while you will cut out measures in the middle of the song and then you will be able to take the snips of melodies and play them in another song in a different key thus beginning to improvise All of this is possible because you built up your repertoire of tunes      Backup Trax: Basic Blues for Guitar Dix Bruce,2011-03-11 Learn to play 14 classic blues the best way by doing This book and CD provide your backup band as you explore Country and Urban Acoustic and Electric Delta Texas Chicago Slide Guitar Alternate Tuning Traditional and Modern styles in many different major and minor keys and in a variety of tempos Melodies are first presented on the recording at a slow speed with just guitar then repeated at regular speed with the band Finally you can play along with the hot blues rhythm section alone and you ve got the makings of a dynamite blues jam session You ll play all the leads and solos Repeat a tune or passage as many times as you want at slow or regular speed We ll jam all night long Beginners and intermediate players can practice basic skills Advanced players can hone their improvisation chops the split track recording allows you to hear either just the melody from one speaker just the rhythm section from the other or both for maximum flexibility and specific study the book includes melodies chord diagrams and guitar tablature      *Christmas Favorites for Solo Guitar* Dix Bruce,2010-12-29 Learn great flatpicking solos on 30 wonderful Christmas and Holiday tunes Aimed at beginning and intermediate guitarists this collection of traditional Holiday favorites will be a great addition to any guitarist s repertoire Most solos use the basic bluegrass folk bass note strum technique with melodies integrated into known chord patterns Others feature the arpeggio strum a beautiful chord melody technique Explore transposing solos from one key to another changing and mixing meter 3 4 to 4 4 soloing in more than one octave playing a solo with others as a round and more Sing and play all your favorite carols and Christmas songs in the flatpicking bluegrass style Included audio CD has all solos played at slow and regular speeds Standard notation and tablature Learn great flatpicking solos on 30 wonderful Christmas and Holiday tunes for beginning and intermediate guitarists Use the basic bass note strum technique Melodies integrated into known chord patterns Learn the arpeggio strum a beautiful chord melody technique Practice transposing solos from one key to another Practice changing and mixing meter 3 4 to 4 4 Learn soloing in more than one octave Playing a solo with others as a round Sing and play all your favorite carols and Christmas songs A great addition to any guitarist s repertoire      Blazing Flatpicking Guitar Solos for One Player or More Steve Kaufman,2023-02-21 The vision behind Blazing Solos for Flatpicking Guitar for One Player or More was inspired by the simple beauty of two instruments playing in harmony In order to harmonize the lead note and the harmony note need to be in harmonic agreement with one another as well as with the background chord and the key of the song Steve found that in most cases but not always that thinking in thirds will usually achieve the desired sound The book also contains a section on how to read tablature plus discography In notation and tablature Intermediate level Includes access to online audio      *Bluegrass Unlimited* ,2008      Backup Trax: Old Time & Fiddle Tunes for Cello Dix Bruce,2011-08-18 Learn melodies and practice
