*General Training Course for Petty Officers* United States. Bureau of Naval Personnel, 1953      **The War of Words** Molly Guptill Manning, 2023-09-26

From New York Times bestselling author Molly Guptill Manning comes *The War of Words* the captivating story of how American troops in World War II wielded pens to tell their own stories as they made history At a time when civilian periodicals faced strict censorship US Army Chief of Staff George Marshall won the support of President Franklin Delano Roosevelt to create an expansive troop newspaper program Both Marshall and FDR recognized that there was a second struggle taking place outside the battlefields of World War II the war of words While Hitler inundated the globe with propaganda morale across the US Army dwindled As the Axis blurred the lines between truth and fiction the best

defense was for American troops to bring the truth into focus by writing it down and disseminating it themselves. By war's end over 4,600 unique GI publications had been printed around the world. In newsprint, troops made sense of their hardships, losses, and reasons for fighting. These newspapers, by and for the troops, became the heart and soul of a unit. From Normandy to the shores of Japan, American soldiers exercised a level of free speech the military had never known nor would again. It was an extraordinary chapter in American democracy and military history. In the war for four freedoms, it was remarkably fitting that troops fought not only with guns but with their pens. This stunning volume includes fourteen pages of photographs and illustrations.

**Nothing Friendly in the Vicinity ...** Claude C. Conner, 2013-09-25. As chronicled in *Silent Victory*, Clay Blair's monumental history of United States submarine operations in World War II, the submarine war against Japan was a relatively little-known war within a war. It was waged by an initially small but expanding force of boats that eventually made more than 1,400 war patrols and sank almost 1,400 Japanese merchant ships and naval vessels. Many American submarines carved out enviable records, including USS *Guardfish*, the subject of Claude Conner's remarkable memoir of service aboard a US fleet boat as an enlisted man. Conner, who served as a Radar Technician, weaves a compelling tale of his service during several war patrols in the Pacific Theater against the Japanese. His firsthand account spans the spectrum in detail and emotion, describing everything from humorous personal incidents to the boat's bone-crushing battle against the sea, the thrill of sending an enemy ship to the bottom, the deathly terror of being trapped in a flooding conning tower. A significant portion of Conner's reminiscence describes the friendly-fire sinking of USS *Extractor*, which came about when *Guardfish*'s skipper mistook the ship for a Japanese submarine. Along with the tragic sinking, Conner offers important information about *Extractor* and her crew, several detailed firsthand recollections of survivors, and an engrossing account of the Court of Inquiry that followed and for which Conner testified as a witness. *Nothing Friendly in the Vicinity* is a fresh and compelling account of an enlisted man's experiences during the hellish submarine war against Japan and recognized today as a classic of the genre.
