the truth about her past so that together they can save their new home from the fate of their old one Dark Congress Christopher Golden,2007-08-28 Since the beginning of time the demonic races have gathered every century to resolve conflicts among them and to determine the course of their future This centennial event was called the Dark Congress In the second century b c however the Dark Congress failed to resolve their conflicts Instead the Congress ignited into a war that drove wedges between the various demon races from that time until now And all of it began as a result of Kandida the great North African river demon being nearly killed by forces in the Congress and magically entombed in the riverbank But now Kandida is free and for the first time in centuries the Dark Congress is being called again All demon races and other varieties of supernatural creatures have been called to gather at the Hellmouth in Providence Rhode Island Some gather in hopes of resolution some in favor of war and Kandida is tasked to broker a treaty and guide the Congress to peace wherein everyone might simply agree to disagree And so the demons gather under a banner of a truce But the demons still harbor many bitter disagreements with one another The Congress must have an arbiter of these conflicts and that someone is Buffy Summers Buffy is horrified and disgusted to be included After all she is not a demon is she She knows so little about her powers that she cannot say for certain where they truly spring from How can she spend so much time wallowing in the darkness without becoming part of it Can she possibly agree to a truce with all the horrors of the world and allow them to come Providence without any attempt to stop them And does she have a choice Promises in the Dark Karen Wiesner,2016-11-07 William Decker an orphan who grew up without warmth or companionship from those around him had been a loner all his life preferring solitude loneliness and dark corners to friends anything resembling a spotlight and even love When he met Roxanne Hart his first and only year of college he d found a center he d unconsciously looked for all his life Though Rox loved him deeply as a friend she was in love with another man and he d never really had a shot there despite his relentless loyalty When she announces her wedding William knows it s long past time for him to stop wishing for the moon but more than that he realizes for the first time that he d set his heart on an unavailable woman purposely He s lived his life on the principle of Better to not love and lose what you never had to begin with and You can t be hurt by anything you haven t invested yourself in and he can t deny it s done little beyond keep him lonely Sapphire Stephenson married had a child and divorced before she was out of her teens But starting out life with a newborn and parents who refused to understand why she couldn t forgive her cheating husband even once she d taken the only job she d been able to get as a waitress and later a bartender at a rough biker joint in New York City Sapphire is certain of two things That being a good role model for her daughter is the most important thing in her life and that there isn t a man alive worth any loyalty The dudes who come through the bar have no respect for let alone interest in anything that isn t transitory with the women around them William Decker is the one exception to the rule she s observed and he intrigues her the way no other man ever has But is even he capable of more than promises in the dark that he ll break without regret by morning light Dark, Mirror Karen Wiesner,2013-09-08 Twenty five
