

A full moon is positioned in the upper center of the frame, its light reflecting down a calm body of water. The reflection creates a shimmering path of light that leads from the moon down to the bottom of the image. The background is a deep blue night sky with a few faint stars visible. Silhouettes of trees and foliage are visible along the right and bottom edges of the frame, adding depth to the scene.

Off Broadway Musicals, 1910-2007. Dan Dietz, 2010-03-10. Despite an often unfair reputation as being less popular, less successful, or less refined than their bona fide Broadway counterparts, Off Broadway musicals deserve their share of critical acclaim and study. A number of shows originally staged Off Broadway have gone on to their own successful Broadway runs, from the ever popular *A Chorus Line* and *Rent* to more off-beat productions like *Avenue Q* and *Little Shop of Horrors*. And while it remains to be seen if other popular Off Broadway shows like *Stomp*, *Blue Man Group*, and *Altar Boyz* will make it to the larger Broadway theaters, their Off Broadway runs have been enormously successful in their own right. This book discusses more than 1,800 Off Broadway Off Off Broadway showcase and workshop musical productions. It includes detailed descriptions of Off Broadway musicals that closed in previews or in rehearsal, selected musicals that opened in Brooklyn and in New Jersey, and American operas that opened in New York, along with general overviews of Off Broadway institutions such as the Light Opera of Manhattan. The typical entry includes the name of the host theater or theaters, the opening date, and number of performances, the production's cast, and creative team, a list of songs, a brief plot synopsis, and general comments and reviews from the New York critics. Besides the individual entries, the book also includes a preface, a bibliography, and 21 appendices, including a discography, filmography, a list of published scripts, and lists of musicals categorized by topic and composer.

The Intertextuality and Intermediality of the Anglophone Popular Song Michael Ingham, 2022-09-07 Popular song is a liminal hybrid form of cultural production As a manifestation of adaptation studies it has lacked visibility by comparison with more dominant adaptation practices especially those for the screen This book serves to fill this gap It investigates what songwriters read and write before they start singing showing that they need either to adapt material from existing sources or write their own lyrics drawn from a wide range of source texts and personal experiences They are subject to myriad influences and among these are other song lyrics poems novels plays films and hybrid cultural forms This deep structure intertextuality is embedded in the cultural flux of language and operates at both conscious and subconscious levels This book thus explores the complex and multifarious intertextual connections between popular songs of various genres styles and eras and literary works including but by no means limited to the Bible and Shakespeare As such it offers a valuable resource by exploring the deep intertextual significance of literary source material for the intellectual and emotional diversity that can be found in the popular song form the inverse reciprocal relationship while much less common is also considered in the study
