It is action packed but funny fast paced yet intriguing and there are 15 stories already written. Get the third instalment of case files and 3 excitement filled stories in this omnibus edition and save a pile against buying them individually. **The Witches of East Malling** There's a storm brewing. It's late Autumn in England but the wet weather is hiding a dark crime. Witches using lighting to kill. Hired to investigate Tempest soon becomes a target himself when he comes face to face with a witch and she knows who and what he is. Is he closing in on the coven or are they closing in on him? The deadly conclusion will leave you breathless. **Crop Circles Cows and Crazy Aliens** Aliens Really? There are lights in the sky crop circles in the fields and the cows are producing glowing milk. It's Amanda's case and seems a simple one until the first body shows up. Suddenly she has a mystery person leaving her clues an internet star trying to help her investigation and conspiracy nuts raining from the sky. Is this the first wave of an alien invasion or something far worse? **Whispers in the Rigging** His dad reported stories of a ghost in the old Royal Dockyard but that's not why Tempest is going undercover. He's there because his dad was found unconscious in a dumpster when he tried to poke around. Now Tempest must find out what is going on but all too soon he realises there's something beneath the dockyard that is much worse than ghosts. Praise for the Blue Moon Investigation series and Steve Higgs. Be prepared to struggle with getting anything else done as you will want to keep reading. Supernatural overtones with a hint of sexual tension interspersed with humor make this a fantastic book. Truly delightful tales of mystery and misadventure. Higgs is a wonderful author with great character development which includes an enticing cast of misfits. A great crime comedy with a group of zany characters. I really enjoyed the book and look forward to the next one. Highly recommended. Higgs makes everything and everyone come alive.

*Night Work* steve higgs,2019-10-09 When other people s weird is your normal what do you do when your life gets weird For Jane Butterworth the paranormal is just a day job She works at the Blue Moon Investigation Agency a firm that specialises in cases that no one else will take cases that start at strange and unexplainable and tier rapidly south from there Her boss is away dealing with a Yeti in France but the enquiries keep coming so when Chief Inspector Quinn of the local police wants to hire the firm as special consultants Jane signs them up and takes it on herself But a swamp monster Really Bodies of dead cops have been showing up in nearby Biddenden Lake the site of an unexplained death three years ago Is there a link between that death and these The whole area is steeped in ancient history ghost stories are two a penny here but is she really cut out to be a detective Time to put her big girl pants on Crossdressing isn t always glamorous      **Herne Bay Howlers** steve higgs,2020-07-08 Some people like to flirt with danger These guys kick it in the balls and then shag its sister When two bikers are found half eaten the coroner s report records an animal attack But England doesn t have any large predators unless you count werewolves Tempest Michaels paranormal detective gets hired by the dead bikers gang to find out what happened and point the finger at a new rival motorcycle club in the next town Calling themselves the Herne Bay Howlers they proudly display a werewolf on their jackets and they are far from your average Hell s Angels But Tempest doesn t believe in the paranormal and werewolves are right up there on his list of fake nonsense he wants to kick in the nuts He goes in fully charged and ready with former army mate and force of nature Big Ben at his side However this mystery is nothing like the simple case he expected and when Amanda Harper his business partner girlfriend demands he drop it he ll have to put everything on the line to find the truth Is he right Are they just idiots in good costumes or is he about to bite off something that will chew him The stakes are always high but when the chips come down do the guys have what it takes to see this one through Don t miss your chance to find out because everyone loves a snark fuelled action fest The paranormal It s all nonsense but proving it might just get them all killed This series has it all everything I want in a story and series humour suspense and colourful characters It s one of my top all time favourite series      *The Sandman* steve higgs,2021-04-15 The paranormal It s all nonsense but proving it might get them killed Jane is missing Taken by a serial killer known only as the Sandman Tempest and friends must unravel the clues to find her before night falls Why so soon Because that is when he kills

his victims bringing them dreams as he sings them to sleep just like in the song The police won't even acknowledge the serial killer exists which leaves them on their own sifting through Jane's notes and piecing together fractured clues and half-baked theories in a desperate scramble to find the man at the core of this mystery However the Sandman wants to be found Jane's investigation was getting too close so he is using her to draw in the whole Blue Moon team He has a game for them to play and the dice are loaded in his favour In their deadliest adventure yet Tempest and friends must race against the clock to save their missing team member Can they win Do they even understand the rules of the game Get ready to feel your pulse race as our heroes grit their teeth and face the dark one more time As always Tempest Michaels is a ray of sunshine in a supernatural world The series never fails to satisfy and I highly recommend it **Undead Incorporated** Steve Higgs,2020-08-04 The paranormal It's all nonsense but proving it might get him killed A woman whose dead husband is haunting her That sounds like a routine case Until she reveals her husband's name and a past event Tempest wants to forget comes back to haunt him Taking a case he doesn't want its only hours before he finds a threat on his doorstep Leave the dead to be dead Unfortunately that's not always possible Truly unique Steve Higgs creates characters and stories unlike anything else in the history of literature Part urban fantasy part supernatural mystery but all fast-paced adventurous fun With believable plots incredible action and humour that will make you laugh out loud if you haven't tried his books you are missing out Amazon customer Paws of the Yeti Steve Higgs,2019-07-08 The paranormal It's all nonsense but proving it might get him killed Supernatural overtones with a hint of sexual tension interspersed with humor make this a fantastic series Amazon customer When he is called to investigate a Yeti attack in the French Alps Tempest Michaels is certain it will just be another fool in a costume He's going to solve the case in five minutes and spend a few days skiing Yay Guess again The mountain the locals and above all the Yeti have other plans in mind With the Dachshunds doing their best to avoid the cold and Big Ben distracted by the abundant snow bunnies on offer Tempest is in for a tougher test than he expected Tempest Michaels is the guy you call when something goes bump in the night but he doesn't believe any of it is real He'll go all out to solve each case but with his mother in tow his dogs creating havoc and his friends chipping in as backup you can expect mayhem to accompany the murder and mystery **The Klowns of Kent** Steve Higgs,2018-04-23 There might be no such thing as werewolves vampires or ghosts but apparently evil dickhead Klowns are real Tempest Michaels is once again investigating ridiculous cases that are clearly not even slightly paranormal in nature but his daily menu of fun is interrupted by a plague of men dressed in garish outfits with twisted clown make-up as they terrorise the Kent towns and villages with ever escalating and more frequent attacks If they were not enough of a nuisance he has foolishly employed a woman he is utterly besotted by Trying to ignore Mr Wiggly's thoughts about what to do with his new colleague he goes after his silver medal a girl he lusted after years ago at school but while Mr Wiggly might not care tuppence about the difference is Tempest's heart really in it The Klowns should be a case for the police to solve but their leader appears to have a serious beef with Tempest and they are

coming for him and anyone that gets between them Who are the Klowns What do they want And what s with the ridiculous smiles Throw in a demonic possession a restaurant with ghostly footsteps and some more meddling by his mother it looks like another entertaining week for Kent s best Paranormal Investigator **Lord Hale's Monster** Steve Higgs,2019 Every

second generation of the Hale line dies at the hands of an unnameable monster on his 80th birthday The current Lord Hale turns 80 this Saturday To protect himself Lord Hale has invited paranormal investigation experts Tempest Michaels and Amanda Harper plus their friends and a whole host of other guests from different fields of supernatural exploration for a birthday dinner at his mansion As they sit down for dinner the lights start to dim and a moaning noise disturbs the polite conversation Has Lord Hale placed his faith in the right people or just led them to share his doom Finding themselves trapped Tempest and Amanda with friends Big Ben and Patience must join forces with a wizard some scientists and occult experts ghost chasers witches and other assorted idiots as they fight to make it through the night in one piece Could this be their final adventure Will Tempest finally be proven wrong about the paranormal Cover **Paranormal Nonsense** Steve Higgs,2017-06-26 Tempest Michaels does not believe in the paranormal so why does he investigate it for a living Because a typo in his advert landed him the job and clients started calling before he could get it changed There is no paranormal of course so Tempest spends much of his time patiently pointing out that Grandma Rita isn t a witch she is just ugly or that it is not a ghost disturbing your sleep you have terrible flatulence However following a spate of violent deaths with vampiric characteristics the police are getting nowhere and Tempest feels that solving the mystery falls into his job description This would be enough motivation but when the alluring PC Amanda Harper AKA PC Hotstuff asks for his help the lonely voice from his pants demands he do all he can to solve the case find the killer and win a one way trip to her knickers Aided by his friends encumbered by his mother Why are there no Grandchildren Tempest advised by a clearly deluded occult book shop owner and surrounded on all sides by beautiful women who just want to be friends Tempest soon finds himself up to his eyeballs in wannabe vampires who want to kill him while simultaneously investigating reports of a Big Foot terrorising the local countryside and dealing with a pesky Poltergeist It will get worse before it gets better and all he really wants is a date with an attractive woman **Louis Armstrong , The Television Crime Fighters Factbook** Vincent
