Matos,2021-06-23 War of Intervention in Angola Volume 4 continues the coverage of the operational history of the Angolan Air Force and Air Defense Force FAPA DAA as told by Angolan and Cuban sources in the period 1985 1988 Many accounts of this conflict better known in the West as the Border War or the Bush War as named by its South African participants consider the operations of the FAPA DAA barely worth commentary At most they mention a few air combats involving Mirage F 1 interceptors of the South African Air Force SAAF in 1987 and 1988 and perhaps a little about the activity of the FAPA DAA s MiG 23s However a closer study of Angolan and Cuban sources reveals an entirely different image of the air war over Angola in the 1980s indeed it reveals the extent to which the flow of the entire war was dictated by the availability or the lack of air power These issues strongly influenced the planning and conduct of operations by the commanders of the Angolan and Cuban forces Based on extensive research with the help of Angolan and Cuban sources War of Intervention in Angola Volume 4 traces the Angolan and Cuban application of air power between 1985 1988 during which it came of age and the capabilities intentions and the combat operations of the air forces The volume is illustrated with 100 rarely seen photographs half a dozen maps and 15 color profiles and provides a unique source of reference on this subject **The Military Balance 2021**
