**The Ufo-Christianity Connection** Fred R. David, 2010-11-15 For many centuries science and religion have remained staunchly independent Whenever issues have developed that simultaneously touched on both areas debate often ensued for example when scientists first proposed that the earth revolved around the sun or when the theory of evolution was proposed There has always been a cultural disconnect between science and religion that has caused dissention and distrust Research conducted by author Fred R. David however

reveals that the missing link between science and religion may be UFOs or more specifically the beings inside those crafts

*Bridge of Time, Beyond the Present* A.J. Schrager, 2005-10-13 What started out a half century ago to be a chase down history's trail to discover the origin of a silver sculpture of a man and his dog plasticized around a copper armature turned out to be a chase of the history of mankind itself The writer has brought to light of day a reasoned documented analysis of the unbroken chain of seemingly isolated facts obscure data and wove them into a tapestry or painted a word picture of where man has been The quest for the man the sculptor and his culture became a time traveled beyond the normal bounds of inquiry
