Atlantis and Other Lost Civilizations Robert Snedden, 2020-09-03

Many people are fascinated with tales of lost civilizations such as Atlantis Camelot El Dorado and Lemuria because they believe they may have been real places There is documented evidence that suggests some ancient stories of lost worlds are grounded in truth But were they real ancient worlds or mythical lost realms Be a mystery solver by finding out where stories of these ancient civilizations may have come from and use all the evidence to decide what you believe

The History of Atlantis Lewis Spence, 1996-09

The romantic legend of Atlantis has captured imaginations since Plato first told of a glorious island in the Atlantic that sank beneath the waves Speculation has abounded ever since and scientists who formerly dismissed the possibility that Atlantis ever existed were obliged to reconsider partly because of the author of this book Lewis Spence 1874 1955 wrote five books about Atlantis and this one is considered his best Spence sifted through a tremendous body of research in fields from mythology and comparative religion to geography geology and archeology The result is the most authoritative study ever published on the history geography animal life government and religion of this fabled island

Atlantis, the Eighth Continent Charles Berlitz, 1984 For thousands of years before the beginning of recorded history the legends tell us a powerful civilization flourished in the middle of the Atlantic Ocean This breathtakingly advanced island continent boasted splendid cities golden temples crowded seaports from which the far reaching influence of Atlantis spread to the rest of the world until its destruction in an overwhelming cataclysm Now based on careful study of scientific undersea

research Charles Berlitz proves that Atlantis is not legend but fact and unravels a mystery even more startling than the Bermuda Triangle What message lies buried with the mighty stone structures deep beneath the Atlantic What profound revelations about Atlantis have come to us from beyond the Earth Was Atlantis destroyed in an ancient nuclear war What great centers of Atlantean culture yet await discovery **Atlantis, the City and the Plain** J. M. Allen,1982 **Atlantis** Ignatius Donnelly,2006-08 Long known as the classic work on the study of Atlantis the author puts forth the idea that this was the true place where civilization began This one book has done more than any other in promoting the idea for the lost continent of Atlantis **Atlantis: the Truth Behind the Legend** Angelos Geōrgiou Galanopoulos,Edward Bacon,1969

Atlantis Michael Martin,2007 Describes the lost continent of Atlantis and theories about its possible location Provided by publisher **The Problem of Atlantis** Lewis Spence,1925 **Atlantis; The Antedeluvian World** Ignatius

Reference to Protohistoric Communication with America Hyde Clarke,1886 **Atlantis** Ignatius Donnelly,2013-07 This book is an attempt to demonstrate several distinct and novel propositions These are 1 That there once existed in the Atlantic Ocean opposite the mouth of the Mediterranean Sea a large island which was the remnant of an Atlantic continent and known to the ancient world as Atlantis 2 That the description of this island given by Plato is not as has been long supposed fable but veritable history 3 That Atlantis was the region where man first rose from a state of barbarism to civilization 4 That it became in the course of ages a populous and mighty nation from whose overflowings the shores of the Gulf of Mexico the Mississippi River the Amazon the Pacific coast of South America the Mediterranean the west coast of Europe and Africa the Baltic the Black Sea and the Caspian were populated by civilized nations 5 That it was the true Antediluvian world the Garden of Eden the Gardens of the Hesperides the Elysian Fields the Gardens of Alcinous the Mesomphalos the Olympos the Asgard of the traditions of the ancient nations representing a universal memory of a great land where early mankind dwelt for ages in peace and happiness 6 That the gods and goddesses of the ancient Greeks the Ph nicians the Hindoos and the Scandinavians were simply the kings queens and heroes of Atlantis and the acts attributed to them in mythology are a confused recollection of real historical events 7 That the mythology of Egypt and Peru represented the original religion of Atlantis which was sun worship 8 That the oldest colony formed by the Atlanteans was probably in Egypt whose civilization was a reproduction of that of the Atlantic island 9 That the implements of the Bronze Age of Europe were derived from Atlantis The Atlanteans were also the first manufacturers of iron 10 That the Ph nician alphabet parent of all the European alphabets was derived from an Atlantis alphabet which was also conveyed from Atlantis to the Mayas of Central America 11 That Atlantis was the original seat of the Aryan or Indo European family of nations as well as of the Semitic peoples and possibly also of the Turanian races 12 That Atlantis perished in a terrible convulsion of nature in which the whole island sunk

into the ocean with nearly all its inhabitants 13 That a few persons escaped in ships and on rafts and carried to the nations east and west the tidings of the appalling catastrophe which has survived to our own time in the Flood and Deluge legends of the different nations of the old and new worlds If these propositions can be proved they will solve many problems which now perplex mankind they will confirm in many respects the statements in the opening chapters of Genesis they will widen the area of human history they will explain the remarkable resemblances which exist between the ancient civilizations found upon the opposite shores of the Atlantic Ocean in the old and new worlds and they will aid us to rehabilitate the fathers of our civilization our blood and our fundamental ideas the men who lived loved and labored ages before the Aryans descended upon India or the Ph nician had settled in Syria or the Goth had reached the shores of the Baltic The fact that the story of Atlantis was for thousands of years regarded as a fable proves nothing There is an unbelief which grows out of ignorance as well as a scepticism which is born of intelligence The people nearest to the past are not always those who are best informed concerning the past For a thousand years it was believed that the legends of the buried cities of Pompeii and Herculaneum were myths they were spoken of as the fabulous cities For a thousand years the educated world did not credit the accounts given by Herodotus of the wonders of the ancient civilizations of the Nile and of Chaldea He was called the father of liars Even Plutarch sneered at him

Atlantis, The Antediluvian World - Large Print Edition Ignatius Loyola Donnelly, Sam Sloan, 2019-10-17 Atlantis is or was a place described as containing an ideal and advanced society It was first described by the famous Greek philosopher Plato in 360 BC Before Christ Antediluvian is of or relating to the period before the flood of Noah as described in the Bible Nobody knows if Plato was describing a real place or if he was simply describing an ideal but imaginary place According to Plato Atlantis was an island destroyed 11 600 years ago by a giant tsunami that wiped away the entire population except for a few who managed to survive and tell what had happened It has long been assumed to be just a story to illustrate what an ideal society would be like in the Republic of Plato However now videos and websites have appeared on the Internet said to show pictures of real under sea buildings and statues in Atlantis and that Atlantis is a real place Atlantis is said to be owned by the Greek God Atlas who was given the task of holding up the world and said to be located in the Atlantic Ocean Atlantis is named after the Atlantic Ocean and after the God Atlas Atlanta a City in Georgia is also named after Atlantis Atlantis is also the name of a swanky resort that advertises constantly on the network news and features beautiful young women waiting to serve you unless you are able to bring one yourself The Atlantic Ocean is derived from Sea of Atlas In Ancient Greek Plato s Timaeus dialogue also mentions meaning Atlas s Island giving rise to the English derivative Atlantis Although stories about Atlantis have been around for more than two thousand years it is only within the last 130 years that interest in Atlantis has been renewed by this book This book finds similarities between the cultures of Europe and Egypt and the cultures of South America A look at the map shows that the bulge of West Africa fits into the Caribbean Sea and the Gulf of Mexico like the pieces of a jigsaw puzzle We now know that this is not a coincidence Africa

was in fact attached to South America but that was more than a hundred million years ago before the Continental Shift caused them to drift apart and before humans arrived Doggerland is an area of land now submerged beneath the southern North Sea that connected Britain to continental Europe It was flooded by rising sea levels around 6500 6200 BC Geological surveys have suggested that it stretched from Britain s east coast to the Netherlands and the western coasts of Germany and the peninsula of Jutland It was probably a rich habitat with human habitation in the Mesolithic period although rising sea levels gradually reduced it to low lying islands before its final submergence possibly following a tsunami The archaeological potential of the area was first identified in the early 20th century It explains the linguistic similarity between the Dutch and the English Languages With modern discoveries by science and geology many of the theories of Ignatius Donnelly are now discredited However some of his theories have been proven to be true This book has been reprinted more than a dozen times by different publishers However some of these reprints are deeply flawed Entire sections are left out Pages are re organized or re written Many of these reprints books and websites cannot be trusted Is this real science or Quack pseudo science
