Literary Medicine: Brain Disease and Doctors in

Novels, Theater, and Film J. Bogousslavsky, S. Dieguez, 2013-02-21 Classical and modern literature is full of patients with interesting neurological cognitive or psychiatric diseases often including detailed and accurate descriptions which suggests the authors were inspired by observations of real people In many cases these literary portrayals of diseases even predate their formal identification by medical science Fictional literature encompasses nearly all kinds of disorders affecting the nervous system with certain favorites such as memory loss and behavioral syndromes There are even unique observations that cannot be found in scientific and clinical literature because of the lack of appropriate studies Not only does literature offer a creative and humane look at disorders of the brain and mind but just as authors have been inspired by medicine and real disorders clinicians have also gained knowledge from literary depictions of the disorders they encounter in their daily practice This book provides an amazing and fascinating look at neurological conditions patients and doctors in literature and film in a way which is both nostalgic and novel **Nietzsche and Depth Psychology** Jacob Golomb, Weaver

contributions to psychotherapy and literature A distinguished psychiatrist and psychotherapist Irvin D Yalom is also the United States most well known author of psychotherapy tales His first volume of essays *Love's Executioner* became an immediate best seller and his first novel *When Nietzsche Wept* continues to enjoy critical and popular success Yalom has created a subgenre of literature the therapy story where the therapist learns as much as if not more than the patient where therapy never proceeds as expected and where the therapist's apparent failure proves ultimately to be a success *Writing the Talking Cure* is the first book to explore all of Yalom's major writings Taking an interdisciplinary approach Jeffrey Berman comments on Yalom's profound contributions to psychotherapy and literature and emphasizes the recurrent ideas that unify his writings the importance of the therapeutic relationship therapist transparency here and now therapy the prevalence of death anxiety reciprocal healing and the idea of the wounded healer Throughout Berman discusses what Yalom can teach

therapists in particular and the common and uncommon reader in general As a psychiatrist who has benefitted enormously not only from Yalom s writings but also from his mentorship I admire Berman s relationship to his subject They both write lucidly and imaginatively inviting the reader to accompany them on a personal journey that is intriguing but intellectually rigorous Reading this book helps me to better understand Yalom s dual roles as brilliant psychotherapist teacher and compelling novelist Berman s book by book examination of Yalom s work illustrates how good therapy involves facing reality and good fiction involves making stories come alive by resonating with the hard truths of life He is the perfect guide to Yalom capturing his wisdom and creativity with respect and clarity David Spiegel author of *Living Beyond Limits* New Hope and Help for Facing Life Threatening Illness This is a convincing celebration of and commentary on one of the most prominent psychotherapists of the last century For anyone interested in the popularization of an idiosyncratic form of existential psychotherapy for individuals and groups this will be an important book Murray Schwartz Emerson College In this richly textured book Berman takes us backstage in a warm and skillful exploration of Irvin Yalom s unmatched contributions as a psychotherapist author and educator We are provided a transparent view of how human healing emerges from our talking writing and reading Berman reminds us eloquently that psychotherapy is at its essence the process of human connection and the joint attribution of meaning to experience Molyn Leszcz The University of Toronto *A History of Existential Psychology* Zoltán Kőváry, 2024-12-30 The first in a two part set this book takes a deep dive into the history and theory of existential psychology Beginning with a discussion of the existentialism and psychology problem the book presents the philosophical and historical roots of existential psychology It introduces the most important philosophical schools in the development of existentialism and their creators such as Kierkegaard Nietzsche Heidegger and Sartre as well as the literary roots of existentialism in the writings of Dostoevsky and Kafka and the important contribution of psychoanalysis and phenomenological psychiatry The book then goes on to look at the existential psychology schools including daseinsanalysis logotherapy and existential analysis the existential humanistic school and the existential phenomenological school Going beyond the questions of therapy and counseling that typically make up the study of existential psychology the book offers the ultimate introduction for students and scholars of this fascinating and deeply rooted discipline It may also interest professionals working in related fields [Pointing to the Moon](#) Rochelle Lynn Holt, 2010-01-14 Each of us lives an extraordinary life however the artists are qualified to share their thoughts in a manner that preserves existence universally Two writers Rochelle Lynn Holt and Virginia Love Long shared a friendship that was both literary and encompassing of everyday experiences The writers however also revealed their emotions in poems and collaborative published projects This memorial POINTING TO THE MOON is a novel biography in epistolary form Letters have become a lost art now that e mail exists But once there was time to reflect in long missives **Migraine, Words and Fiction** Joost Haan, 2022-05-11 There are many migraine sufferers worldwide However the lack of confirmatory scan or blood test poses a major barrier to their

diagnosis which must be based on their account of the pain As a consequence language is of utmost importance in the diagnosis of migraine This book deals with this relation between words and migraine and considers how persons with migraine make their pain readable and how fictional texts perform migraine Its analysis utilises the theories of Wittgenstein beetle in the box Foucault de Saussure and Scarry as well as works of fiction including Hustvedt s *The Blindfold* Lasdun s *The Horned Man* and Yalom s *When Nietzsche Wept* *Nietzsche and Metaphor* Sarah Kofman,1993-01-01 This long overdue translation brings to the English speaking world the work that set the tone for the Post structuralist reading of Nietzsche

A Jungian Perspective on the Therapist-Patient Relationship in Film Ruth Netzer,2024-05-27 Within this book Ruth Netzer explores the archetypal components of therapist patient relations in cinema from the perspective of Jungian archetypal symbolism and within the context of myth and ritual Film is a medium that is attracted to the extremes of this specific relationship depicting the collapse of the accepted boundaries of therapy though on the other hand cinema also loves the fantasy of therapy as intimacy Through the medium of film and employing examples from over 45 well known films the author analyzes the successes and failures of therapists within film and reviews the concepts of transference and counter transference and their therapeutic and redemptive powers in contrast to their potential for destruction and exploitation within the context of a patient therapist relationship This book will be a fascinating read for Jungian analysts psychologists psychiatrists and therapists with an interest in the link between cinema and therapy as well as filmmakers and students and teachers of film studies
