**Fictions of Land and Flesh** Mark Rifkin,2019-08-23 In Fictions of Land and Flesh Mark Rifkin explores the impasses that arise in seeking to connect Black and Indigenous movements turning to speculative fiction to understand those difficulties and envision productive ways of addressing them Against efforts to subsume varied forms of resistance into a single framework in the name of solidarity Rifkin argues that Black and Indigenous political struggles are oriented in distinct ways following their own lines of development and contestation Rifkin suggests how movement between the two can be approached as something of a speculative leap in which the terms and dynamics of one are disoriented in the encounter with the other Futurist fiction provides a compelling site for exploring such disjunctions Through analyses of works by Octavia Butler Walter Mosley Nalo Hopkinson Melissa Tantaquidgeon Zobel and others the book illustrates how ideas about fungibility fugitivity carcerality marronage sovereignty placemaking and governance shape the ways Black and Indigenous intellectuals narrate the past present and future In turning to speculative fiction Rifkin illustrates how speculation as a process provides conceptual and ethical resources for recognizing difference while engaging across it

**Race, Gender and Empire in American Detective Fiction** John Cullen Gruesser,2013-09-11

This book highlights detection's malleability by analyzing the works of particular groups of authors from specific time periods written in response to other texts. It traces the roles that gender, race, and empire have played in American detective fiction from Edgar Allan Poe's works through the myriad variations upon them published before 1920 to hard-boiled fiction, the origins of which derive in part from the turn of the 20th century notions about gender, race, and nationality, and it concludes with a discussion of contemporary mystery series with inner-city settings that address black male and female heroism. **A**

**Companion to African American Literature** Gene Andrew Jarrett, 2013-05-06 Through a series of essays that explore the forms, themes, genres, historical contexts, major authors, and latest critical approaches, *A Companion to African American Literature* presents a comprehensive chronological overview of African American literature from the eighteenth century to the modern day. Examines African American literature from its earliest origins through the rise of antislavery literature in the decades leading into the Civil War to the modern development of contemporary African American cultural media, literary aesthetics, and political ideologies. Addresses the latest critical and scholarly approaches to African American literature. Features essays by leading established literary scholars as well as newer voices. *London Peculiar and Other Nonfiction* Michael Moorcock, 2012-01-25 Voted by the *London Times* as one of the best writers since 1945, Michael Moorcock was shortlisted for the Whitbread Prize and won the Guardian Fiction Prize. He has won almost all the major Science Fiction, Fantasy, and lifetime achievement awards, including the Howie the Prix Utopiales and the Stoker Best. Known for his rule-breaking SF and Fantasy, including the classic Elric and Hawkmoon series, he is also the author of several graphic novels. Now in *London Peculiar and Other Nonfiction*, Michael Moorcock personally selects the best of his published, unpublished, and uncensored essays, articles, reviews, and opinions covering a wide range of subjects: books, films, politics, reminiscences of old friends, and attacks on new foes. Drawn from over fifty years of writing, including his most recent work from the pages of the *Los Angeles Times* and the *Guardian*, along with obscure and now unobtainable sources, the pieces in *London Peculiar and Other Nonfiction* showcase Moorcock at his acerbic best. They include *London Peculiar*, an impassioned statement of Moorcock's memories of wartime London. The architectural improvements wrought by the rebuilding of the city after World War Two brought cultural changes as well, many to the detriment of the city's inhabitants. Review of R. Crumb's *Genesis*, previously unavailable in English; this lengthy review of the underground comic artist's retelling of the first book of the Bible leads Moorcock to address nostalgia for the sixties. *A Child's Christmas in the Blitz*, an autobiographical recounting of Moorcock's childhood in wartime London with memories of the freedom and hardships he encountered during the bombings and the happy times he spent with his parents. These, along with dozens more, make this a collection Moorcock fans won't want to miss and the perfect introduction for new readers who will soon discover why Alan Moore's *Watchmen* says Moorcock seizes the 21st-century bull by its horns and wrestles it into submission with a Texan rodeo confidence.
