Murphy, 2005-10-19 Shirley Jackson was one of America's most prominent female writers of the 1950s Between 1948 and 1965 she published six novels one best selling story collection two popular volumes of her family chronicles and many stories which ranged from fairly conventional tales for the women's magazine market to the ambiguous allusive delicately sinister and more obviously literary stories that were closest to Jackson's heart and destined to end up in the more highbrow end of the market Most critical discussions of Jackson tend to focus on *The Lottery* and *The Haunting of Hill House* An author of such accomplishment and one so fully engaged with the pressures and preoccupations of postwar America merits fuller discussion To that end this collection of essays widens the scope of Jackson scholarship with new writing on such works as *The Road through the Wall* and *We Have Always Lived in the Castle* and topics ranging from Jackson's domestic fiction to ethics cosmology and eschatology The book also makes newly available some of the most significant Jackson scholarship published in the last two decades Shirley Jackson's American Gothic Darryl Hattenhauer, 2012-02-01 Best known for her short story *The Lottery* and her novel *The Haunting of Hill House* Shirley Jackson produced a body of work that is more varied and complex than critics have realized In fact as Darryl Hattenhauer argues here Jackson was one of the few writers to anticipate the transition from modernism to postmodernism and therefore

ranks among the most significant writers of her time The first comprehensive study of all of Jackson s fiction Shirley Jackson s American Gothic offers readers the chance not only to rediscover her work but also to see how and why a major American writer was passed over for inclusion in the canon of American literature     **Shirley Jackson's We Have Always Lived in the Castle** Maude Ashton,2022     **Shirley Jackson, Influences and Confluences** Melanie R. Anderson,Lisa Kröger,2016-05-20 The popularity of such widely known works as The Lottery and The Haunting of Hill House has tended to obscure the extent of Shirley Jackson s literary output which includes six novels a prodigious number of short stories and two volumes of domestic sketches Organized around the themes of influence and intertextuality this collection places Jackson firmly within the literary cohort of the 1950s The contributors investigate the work that informed her own fiction and discuss how Jackson inspired writers of literature and film The collection begins with essays that tease out what Jackson s writing owes to the weird tale detective fiction the supernatural tradition and folklore among other influences The focus then shifts to Jackson s place in American literature and the impact of her work on women s writing campus literature and the graphic novelist Alison Bechdel The final two essays examine adaptations of The Haunting of Hill House and Jackson s influence on contemporary American horror cinema Taken together the essays offer convincing evidence that half a century following her death readers and writers alike are still finding value in Jackson s words     The Portrait of an Artist as a Pathographer: On Writing Illnesses and Illnesses in Writing Jayjit Sarkar,Jagannath Basu,2021-05-09 Focusing on the various intersections between illness and literature across time and space The Portrait of an Artist as a Pathographer seeks to understand how ontological phenomenological and epistemological experiences of illness have been dealt with and represented in literary writings and literary studies In this volume scholars from across the world have come together to understand how the pathological condition of being ill the sufferers as well as the pathologists dealing with the ill the healers and caregivers have shaped literary works The language of medical science with its jargon and the language of the every day with its emphasis on utility prove equally insufficient and futile in capturing the pain and suffering of illness It is this insufficiency and futility that makes us turn towards the canonical works of Joseph Conrad Samuel Beckett William Carlos Williams Virginia Woolf Kazuo Ishiguro Miroslav Holub as well as the non canonical Ant nio Lobo Antunes Yumemakura Baku Wopko Jensma and Vaslav Nijinsky This volume helps in understanding and capturing the metalanguage of illness while presenting us with the tradition of writing pain In an effort to expand the definition of pathography to include those who are on the other side of pain the essays in this collection aim to portray the above mentioned pathographers as artists turning the anxiety and suffering of illness into an art form Looking deeply into such creative aspects of illness this book also seeks to evoke the possibility of pathography as world literature This book will be of particular interest to undergraduate postgraduate and research students as well as scholars of literature and medical humanities who are interested in the intersections between literary studies and medical science     *Navigating Women's Friendships in American Literature and Culture* Kristi Branham,Kelly L.

**Haunted Nature** Sladja Blazan, 2021-12-08 This volume is a study of human entanglements with Nature as seen through the mode of haunting As an interruption of the present by the past haunting can express contemporary anxieties concerning our involvement in the transformation of natural environments and their ecosystems and our complicity in their collapse It can also express a much needed sense of continuity and relationality The complexity of the question who and what gets to be called human with respect to the nonhuman is reflected in these collected chapters which in their analysis of cinematic and literary representations of sentient Nature within the traditional gothic trope of haunting bring together history race postcolonialism and feminism with ecocriticism and media studies Given the growing demand for narratives expressing our troubled relationship with Nature it is imperative to analyze this contested ground Chapter 6 is available open access under a Creative

THE SNOW FALLS ENDLESSLY IN WONDERLAND Part Three With questions about the murder swirling the sheriff's office discovers a seemingly abandoned vehicle that may be a link to the RQK serial killer      **Ladies Laughing** Barbara Levy, 2013-09-13 This engaging and accessible book examines the world of seven contemporary popular American women writers and their individual use of wit as a subtle and effective strategy to engage or control the reader. A chapter is devoted to each of the seven writers: Lisa Alther, Rita Mae Brown, Nora Ephron, Shirley Jackson, Alison Lurie, Grace Paley, and Anne Tyler, and discusses their writings and their use of wit in the context of their lives. An opening chapter frames wit and control in psychological realities and a concluding chapter summarizes the power of wit. A bibliography of the writers' works is also included, making this an ideal introduction and companion to these writers and their works      *The Modern Weird Tale* S.T. Joshi, 2015-11-16 This is a critical study of many of the leading writers of horror and supernatural fiction since World War II. The primary purpose is to establish a canon of weird literature and to distinguish the genuinely meritorious writers of the past fifty years from those who have obtained merely transient popular renown. Accordingly, the author regards the complex, subtle work of Shirley Jackson, Ramsey Campbell, Robert Aickman, T. E. D. Klein, and Thomas Ligotti as considerably superior to the best sellers of Stephen King, Clive Barker, Peter Straub, and Anne Rice. Other writers such as William Peter Blatty, Thomas Tryon, Robert Bloch, and Thomas Harris are also discussed. Taken as a whole, the volume represents a pioneering attempt to chart the development of weird fiction over the past half century.
