Infidelity offers an explanatory model and concrete techniques enabling therapists and counselors to treat the core of a couple's relationship problems instead of merely applying a therapeutic bandage. Chapters give therapists proven techniques to help couples redevelop trust, rebalance power, increase satisfaction and recover from the wounds that infidelity causes. This text uses case studies from clinical practice, examples of public or historical figures and scenarios from popular movies to illustrate concepts and it provides a systemic explanatory model for understanding infidelity, one that focuses on marital dissatisfaction, power imbalances, unfulfilled dreams and the discovery of infidelity. *Intrusive Partners - Elusive Mates* Stephen J. Betchen, 2013-08-21. When two people form a relationship or marry, they begin to move towards one another with the expectation of closeness. The emotionality or intensity that accompanies this process, however, may result in fusion followed by a desperate need for space or distance. *Intrusive Partners - Elusive Mates* is the first book to deal exclusively with the pursuer-distancer interaction and to focus significant attention on the emerging male pursuer-female distancer dynamic. This book revisits Fogarty's work, traces the concept over time and across different professional fields and discusses in detail the concepts' correlation with gender issues and social change. A detailed step-by-step model of treatment to aid in de-escalating this potentially problematic style is also offered. The model, in and of itself, is unique because it integrates psychoanalytic conflict theory and psychodynamic systems theory into one treatment approach. This book is intended to offer the therapist a model for understanding and effectively discussing this dynamic while at the same time allowing couples to read and explore it on their own. *Baby Khaki's Wings* Anar Ali, 2009-07-28. These richly imagined tales, by turns playful and dark and shot through with magic, depict the lives of East African Ismailis, a Muslim community with origins in India and a history of upheaval and dislocation. Set variously in Canada and East Africa, these stories portray characters caught between home and exile, between what is real and what is imagined, what is lost and what is found. A baby with wings, a disappeared life savings, a pearl diver's magical secrets: in each story, what is cursed is also blessed and redemption when it comes will take your breath away. Reminiscent of the stories of Singer and O. Henry, *Baby Khaki's Wings* is an unforgettable reading experience and the mark of a singularly new and luminous literary talent. Ongoing University of Michigan. School of Social Work, 1997. **Information and Referral**, 2001.
