## **After Writing On The Liturgical Consummation Of Philosophy:**

After Writing Catherine Pickstock, 1997-12-29 *After Writing* provides a significant contribution to the growing genre of works which offers a challenge to modern and postmodern accounts of Christianity      **Reforming the Liturgy** John F. Baldovin, 2016-03-24 2009 Catholic Press Association Award Winner Perhaps no liturgical scholar of our time is better able than John Baldovin to write with clarity and accuracy about the meaning of the church's liturgy and the history of its development in the last half century In this summary volume on the reform of the liturgy since the Second Vatican Council Baldovin pinpoints and assesses both sympathetically and critically the objections to changes in the liturgy since the council focusing on philosophical historical critical and theological questions After addressing each criticism in turn in a final chapter he assesses the critique of post Vatican II liturgy as a whole affirming what is accurate and necessary rejecting what is backward looking and proposing a set of principles to guide future development No one who studies or participates in liturgical action in the twenty first century can afford to overlook this book John F Baldovin SJ is professor of historical and liturgical theology at Boston College School of Theology and Ministry His most recent books include *Bread of Life* *Cup of Salvation* and *The Urban Character of Christian Worship*      *A Companion to Anglican Eucharistic Theology* Brian Douglas, 2012 Anglican eucharistic theology varies between the different philosophical assumptions of realism and nominalism This book presents case studies from the 20th Century to the Present and avoids the hermeneutic idealism of particular church parties by critically examining the Anglican eucharistic tradition      **Jewish Liturgical Reasoning** Steven Kepnes, 2007-11-01 Liturgy a complex interweaving of word text song and behavior is a central fixture of religious life in the Jewish tradition It is unique in that it is performed and not merely thought Because liturgy is performed by a specific group at a specific time and place it is mutable Thus liturgical reasoning is always new and understandings of liturgical practices are always evolving Liturgy is neither preexisting nor static it is discovered and revealed in every liturgical performance *Jewish Liturgical Reasoning* is an attempt to articulate the internal patterns of philosophical ethical and theological reasoning that are at work in synagogue liturgies This book discusses the relationship between internal Jewish liturgical reasoning and the variety of external philosophical and theological forms of reasoning that have been developed in modern and post liberal Jewish philosophy Steven Kepnes argues that liturgical reasoning can reorient Jewish philosophy and provide it with new tools new terms of discourse and analysis and a new sensibility for the twenty first century The formal philosophical study of Jewish liturgy began with Moses Mendelssohn and the modern Jewish philosophers Thus the book focuses in its first chapters on the liturgical reasoning of Moses Mendelssohn Hermann Cohen and Franz Rosenzweig However it attempts to augment and further develop the liturgical reasoning of these figures with methods of study from Hermeneutics Semiotic theory post liberal theology anthropology and performance theory These newer theories are enlisted to help form a contemporary liturgical reasoning that can respond to such events as the Holocaust the establishment of the

State of Israel and interfaith dialogue between Jews Christians and Muslims      The Eucharist in Modern Philosophy Xavier Tilliette, 2022-12-27 The Eucharist in Modern Philosophy is one of the last books written by the renowned Jesuit philosopher Xavier Tilliette 1921 2018 and the first to be translated into English Jonathan Martin Ciraulo the translator also provides an introduction to the thought of Tilliette and the content of this book while Cyril O Regan provides the foreword noting the particular intellectual characteristics of Tilliette and his analysis of eucharistic philosophies In addition to being known as one of the foremost experts on the German Idealist Friedrich Schelling Tilliette wrote voluminously on the relationship between modern philosophy and theology particularly concerning the way in which Christology is central to the development of modern philosophy In this volume he extends that project to look at how various philosophers such as Descartes Leibniz Hegel Blondel and Marion as well as poets and mystics such as de Chardin Simone Weil and Paul Claudel thought extensively about the question of the Eucharist The result is an enormous diversity of Eucharistic thought from Descartes attempt to justify transubstantiation in light of his philosophical revolution to Feuerbach s supposed exposure of the contradiction inherent to sacramentality to Antonio Rosmini s eucharistic piety and speculation to Maurice Blondel s recovery and expansion of Leibniz s notion of the substantial bond Tilliette shows that this philosophical conversation about the Eucharist is a living tradition as the aporias and failures of one generation provide stimulus for all that follows Much of the work is largely historical showing in great detail the context of each particular eucharistic philosophy but Tilliette also evaluates the relative fruitfulness of the various eucharistic theories for philosophy theology and the life of the Church This book demonstrates that the Eucharist has been and will likely continue to be a major impetus for philosophical reflection

**Theology and Deconstruction** Robert Sokolowski, 1998      On the Unseriousness of Human Affairs James V. Schall, 2023-05-02 In this wise and witty book acclaimed author James Schall illuminates a fundamental truth that will shock ceaselessly busy and ambitious Americans human affairs are unserious Following Plato Schall shows why singing dancing playing contemplating and other useless human activities are not merely forms of escape but also indications of the freedom in and for which men and women were created The joy that accompanies leisure festivity and conviviality he demonstrates gives us a glimpse of the eternal On the Unseriousness of Human Affairs offers a vital message that is truly countercultural

Explorations in Contemporary Continental Philosophy of Religion , 2021-10-25 This book is an exploration of the content and dimensions of contemporary Continental philosophy of religion It is also a showcase of the work of some of the philosophers who are by their scholarship filling out the meaning of the term Continental philosophy of religion      **Radical Orthodoxy** John Milbank, Catherine Pickstock, Graham Ward, 2002-01-31 Radical Orthodoxy is a new wave of theological thinking that aims to reclaim the world by situating its concerns and activities within a theological framework re injecting modernity with theology This collection of papers is essential reading for anyone eager to understand religion theology and philosophy in a completely new light      An Introduction to Jean-Yves Lacoste Joeri Schrijvers, 2016-04-15 Introducing the

thought of philosopher and theologian Jean Yves Lacoste this book provides an overview spanning Lacoste's earliest works on sacramentality to his latest work *Etre en Danger* 2011 in which Lacoste opens up the liturgical experience onto a spiritual experience of life Schrijvers unfolds the logic of what Lacoste calls the liturgical experience from its violent variety in *Expérience et Absolu* to the logic of love and love's possibility as it is developed in the later works Throughout the book the focus is on Lacoste's dialogue with Heidegger and through this his attempt to widen the scope of phenomenology to include the phenomenality of the divine

*The Intimate Strangeness of Being* William Desmond, 2012-04-09 This book explores the contested place of metaphysics since Kant and Hegel arguing for a renewed metaphysical thinking about the intimate strangeness of being

**The Physics and Metaphysics of Transubstantiation** Mark P. Fusco, 2023-08-18 In this book Mark P. Fusco offers a historical philosophical and theological review and appraisal of current research into quantum post modern atheistic mathematical and philosophical theories that engage our interpretation of Hans Urs von Balthasar and Ferdinand Ulrich's accounts of *Ur Kenosis* This cross disciplinary approach inspires a new speculative metaphysical theory based on the representation of being as a holo somatic ontology Holocryptic metaphysics gives us a novel interpretation of transubstantiation as it is founded on the findings of quantum mechanical theory The quantum object and black hole's properties present a new way to explain physical matter based on its holographic identity This scientific theory for representing physical matter's identity is recognized for example in the symmetry existing between a subatomic particle and its orbital shell a single particle's identity in relationship to its thermodynamic system Hawking radiation and black hole entropy Further the properties of quantum non locality and teleportation signpost a new way to understand the Eternal Logos relationship to Jesus Christ and the Eucharist

**Culture in a Post-Secular Context** Alan Thomson, 2014-05-16 Is culture a theologically neutral concept The contemporary experts on culture anthropologists and sociologists argue that it is Theologians and missiologists would seem to agree given the extent of their reliance on anthropological and sociological definitions of culture Yet this appears a strange reliance given that presumed neutrality in the sciences is a consistently challenged assumption It is stranger still given that so much theological energy has been expended on understanding and defining the human person in specifically theological as opposed to anthropological terms when culture is in some sense the expression of this personhood in corporate and material forms This book argues that culture is not and has never been a theologically neutral concept rather it always expresses some theological posture and is therefore a term that naturally invites theological investigation Going about this task is difficult however in the face of a longterm reliance on the social sciences that seems to have starved the contemporary theological community of resources for defining culture Against this it is argued that rich subterranean veins for such a task do exist within the recent tradition most notably in the writings of John Milbank Karl Barth and Kwame Bediako

**Rorty and the Religious** Jacob L. Goodson, Brad Elliott Stone, 2012-08-14 Prior to his death in 2007 the self described secular philosopher Richard Rorty began to modify his previous position concerning

religion Moving from atheism to anti clericalism Rorty challenges the metaphysical assumptions that lend justification to abuses of power in the name of religion Instead of dismissing and ignoring Rorty's challenge the essays in this volume seek to enter into meaningful conversation with Rorty's thought and engage his criticisms in a constructive and serious way In so doing one finds promising nuggets within Rorty's thought for addressing particular questions within Christianity The essays in this volume offer charitable yet fully confessional engagements with an impressive secular thinker **Religious**

**Experience and Contemporary Theological Epistemology** Lieven Boeve, Yves De Maeseneer, Stijn Van den Bossche, 2005 In this volume we present the proceedings from the fourth international Leuven Encounters in Systematic Theology LEST IV November 5-8 2003 which focussed on a critical investigation of the place and role of religious experience in the legitimization structures of contemporary theological thinking patterns In the first part the keynote lectures including the responses are gathered among others from L Boeve F Fiorenza L Hemming G Jantzen S Painadath S Robert R Schaeffler and S Van den Bossche In the second part a selection of the contributions offered in the thematic seminars is presented **Imaginatio et Ratio: A Journal of Theology and the Arts, Volume 1, Issue 1 2012** Jeff Sellars, 2012-08-01 Imaginatio et Ratio [www.imaginatioetratio.org](http://www.imaginatioetratio.org) is a peer reviewed journal primarily focusing on the intersection between the arts and theology hoping to allow imagination and reason to be seen as intimately intertwined as different expressions of the same divine truth Imaginatio et Ratio was started in the hopes that it could serve a growing community of artists and thinkers and strives to present accessible but high quality art literary fiction creative non fiction and theology philosophy as well as interviews and book film art and music reviews The journal is published twice a year and is available in print and digital formats

**Revelation and Theopolitics** Randi Rashkover, 2005-01-01 Revelation and Theopolitics Barth Rosenzweig and the Politics of Praise overcomes false dichotomies between reason and faith spawned by modernity's emphasis on rationalism arguing that such errors are overcome by a theology of testimony exemplified in the thought of Karl Barth and Franz Rosenzweig Rejecting the neo Kantian emphasis on moral self reliance Barth and Rosenzweig present what Rashkover terms a theology of testimony to the God who loves through the event of divine election Moreover determined by their scriptural theologies of testimony Barth and Rosenzweig present a parallel re interpretation of the Word of God that re enlivens the meaningful and non dogmatic character of Jewish and Christian religious life and strengthens them to provide a voice of cultural criticism and faithful witness in the context of the challenges posed by contemporary society **God, the Mind's Desire** Paul D. Janz, 2004-05-06 This 2004 book reconfigures the basic problem of Christian thinking How can human discourse refer meaningfully to a transcendent God as a twofold demand for integrity integrity of reason and integrity of transcendence Centring around a provocative yet penetratingly faithful re reading of Kant's empirical realism and drawing on an impelling confluence of contemporary thinkers including MacKinnon Bonhoeffer Marion Putnam Nagel Paul D Janz argues that theology's referent must be located within present empirical reality Rigorously reasoned yet refreshingly

accessible throughout this book provides an important attentively informed alternative to the growing trends toward obscurantism radicalization and anti reason in many recent assessments of theological cognition while remaining equally alert to the hazards of traditional metaphysics In the book s culmination epistemology and Christology converge around problems of noetic authority and orthodoxy with a kind of innovation depth and straightforwardness that readers of theology at all levels of philosophical acquaintance will find illuminating

**Facing the Other** Nigel Zimmermann, 2016-03-31 What is the significance of the body What might phenomenology contribute to a theological account of the body And what is gained by prolonging the overlooked dialogue between St John Paul II and Emmanuel Levinas Nigel Zimmermann answers these questions through the agreements and the tensions between two of the most important thinkers of the twentieth century John Paul II the Polish pope philosopher and theologian and Emmanuel Levinas the French Jewish philosopher of Lithuanian heritage were provocative thinkers who courageously faced and challenged the assumptions of their age Both held the human person in high regard and did their thinking with constant reference to God and to theological language Zimmermann does not shirk from the challenges of each thinker and does not hide their differences However he shows how they bequeath a legacy regarding the body that we would overlook at significant ethical peril We are called Zimmermann argues to face the other In this moment God refuses a banal marginalisation and our call to responsibility for the other person is issued in their disarming vulnerability In the body philosophy theology and ethics converge to call us to glory even in the paradox of lowly suffering

Hope in a Secular Age David Newheiser, 2019-12-19 Uses premodern theology and postmodern theory to show the endurance of religious and political commitments through the practice of hope
