Against The Flow The Inspiration Of Daniel In An Age Of Relativism:

Against the Flow John C Lennox, 2015-03-20 Daniel's story is one of extraordinary faith in God lived out at the pinnacle of executive power. It tells of four teenage friends born in the tiny state of Judah about twenty six centuries ago but captured by Nebuchadnezzar emperor of Babylon. Daniel describes how they eventually rose to the top echelons of administration. Daniel and his friends did not simply maintain their private devotion to God; they maintained a high profile witness in a pluralistic society antagonistic to their faith. That is why their story has such a powerful message for us. Society tolerates the practice of Christianity in private and in church services but it increasingly deprecates public witness. If Daniel and his compatriots were with us today they would be in the vanguard of the public debate. What was it that gave that ancient foursome Daniel and his three friends the strength and conviction to be prepared often at great risk to swim against the flow? **Getting at Jesus**

Peter S. Williams, 2019-01-29 Portraying themselves as challenging blind religious dogma with evidence led skepticism the neo atheist movement claims that the New Testament contains unreliable tales about a mythical figure who far from being the resurrected Lord of life may not even have lived. This comprehensive critique documents the falsehood of these neo atheist claims correcting their historical and philosophical mistakes to show how we can get at the truth about the historical Jesus. **Outgrowing God?** Peter S. Williams, 2020-09-30 Join a cast of characters with different perspectives thinking through some of the biggest questions in life as they discuss atheist Richard Dawkins's book *Outgrowing God: A Beginner's Guide*. Written in the form of a dialogue between members of a student book club *Outgrowing God: A Beginner's Guide* to Richard Dawkins and the God Debate encourages critical thinking about Professor Dawkins's arguments concerning God.

Jesus and the Bible **The Bible and Ethics** David Gooding, John Lennox, How can one book be so widely appreciated and so contested? Millions revere it and many ridicule it but the Bible is often not allowed to speak for itself. Key Bible Concepts explores and clarifies the central terms of the Christian gospel. Gooding and Lennox provide succinct explanations of the basic vocabulary of Christian thought to unlock the Bible's meaning and its significance for today. **The Definition of Christianity** David Gooding, John Lennox, Who gets to determine what Christianity means? Is it possible to understand its original message after centuries of tradition and conflicting ideas? Gooding and Lennox throw fresh light on these questions by tracing the Book of Acts historical account of the message that proved so effective in the time of Christ's apostles. Luke's record of its confrontations with competing philosophical and religious systems reveals Christianity's own original and lasting definition. **Being Played: Gadamer and Philosophy's Hidden Dynamic** Jeremy Sampson, 2019-09-02 Are we being played? Is our understanding of the traditionally fixed and static concepts of philosophy based on an oversimplification? This book explores some of the theories of the self since Descartes together with the rationalism and the empiricism that sustain these ideas and draws some startling conclusions using Gadamer's philosophical study of play as its starting point. Gadamer's ludic theory Sampson argues reveals a dynamic of play that exists at the deepest level of philosophy. It is this dynamic that could

provide a solution in relation to the Gadamer Habermas hermeneutics debate and the Gadamer Derrida relativism debate together with a theory of totality Sampson shows how ludic theory can be a game changer in understanding the relationship between philosophy and literature exploring the dynamic between the fictive and non fictive worlds These worlds are characterized simultaneously by sameness univocity of Being and difference equivocity of Being The book questions Heidegger s idea that the univocity of Being is universal instead maintaining that the relationship between the univocity of Being and equivocity of Being is real and that ontological mediation is required to present them as a unified whole Using the works of Shakespeare Beckett and Wilde Sampson contends that such a mediation termed the ludicity of Being takes place between literature and its audience This literary example has profound implications not only for literature and its attendant theories but also for philosophy in particular ontology and hermeneutics

Key Bible Concepts David Gooding, John Lennox, How can one book be so widely appreciated and so contested Millions revere it and many ridicule it but the Bible is often not allowed to speak for itself Key Bible Concepts explores and clarifies the central terms of the Christian gospel Gooding and Lennox provide succinct explanations of the basic vocabulary of Christian thought to unlock the Bible s meaning and its significance for today

Christianity: Opium or Truth David Gooding, John Lennox, 2014 Is Christianity just a belief that dulls the pain of our existence with dreams that are beautiful but false Or is it an accurate account of reality our own condition and God s attitude toward us Gooding and Lennox address crucial issues that can make it difficult for thoughtful people to accept the Christian message They answer those questions and show that clear thinking is not in conflict with personal faith in Jesus Christ

Every Believer Confident Mark J. Farnham, 2021-02-06 For the average Christian who longs to share their faith effectively but doesn t know where to begin Every Believer Confident is the ultimate guidebook All believers are called to make disciples and give an answer when objections are raised against the faith Most Christians want to share and defend their beliefs but they often feel ill equipped They desire to reach friends family coworkers and classmates with the good news of Jesus Christ but lack confidence and skill They want to be like Jesus and effectively engage the lost with the powerful truth of the gospel They just don t know how What s needed is a way to simplify apologetics and make it accessible to the average church member who will never study philosophy or science If every church member was indeed a skilled evangelist churches would not have to depend on come and see events to reach the community because every member would be practicing the go and tell approach Scripture assumes Every Believer Confident Apologetics for the Ordinary Christian simplifies the basic principles of apologetics and provides effective strategies for use in actual encounters with unbelievers It provides a structure whereby any Christian can engage anyone they meet move the conversation to spiritual matters answer objections raised against the Christian faith and present the gospel of Christ in all its glory and rationality

The Bible and the Holographic Universe Cynthia C. Polsley, 2022-04-13 From holographic illusions, simulated worlds, and parallel universes to the multiverse from The Matrix, Star Trek, Marvel, and DC Comics to Netflix and mobile games, today's popular imagination is caught up with realities beyond our own. Decades ago, cosmologists speculated that our universe might be a gigantic holographic image. Since then, the holographic principle has only gained traction. What is the holographic universe, and how does it align with the Bible's picture of reality and Jesus Christ? Are we a computer simulation? Did aliens spark human life? Is a multiverse a problem for God? Do time and free will exist? What does it all mean for Christians? Introducing the holographic principle and exploring implications of other worlds through a Christian lens, this basic guide gives individuals and small groups a perspective of eternal investment, prayer, study, and intentional living that focuses on the Bible as the unchanging source of truth, presenting practical information for sorting fact from fiction, engaging with modern culture, and finding a firmer worldview in Christ. Not only is a holographic universe no threat to the Gospel, but the Bible points to a higher reality, hinting at the fingerprints of God in holographic theory.

Against the Flow Study Guide John C. Lennox, Joseph McRae Mellichamp, 2024-09-19 Then King Darius sent this message to the people of every race and nation and language throughout the world: I decree that everyone throughout my kingdom should tremble with fear before the God of Daniel. For he is the living God, and he will endure forever. Daniel 6:25-6. God, AI and the End of History John C. Lennox, 2025-07-17 Are Artificial Intelligences the Future's False Gods? In *God, AI and the End of History*, renowned author and Oxford mathematician John Lennox explores the explosive intersection of artificial intelligence, biblical prophecy, the Antichrist, and the end times. As Artificial Intelligence (AI) technology advances at an unprecedented pace, many experts are asking: Could AI or Artificial Super Intelligences (ASI) one day dominate the world? Unlike other books on AI or biblical prophecy, Lennox breaks new ground by connecting the rise of superintelligent

machines with the apocalyptic visions recorded in Revelation He warns that future developments in AI could deceive billions just as foretold in Scripture engineered by the one Jesus called the father of lies and whom the apostle John identified as the Antichrist This compelling deeply researched book offers a unique Christian perspective on AI ethics and eschatology challenging readers to rethink how Jesus final message to his followers may speak directly to our rapidly changing technological world If you re questioning AI and curious about what the Bible prophecy and emerging technologies reveal about end time events this is the essential guide you ve been waiting for **Know. Be. Live.®** John D. Basie,2021-10-12 Over the last few years the literature on Generation Z has grown rapidly However there is little that directly addresses the destructive cultural challenges to proactive discipling in this generation Know Be Live offers a holistic 360 degree approach to discipleship in a post Christian era It combines expert thought on faith and culture to equip Christ following parents of teenagers college students campus ministers and pastors **And You Shall Be My Witnesses** Robert Kelvin Gee,2022-08-08 Confusion false doctrine and sheer foolishness continue to overwhelm the evangelical church especially in the United States of America and in Europe It is important that Christians and local churches get back to basics which means discovering how to live as followers of Christ and spread the Word Robert Kelvin Gee suggests that the best way to do this is to study how they did church at the very beginning The Acts of the Apostles shows us this so clearly This book will take you verse by verse through the first twelve chapters of Acts using a question and answer format to reveal how the church was born how it grew and how believers can ensure it stays on track Get answers to questions such as Why were the disciples commanded to stay in Jerusalem What is the purpose of the Holy Spirit s baptism Did Jesus ascend from the Mount of Olives or from Bethany And were there angels present or not Learn about the early church ignite your faith and spread the Word with the lessons and insights in this book **Winsome Persuasion** Tim Muehlhoff,Richard Langer,2017-06-13 The task of bearing faithful witness to Jesus in our post Christian society is complicated What should our interactions with the dominant cultural ethos look like How might we be both persuasive and civil Integrating communications and theology this model for cultural engagement offers a compelling vision of public engagement that is both shrewd and gracious **Philosophy's Gambit: Play and Being Played** Jeremy Sampson,2025-01-07 Living in an era of immense and bewildering change in technology pandemic and war humanity has had cause to challenge the apparent old fixities and certainties of life Essentially are we being played The premise of this volume is that all of human life is underpinned by powerful dynamic systems so tightly interwoven into our daily lives that we are barely aware of them whose true nature only comes to light at times of profound disruption or crisis These powerful dynamic systems philosophical or otherwise often fall under the umbrella of ludic theory Within these pages some of the leading thinkers of ludic theory from three continents explore its diversity and relevance through the perspectives of some of the world s most famous philosophers In many ways this volume follows on from Sampson s Being Played Gadamer and Philosophy s Hidden Dynamic 2019 It also draws upon other ludic centred and

ludic inspired texts that include Mattice s Metaphor and Metaphilosophy 2014 and Arthos Gadamer s Poetics A Critique of Modern Aesthetics 2014 together with Frazier s Reality Religion and Passion 2009 and Homan s A Hermeneutics of Poetic Education 2020 Although this is not the first volume offering an integrated approach to ludic theory see Ryall ed The Philosophy of Play 2013 it offers a diverse and detailed approach to the subject including not only Western philosophers but also thinkers from Ancient China 16th century India and modern South America This volume will be not only of interest to scholars and students of ludic theory and philosophy in general but because of its deliberate globalised content it is hoped it might have a wider appeal globally as humanity continues to grapple with significant challenges created by these current winds of change
