MARY NYQUIST

Arbitrary Rule Slavery Tyranny And The Power Of Life And Death

Daniel Lee

Arbitrary Rule Slavery Tyranny And The Power Of Life And Death:

Arbitrary Rule Mary Nyquist, 2015-02-24 Slavery appears as a figurative construct during the English revolution of the mid seventeenth century and again in the American and French revolutions when radicals represent their treatment as a form of political slavery What if anything does figurative political slavery have to do with transatlantic slavery In *Arbitrary Rule* Mary Nyquist explores connections between political and chattel slavery by excavating the tradition of Western political thought that justifies actively opposing tyranny She argues that as powerful rhetorical and conceptual constructs Greco Roman political liberty and slavery reemerge at the time of early modern Eurocolonial expansion they help to create racialized free national identities and their unfree counterparts in non European nations represented as inhabiting an earlier privative age *Arbitrary Rule* is the first book to tackle political slavery's discursive complexity engaging Eurocolonialism political philosophy and literary studies areas of study too often kept apart Nyquist proceeds through analyses not only of texts that are canonical in political thought by Aristotle Cicero Hobbes and Locke but also of literary works by Euripides Buchanan Vondel Montaigne and Milton together with a variety of colonialist and political writings with special emphasis on tracts written during the English revolution She illustrates how antityranny discourse which originated in democratic Athens was adopted by republican Rome and revived in early modern Western Europe provided members of a free community with a means of protesting a threatened reduction of privileges or of consolidating a collective political identity Its semantic complexity however also enabled it to legitimize racialized enslavement and imperial expansion Throughout Nyquist demonstrates how principles relating to political slavery and tyranny are bound up with a Roman jurisprudential doctrine that sanctions the power of life and death held by the slaveholder over slaves and by extension the state its representatives or its laws over its citizenry

The Problem of the Christian Master Matthew Elia, 2024-05-28 A bold rereading of Augustinian thought for a world still haunted by slavery Over the last two decades scholars have made a striking return to the resources of the Augustinian tradition to theorize citizenship virtue and the place of religion in public life However these scholars have not sufficiently attended to Augustine's embrace of the position of the Christian slaveholder To confront a racialized world the modern Augustinian tradition of political thought must reckon with its own entanglements with the afterlife of the white Christian master Drawing Augustine's politics and the resources of modern Black thought into extended dialogue Matthew Elia develops a critical analysis of the enduring problem of the Christian master even as he presses toward an alternative interpretation of key concepts of ethical life agency virtue temporality against and beyond the framework of mastery Amid democratic crises and racial injustice on multiple fronts the book breathes fresh life into conversations on religion and the public square by showing how ancient and contemporary sources at once clash and converge in surprising ways It imaginatively carves a path forward for the enduring humanities inquiry into the nature of our common life and the perennial problem of social and political domination

The Social and Political Philosophy of Mary Wollstonecraft Sandrine

Berges, Alan Coffee, 2016 *The Social and Political Philosophy of Mary Wollstonecraft* brings together new essays from leading scholars which explore Wollstonecraft's range as a moral and political philosopher of note taking both a historical perspective and applying her thinking to current academic debates *Popular Sovereignty in Early Modern Constitutional Thought* Daniel Lee, 2016 Popular sovereignty the doctrine that the public powers of state originate in a concessive grant of power from the people is perhaps the cardinal doctrine of modern constitutional theory placing full constitutional authority in the people at large rather than in the hands of judges kings or a political elite Although its classic formulation is to be found in the major theoretical treatments of the modern state such as in the treatises of Hobbes Locke and Rousseau this book explores the intellectual origins of this doctrine and investigates its chief source in late medieval and early modern thought Long regarded the principal source for modern legal reasoning Roman law had a profound impact on the major architects of popular sovereignty such as Francois Hotman Jean Bodin and Hugo Grotius Adopting the juridical language of obligations property and personality as well as the model of the Roman constitution these jurists crafted a uniform theory that located the right of sovereignty in the people at large as the legal owners of state authority In recovering the origins of popular sovereignty the book demonstrates the importance of the Roman law as a chief source of modern constitutional thought

Historicizing the Enlightenment, Volume 1 Michael McKeon, 2023-07-14 This book historicizes the British Enlightenment 1650 1800 as the beginning of the modern world by reconstructing what it was like to live through the emergence of concepts and practices that have come to define the character of daily existence *The Darkened Light of Faith* Melvin L. Rogers, 2025-01-28 A powerful new account of what a group of nineteenth and twentieth century African American activists intellectuals and artists can teach us about democracy Could the African American political tradition save American democracy African Americans have had every reason to reject America's democratic experiment Yet African American activists intellectuals and artists who have sought to transform the United States into a racially just society have put forward some of the most original and powerful ideas about how to make America live up to its democratic ideals In *The Darkened Light of Faith* Melvin Rogers provides a bold new account of African American political thought through the works and lives of individuals who built this vital tradition a tradition that is urgently needed today The book reexamines how figures as diverse as David Walker Frederick Douglass Anna Julia Cooper Ida B Wells W E B Du Bois Billie Holiday and James Baldwin thought about the politics people character and culture of a society that so often dominated them Sharing a light of faith darkened but not extinguished by the tragic legacy of slavery they resisted the conclusion that America would always be committed to white supremacy They believed that democracy is always in the process of becoming and that they could use it to reimagine society But they also saw that achieving racial justice wouldn't absolve us of the darkest features of our shared past and that democracy must be measured by how skillfully we confront a history that will forever remain with us An ambitious account of the profound ways African Americans have reimagined democracy *The Darkened Light of Faith* offers

invaluable lessons about how to grapple with racial injustice and make democracy work *Rogue Sexuality in Early Modern English Literature* Ari Friedlander, 2022 Discusses the way that the figure of the rogue persistently conflates sexual and social deviance and argues that the association between roguery and disorderly sexuality is key to understanding early modern relationships between sexuality status and biopolitics **Sovereignty** Christopher Smith, 2022-11-03 This volume brings the concept of sovereignty into a fresh light through a study of its long history and the realities of a globalised world

The Right of Sovereignty Daniel Lee, 2021 This book examines the origins of the principle of sovereignty in the legal and political thought of its most influential theorist Jean Bodin It explores Bodin's creative synthesis of classical sources in philosophy history and the medieval legal science of Roman and canon law in crafting the rules governing state centric politics *Time, Temporality and Violence in International Relations* Anna M. Agathangelou, Kyle D. Killian, 2016-03-02 Time transforms the way we see world politics and insinuates itself into the ways we act In this groundbreaking volume Agathangelou and Killian bring together scholars from a range of disciplines to tackle time and temporality in international relations The authors critical theorists artists and poets theorize and speak from the vantage point of the anticolonial postcolonial and decolonial event They investigate an array of experiences and structures of violence oppression neocolonization slavery war poverty and exploitation focusing on the tensions produced by histories of slavery and colonization and disrupting dominant modes of how we understand present times This edited volume takes IR in a new direction defatalizing the ways in which we think about dominant narratives of violence peace and liberation and renewing what it means to decolonize today's world It challenges us to confront violence and suffering and articulates another way to think the world arguing for an understanding of the present as a vulnerable space through which radically different temporal experiences appear And it calls for a disruption of the everyday politics of expediency in the guise of neoliberalism and security This volume reorients the ethical and political assumptions that affectively imaginatively and practically captivate us simultaneously unsettling the familiar but dubious promises of a modernity that decimates political life Re animating an international political the authors evoke people's struggles and movements that are neither about redemption nor erasure but a suspension of time for radical new beginnings On Mercy Malcolm Bull, 2019-05-14 Is mercy more important than justice Since antiquity mercy has been regarded as a virtue The power of monarchs was legitimated by their acts of clemency their mercy demonstrating their divine nature Yet by the end of the eighteenth century mercy had become an injustice committed against society a manifest vice Mercy was exiled from political life How did this happen In this book Malcolm Bull analyses and challenges the Enlightenment's rejection of mercy A society operating on principles of rational self interest had no place for something so arbitrary and contingent and having been excluded from Hobbes's theory of the state and Hume's theory of justice mercy disappeared from the lexicon of political theory But Bull argues these idealised conceptions have proved too limiting Political realism demands recognition of the foundational role of mercy in society If we are vulnerable to

harm from others we are in need of their mercy By restoring the primacy of mercy over justice we may constrain the powerful and release the agency of the powerless And if arguments for capitalism are arguments against mercy might the case for mercy challenge the very basis of our thinking about society and the state An important contribution to contemporary political philosophy from an inventive thinker On Mercy makes a persuasive case for returning this neglected virtue to the heart of political thought

Rebel Barons Luke Sunderland, 2017 Ambivalence towards kings and other sovereign powers is deep seated in medieval culture sovereigns might provide justice but were always potential tyrants who usurped power and stole through taxation Rebel Barons writes the history of this ambivalence which was especially acute in England France and Italy in the twelfth to fifteenth centuries when the modern ideology of sovereignty arguing for monopolies on justice and the legitimate use of violence was developed Sovereign powers asserted themselves militarily and economically provoking complex phenomena of resistance by aristocrats This volume argues that the chansons de geste the key genre for disseminating models of violent noble opposition to sovereigns offer a powerful way of understanding acts of resistance Traditionally seen as France's epic literary monuments the Chanson de Roland is often presented as foundational of French literature chansons de geste in fact come from areas antagonistic to France such as Burgundy England Flanders Occitania and Italy where they were reworked repeatedly from the twelfth century to the fifteenth and recast into prose and chronicle forms Rebel baron narratives were the principal vehicle for aristocratic concerns about tyranny for models of violent opposition to sovereigns and for fantasies of escape from the Carolingian world via crusade and Oriental adventures Rebel Barons reads this corpus across its full range of historical and geographical relevance and through changes in form as well as placing it in dialogue with medieval political theory to bring out the contributions of literary texts to political debates Revealing the widespread and long lived importance of these anti royalist works supporting regional aristocratic rights to feud and revolt Rebel Barons reshapes our knowledge of reactions to changing political realities at a crux period in European history

Milton in the Long Restoration Blair Hoxby, Ann Baynes Coiro, 2016 Milton criticism often treats the poet as if he were the last of the Renaissance poets or a visionary prophet who remained misunderstood until he was read by the Romantics At the same time literary histories of the period often invoke a long eighteenth century that reaches its climax with the French Revolution or the Reform Bill of 1832 What gets overlooked in such accounts is the rich story of Milton's relationship to his contemporaries and early eighteenth century heirs The essays in this collection demonstrate that some of Milton's earliest readers were more perceptive than Romantic and twentieth century interpreters The translations editions and commentaries produced by early eighteenth century men of letters emerge as the seedbed of modern criticism and the term neoclassical is itself unmasked as an inadequate characterization of the literary criticism and poetry of the period a period that could brilliantly define a Miltonic sublime even as it supported and described all the varieties of parody and domestication found in the mock epic and the novel These essays which are written by a team of leading Miltonists and

scholars of the Restoration and eighteenth century cover a range of topics from Milton's early editors and translators to his first theatrical producers from Miltonic similes in Pope's Iliad to Miltonic echoes in Austen's Pride and Prejudice from marriage to slavery to republicanism to the heresy of Arianism What they share in common is a conviction that the early eighteenth century understood Milton and that the Long Restoration cannot be understood without him *The Concept of Nature in Early Modern English Literature* Peter Remien, 2019-02-14 Participates in an intellectual history of ecology while prompting a re-evaluation of nature in the early modern period Freud and Said Robert K. Beshara, 2020-10-30 This book examines the theoretical links between Edward W Said and Sigmund Freud as well the relationship between psychoanalysis postcolonialism and decoloniality more broadly The author begins by offering a comprehensive review of the literature on psychoanalysis and postcolonialism which is contextualized within the apparatus of racialized capitalism In the close analysis of the interconnections between the Freud and Said that follows there is an attempt to decolonize the former and psychoanalyze the latter He argues that decolonizing Freud does not mean canceling him rather he employs Freud's sharpest insights for our time by extending his critique of modernity to coloniality It is also advanced that psychoanalyzing Said does not mean psychologizing the man instead the book's aim is to demonstrate the influence of psychoanalysis on Said's work It is asserted that Said began with Freud repressed him and then Freud returned Reading Freud and Said side by side allows for the theorization of what the author calls contrapuntal psychoanalysis as liberation praxis which is discussed in depth in the final chapters This book which builds on the author's previous work Decolonial Psychoanalysis will be a valuable text to scholars and students from across the psychology discipline with an interest in Freud Said and the broader relationship between psychoanalysis and colonialism **Futures of Black Radicalism** Gaye Theresa Johnson, Alex Lubin, 2017-08-29 Black rebellion has returned with dramatic protests in scores of cities and campuses bringing with it a renewed engagement with the history of Black radical movements and thought Here key scholarly voices from a wide array of disciplines recall the powerful tradition of Black radicalism as it developed in the nineteenth and twentieth centuries while defining new directions for Black radical thought In a time when activists in Ferguson Palestine Baltimore and Hong Kong immediately make connections between their movements this book makes clear that new Black radical politics are thoroughly internationalist and redraws the links between Black resistance and anti-capitalism Featuring the key voices in the new intellectual wave of Black radical thinking this collection outlines one of the most vibrant areas of thought today With contributions from Cedric Robinson Elizabeth Robinson Steven Osuna Nikhil Pal Singh Damien Sojoyner Franoise Vergs Fred Moten Stefano Harney Jordan T Camp Christina Heatherton George Lipsitz Greg Burris Paul Ortiz Darryl C Thomas Avery Gordon Shana L Redmond Kwame M Phillips Ruth Wilson Gilmore Angela Davis and Robin D G Kelley **The Slave in Legal and Political Philosophy** Tom Frost, 2025-02-18 This book explores how the figure of the slave has been used to construct ideas of freedom in Western political and legal philosophy The figure of the slave has supported philosophical and

legal defences of colonialism coloniality and the supremacy of the white subject Yet for Giorgio Agamben the slave stands almost counterintuitively as an exemplar of a potential form of future positive political existence Developing this line of thought the book reads key thinkers Agamben engages with in his thought and writings including Aristotle Saint Paul and G W F Hegel and draws on decolonial theory to argue that the lives of people who were enslaved and unfree and their actions and gestures can point towards a paradigmatic form of political belonging By reading Agamben in a decolonial direction we can imagine alternative forms of agency recognition and subjectivity which can challenge the necropolitical world of racial capitalism in which we live This study will appeal to scholars researchers and graduate students with an interest in the thought of Giorgio Agamben radical politics legal and political philosophy and decolonial theory [The Philosophy of Mary Astell](#) Jacqueline Broad,2015 Jacqueline Broad presents a new account of the philosophy of Mary Astell 1666 1731 which situates Astell s feminist political and religious views in the context of her wider philosophical vision She argues that at the heart of Astell s thought lies a theory of virtue which emphasises generosity of character benevolence and moderation

Literature and Political Intellection in Early Stuart England Todd Wayne Butler,2019 Todd Butler charts how some of the Stuart period s major challenges to governance evoked much greater disputes about the mental processes by which monarchs and subjects imagined and effected political action He draws upon a myriad of literary and political texts including the work of Francis Bacon John Donne Philip Massinger and John Milton [The Routledge Handbook of Women and Early Modern European Philosophy](#) Karen Detlefsen,Lisa Shapiro,2023-06-19 The Routledge Handbook of Women and Early Modern European Philosophy is an outstanding reference source for the wide range of philosophical contributions made by women writing in Europe from about 1560 to 1780 It shows the range of genres and methods used by women writing in these centuries in Europe thus encouraging an expanded understanding of our historical canon Comprising 46 chapters by a team of contributors from all over the globe including early career researchers the Handbook is divided into the following sections I Context II Themes A Metaphysics and Epistemology B Natural Philosophy C Moral Philosophy D Social Political Philosophy III Figures IV State of the Field The volume is essential reading for students and researchers in philosophy who are interested in expanding their understanding of the richness of our philosophical past including in order to offer expanded more inclusive syllabi for their students It is also a valuable resource for those in related fields like gender and women s studies history literature sociology history and philosophy of science and political science

Arbitrary Rule Slavery Tyranny And The Power Of Life And Death Introduction

In today's digital age, the availability of Arbitrary Rule Slavery Tyranny And The Power Of Life And Death books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Arbitrary Rule Slavery Tyranny And The Power Of Life And Death books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Arbitrary Rule Slavery Tyranny And The Power Of Life And Death books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Arbitrary Rule Slavery Tyranny And The Power Of Life And Death versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Arbitrary Rule Slavery Tyranny And The Power Of Life And Death books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Arbitrary Rule Slavery Tyranny And The Power Of Life And Death books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Arbitrary Rule Slavery Tyranny And The Power Of Life And Death books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a nonprofit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts

Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Arbitrary Rule Slavery Tyranny And The Power Of Life And Death books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Arbitrary Rule Slavery Tyranny And The Power Of Life And Death books and manuals for download and embark on your journey of knowledge?

FAQs About Arbitrary Rule Slavery Tyranny And The Power Of Life And Death Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Arbitrary Rule Slavery Tyranny And The Power Of Life And Death is one of the best book in our library for free trial. We provide copy of Arbitrary Rule Slavery Tyranny And The Power Of Life And Death in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Arbitrary Rule Slavery Tyranny And The Power Of Life And Death. Where to download Arbitrary Rule Slavery Tyranny And The Power Of Life And Death online for free? Are you looking for Arbitrary Rule Slavery Tyranny And The Power Of Life And Death PDF? This is definitely going to save you time and cash in something you should think about.
