Incorporating Patient Knowledge in Japan and the UK Miho Ushiyama, 2019-08-29 Since the turn of the millennium the potential for patients knowledge to contribute to medical knowledge has been increasingly recognized by medical sociologists and anthropologists Where previously such knowledge may have been written off as beliefs and assumed to be inaccurate when it contradicted established medical science it is increasingly recognized that patients especially those with chronic conditions can add a valuable perspective to the clinical knowledge of medical professionals Sometimes this means working together to reassess

treatment priorities and at other times it may mean a patient led movement to influence the direction of new research based on patients experiences Ushiyama takes the case of eczema atopic dermatitis a chronic condition with a history of patient led controversy over treatment methods as a case study in how patient knowledge has come to affect change in medical practice Comparing ethnographic fieldwork from Japan and the UK she builds a complex picture of the differences in approach to treatment in light of attitudes to patients knowledge *Living With Eczema: Mom Asks, Doc Answers!* Hugo Van Bever, Mei Hua (Marcie mom) Yee, 2014-06-02 This book is a unique collaboration between a mother of a child with atopic dermatitis AD and the doctor who is treating the child it offers practical information on AD recent research findings and tackles many aspects of living with eczema that patients have through the conversation between the mother and doctor Therefore this book is an up to date comprehensive resource for people suffering from AD parents of children who suffer from AD and practitioners who treat AD In brief for everybody interested in AD This book s importance in atopic dermatitis lies not only in its up to date comprehensive information but also in that it offers an avenue where patients can have their questions answered by a doctor via the Q A between the mother and the doctor Patients may not be able to ask all the questions on their mind in a consultation and this book totaling over 100 questions will have many of them answered **Hospital Medicine**, 2001
