

Foreword

The information contained in this service manual has been prepared for the professional automotive technician involved in daily repair operations. Information in this manual is divided into groups. Each group covers a general vehicle system (brakes, steering, body, etc.) Each group is further divided to address individual components or systems within the group.

The Component and System Index will assist you in locating the correct group for the component or system you require.

These groups contain general information, diagnosis, testing, adjustment, removal and installation, assembly and disassembly procedures for the components.

The diagnosis charts are designed to help you locate and correct problems with a systematic approach. The tab locator at the right side of this page will help you to quickly locate the first page of each group. The first page of each group contains an alphabetical index to assist in the location of the component or system.

The information, descriptions, testing procedures and specifications were in effect at the time this manual was released for printing.

Information describing the operation and use of standard and optional equipment is included in the Operating Instructions and Product Information manual located in the glove box.
