application many still feel unsatisfied and feel that they are not getting the most out of the suite as they should or are still unaware of many new functions and features that could help them use the software more efficiently and more beneficially for their job or business. After all, something this large and complicated should be able to solve lots of problems and make the user's life easier and more productive. This book is designed to bridge the gap between the user's expectation and demands and reality between investment and payback and between problem and solution. Using little known or newly discovered insider techniques, shortcuts, and best practices, this book will provide the reader with incredibly useful real world solutions that will help them get the most out of all of the Office 2007 applications. Microsoft Office System Michael J.
