Now enjoy the classic tale that started them all **Selected Works of Laura Lee Hope** Laura Lee Hope, Oh Bunny Here comes Bunker Blue Where is he I don't see him Bunny Brown and his Sister Sue were playing on the shady side porch of their house one morning when the little girl looking up from a cracker box which had been made into a bed where she was putting her doll to sleep saw a tall boy walking up the path. There's Bunker went on Sue to her brother Bunny at the same time pointing Maybe he's come to take us for a ride in one of daddy's fishing boats. Have you Bunker asked Bunny standing up and brushing some shavings from his little jacket for he had been using a dull kitchen knife trying to whittle out a wooden boat from a piece of curtain stick. Oh Bunker have you. Have I what asked the tall boy who worked on the dock where Mr Brown the father of Bunny and Sue carried on a boat and fish business. Have I what Bunker asked again and he stood still and gazed at the two small children who were anxiously looking at him. Have you come to take us for a ride asked Bunny. In one of daddy's boats added Sue who generally waited for her brother to speak first since he was a year older than she. Not this time messmates answered Bunker Blue with a laugh calling the children the name one sailor sometimes gives to another. Not this time messmates I've come up to get the ark. Oh the ark cried Bunny. Did you hear that Sue Bunker has come up to get the ark. Oh Oh and Sue fairly squealed in delight. Then we'll have a nice ride in that. Wait Bunker till I put my doll away and I'll come with you. Wait for me. And I'll come too added Bunny. I can bring my boat with me. Tisn't all done yet he added but I can whittle on it when we ride along and then I can sail it when we get to the dock. Now avast there and belay messmates cried Bunker Blue with a laugh using some more of the kind of talk he heard among the sailors that came to Mr Brown's dock with boats of fish. Wait a minute I didn't say I had come to give you a ride in the ark I just came to get it. But you will let us ride won't you Bunker asked Bunny smiling at the tall boy. Cause we'll sit just as still as anything added Sue. And I won't touch the steering wheel not once promised Bunny. I guess you'd better not not after you once got almost run away with in the big ark said Bunker. I should say not. Oh please let us come with you begged Sue. We want awful much to ride in the ark. Bunker While the two children were talking to the tall boy another little girl had crawled under the fence from the street and was now standing near Bunny and his sister. She was Sadie West one of Sue's chums and when she heard Bunny's sister begging for a ride in the ark Sadie said Oh Sue is he going to take your Noah

s ark away I wouldn't let him if I were you It isn't Noah's ark at all Sue explained We call the big automobile that we had such a long ride in the ark It looks a little like a Noah's ark but it's bigger and we can all get in it she added Oh exclaimed Sadie I thought Bunker meant he was going to take your little ark and all the wooden animals away she added Not this time said Bunker Blue Your father sent me up Bunny to get the big auto the ark as you call it It's got to be fixed and I'm to drive it to the shop over at East Milford That's why I came up Where's your mother I want to tell her I'm taking away the ark so she won't think some tramps or some gypsies have run off with it I'll call her Sue said while Bunny kept on brushing the tiny whittlings from his jacket and short trousers And there was a queer look on the face of Bunny Brown

The Deep Nick Cutter, 2024-12-10 A strange plague called the Gets is decimating humanity on a global scale It causes people to forget small things at first like where they left their keys then the not so small things like how to drive or the letters of the alphabet Then their bodies forget how to function involuntarily and there is no cure But now far below the surface of the Pacific Ocean deep in the Marianas Trench an heretofore unknown substance hailed as ambrosia has been discovered a universal healer from initial reports It may just be the key to a universal cure In order to study this phenomenon a special research lab the Trieste has been built eight miles under the sea's surface But now the station is incommunicado and it's up to a brave few to descend through the lightless fathoms in hopes of unraveling the mysteries lurking at those crushing depths
