Introduction to Islamic Medicine Muhammad Salim Khan, 2009 **The Book of Natural Medicine from the Sunnah** IDP Research Division, 2019-02-05 Throughout the history of humankind man has been searching for cures for his many ailments No doubt many of our modern ailments are brought about by a libertine lifestyle coupled with a lack of faith and weakness of belief in our Creator The Prophet Muhammad S was sent as a guide and mercy for all of humankind and as such was given wisdom by Allah that is beneficial to humanity The medicine of the Prophet S is not restricted to spiritual healing alone In fact it balances the healing of the soul and the physical body in order to prepare man for a better life in the Hereafter The Prophets deliver remedies that cure the heart from whatever afflicts it These Prophetic remedies strengthen the heart and increase the reliance and dependence on Allah They also aid in seeking refuge being humble and showing meekness before Him begging Him giving charity and supplicating to Him It includes repenting to Allah seeking His forgiveness practicing kindness towards His creation and aiding those in desperate need and those who have suffered a calamity These cures have been tried by various nations who have found them to carry the cure that doctors can never prescribe on their own whether by experimentation or scientific observations Prophetic cures are found to be more powerful than any type of regular medicine The hearts that are connected with the Lord of the Worlds the Creator of the illness and its cure and He Who governs the affairs of everything and everyone require special types of remedies that are nothing like those required for the hearts that are far away from their Lord Besides whenever the soul and the heart become stronger spiritually they will cooperate to defeat the illness We are privileged to present this book Natural Medicine from the Sunnah based on an extracted work of Ibn Al Qayyim Al Jawziyyah to the readers in order to provide them with information

The Imams of the Ahl al Bayt peace be upon them were as concerned with treating the body as they were with treating the soul and their regard for the soundness of the body was similar to their regard for the refinement of the soul They were physicians of the soul and the body and Muslims would consult them for their physical illnesses as they would for curing their spiritual sicknesses This collection of Hadith is ample evidence of that The Imams peace be upon them were not merely conveyors of religious regulations and legislation but were leaders committed to caring for the Muslims equally concerned if such a term is correct with the health of their bodies and their beliefs such that they encouraged the learning of medicine al tibb In his comprehensive statement on the divisions of knowledge Ali b Abu Talib d 40 661 Amir al Mu minin peace be upon him combined it medicine with the knowledge of jurisprudence al fiqh saying There are four kinds of knowledge jurisprudence for religions medicine for bodies grammar for languages and study of the stars to recognize the seasons Much has been related from the Imams in collections of Hadith on medicine and preserving good health just as there are more descriptions of various remedies related from them Here for the reader are a small number of their sayings which are general rules for preserving health and physical well being *The Prophetic Medicine* Ibn Qayyim Al-Jawziah, 2004-09
