Martin Eden is a novel by American writer Jack London. The story revolves around a young lower class autodidact named Martin Eden and her struggle to become a writer in the face of great adversity. John Griffith London 1876-1916, commonly known as Jack London, was an American journalist, social activist, and novelist. He was an early pioneer of commercial magazine fiction, becoming one of the first globally famous celebrity writers who were able to earn a large amount of money from their writing. Other notable works by this author include *The Cruise of the Dazzler* (1902), *The Kempton Wace Letters* (1903), and *The Call of the Wild* (1903). Many vintage books such as this are increasingly scarce and expensive. We are republishing this volume now in an affordable modern high quality edition, complete with a specially commissioned new biography of the author.

Martin Eden (1909) by Jack London . NOVEL Jack London, 2018-10-21

Martin Eden is a 1909 novel by American author Jack London about a young proletarian autodidact struggling to become a writer. It was first serialized in *The Pacific Monthly* magazine from September 1908 to September 1909 and published in book form by Macmillan in September 1909. Eden represents writers' frustration with publishers by speculating that when he mails off a manuscript, a cunning arrangement of cogs immediately puts it in a new envelope and returns it automatically with a rejection slip, citation needed. The central theme of Eden's developing artistic sensibilities places the novel in the tradition of the *Kunstlerroman*, in which is narrated the formation and development of an artist.

Martin Eden, Jack London's semiautobiographical novel about a struggling young writer, is considered by many to be the author's most mature work. Personifying London's own dreams of education and literary fame as a young man in San Francisco, Martin Eden's impassioned but ultimately ineffective battle to overcome his bleak circumstances makes him one of the most memorable and poignant characters Jack London ever created. As Paul Berman points out in his Introduction: In *Martin Eden*, London created one of the great twisted heroes of American literature: a hero doomed from the outset because his own passions are bigger and more complicated than any man could bear.

Martin Eden Jack London Jack London, 2017-03-19

This book is a favorite among writers who relate to Martin Eden's speculation that when he mailed off a manuscript, there was no human editor at the other end, but a mere cunning arrangement of cogs that changed the manuscript from one envelope to another and stuck on the stamps, returning it automatically with a rejection slip. While some readers believe there is some resemblance between them, an important difference between Jack London and Martin Eden is that Martin Eden rejects socialism, attacking it as slave morality, and relies on a Nietzschean individualism. In a note to Upton Sinclair, Jack London wrote: "One of my motifs in this book was an attack on individualism in the person of the hero. I must have bungled for not a single reviewer has discovered it."
