Real Recognition Marie-Elisabeth Lei Pihl, 2022-10-03 Real Recognition investigates the complexities of literary and social recognition with the aim of putting a fresh cross disciplinary spin on reader identification and social acknowledgment Engaging with contemporary Danish and Anglophone works on racialization disability and gender Marie Elisabeth Lei Pihl argues in favor of a close relation between aesthetic appeals to recognition and the political dimensions of literary texts Moreover she proposes a framework bent on experience and relations as opposed to identity and status for articulating new fruitful understandings of how literary texts call for aesthetic and social recognition Based on this she argues that literary texts can make readers get what social validation is about and thereby help us redefine a key concept in the social sciences Marie Elisabeth Lei Pihl earned her PhD in literature and sociology from the University of Southern Denmark in 2020 Currently she works as a postdoctoral researcher within narrative medicine and literature based social interventions at the University of Southern Denmark in collaboration with the National Institute of Public Health in Copenhagen Chapter 3 of this book is available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
