Malhotra,2020-10-15 This compact and engaging text provides unique insights into the issues of dharma in the Indian epic the Mah bh rata The word dharma is untranslatable and usually mistaken to mean religion However as argued here it is evident through the tales of the epic that the word dharma is an umbrella term for all the deeds one does in one s life Each chapter of this book is expository as well as explanatory providing examples through the tales of the Mah bh rata The book will be of great interest to research scholars Indologists and commentators through its use of tales narratives parables and fables as evidence for understanding the issues of dharma embedded in the Mah bh rata      **Modern Indian Literature as**

**Cosmopolis** Didier Coste,2024-10-09 This book redefines modern Indian literature from a cosmopolitan comparative perspective inclusive of literature in English from India and the diaspora in native languages and works by non Indians It shows how since the mid 19th century Indian literary modernity pursued the conjunction of the sensuous and ethical spiritual that characterized its three traditions Sanskritik Persian and folk culture while the encounter both receptive and oppositional with the West vastly expanded the Indian literary sphere Aesthetics and ethics are not antithetical in the Indian cultural space but the quest for an exclusive Indian identity versus universalist approaches offsets concerns for social justice as well as enjoyable embodied communication The literary constellation in many languages now formed in and around India can be better apprehended as a virtual Cosmopolis a commonwealth of elaborate emotions The versatile figure of Hanuman metaphorically flies across this Ocean of Stories to make us discover new worlds of experience      **Religious Perspectives**

**on Social Responsibility in Health** Joseph Tham,Chris Durante,Alberto García Gómez,2018-04-26 This book discuss the meaning and implications of the social and ethical implications of the notion of social responsibility in healthcare in six major world religions Buddhism Christianity Confucianism Hinduism Islam Judaism This collection of papers is based on a four day workshop where bioethics experts from various religious traditions gathered They discussed the ways in which their respective traditions could or could not uphold the tenets of Article 14 of UNESCO s Universal Declaration of bioethics and Human Rights The different papers presented in this book are based on this interchange of ideas at the workshop The book explores the potential points of convergence among the various perspectives presented as well as a discussion on the ways in which their moral differences may be managed The managing of these moral differences through international socio ethical mechanisms contributes significantly to the UNESCO Universal Declaration of Bioethics and Human Rights goal of

Hegelian Leviathan Dr Prafulla Chaulia invites us to reflect on the relationship between the present condition of India and its fascinating past as revealed through certain thought traditions that remain culturally dominant to this day For the dialectic shows latent in common sense the dangerous implication that the form in which the world is given and organized may contradict its true content that is to say that the potentialities inherent in men and things may require the dissolution of the given forms Formal logic accepts the world form as it is and gives some general rules for theoretical orientation to it Dialectical logic on the other hand rejects any claim of sanctity for the given and shatters the complacency of those living under its rubric It holds that external existence is never the sole criterion of the truth of a content but that every form of existence must justify before a higher tribunal whether it is adequate to its content or not **Beyond the Temples:**
