Lazar Malkin Enters Heaven Stories By Steve Stern:

Lazar Malkin Enters Heaven Steve Stern,1995-10-01 All of Steve Stern's effervescent stories in this collection have a common relationship either by setting or allusion to the whimsically dangerous North Main Street neighborhood of Pinch, a mythical Jewish area perched atop the river bluff in Memphis. Here the voice of the Lord rises up from gas burners and out of pay phones. Here aging fathers in law live in backyard sheds and negotiate with the Angel of Death. Here is a land in which a host of very different characters share a common tendency to ignore the usually agreed upon bonds of reality. And in their rollicking wisdom all will confirm Susan Sontag's earlier inventory of Mr. Stern's talents. Great brio, whiplash sentences, lots of energy and charm. *Lazar Malkin Enters Heaven* Steve Stern,1987

A Simple Story Shmuel Yosef Agnon,1999 A small town in southern Poland is the scene of this bittersweet romance set at the turn of the century. Celebrated Israeli novelist S. Y. Agnon draws on techniques perfected by Gustave Flaubert and Thomas Mann to contrast the hero's romantic longings with the interest of bourgeois society. Back cover [The Oxford Book of Jewish Stories](#) Ilan Stavans,1998 The Oxford Book of Jewish Stories takes readers from the mid 1800s to the present encompassing a full spectrum of Jewish writing around the world.

A Companion to the American Short Story Alfred Bendixen,James Nagel,2020-08-24 A COMPANION TO THE AMERICAN SHORT STORY. A Companion to the American Short Story traces the development of this versatile literary genre over the past two centuries. Written by leading critics in the field and edited by two major scholars, it explores a wide range of writers from Edgar Allan Poe and Edith Wharton at the end of the nineteenth century to important modern writers such as Ernest Hemingway, William Faulkner, F. Scott Fitzgerald, and Richard Wright. Contributions with a broader focus address groups of multiethnic Asian and Jewish writers. Each chapter places the short story into context, focusing on the interaction of cultural forces and aesthetic principles. The Companion takes account of cutting edge approaches to literary studies and contributes to the ongoing redefinition of the American canon, embracing genres such as ghost and detective fiction, cycles of interrelated short fiction, and comic social and political stories. The volume also reflects the diverse communities that have adopted this literary form and made it their own, featuring entries on a variety of feminist and multicultural traditions. This volume presents an important new consideration of the role of the short story in the literary history of American literature.

[Stories, Contemporary Southern Short Fiction](#) Donald Hays,1989 **Sex and Heaven** John Portmann,2003-03-05 And so the way we worship apparently matters less to God than the way we make love. The diagnosis may not be limited to Roman Catholicism; for today Jewish, Protestant, and Muslim communities also struggle to decide what the next world holds for their sexual dissidents. Curiously, debates over where gay people belong now feed into debates over how much equality women deserve in the West's three major faith traditions. BOOK JACKET **The Golem in Jewish American Literature** Nicola Morris,2007 The Golem in Jewish American Literature explores the golem in the fiction of Thane Rosenbaum, Nomi Eve, and Steve Stern, as well as writers such as Michael Chabon. Nicola Morris sees this clay humanoid created in Jewish legend for

practical and spiritual purposes as a metaphor for power and powerlessness and for the complexities and responsibilities surrounding the act of creation Further she employs the golem figure as a device to examine the problematic Holocaust representation in the second generation the uncertain boundaries between fiction and historiography the ethics of intertextuality and the writer s responsibility to literary folkloric and oral sources Morris concludes with an impassioned plea for the responsible uses of power technology and language
