Lifes Dominion By Ronald Dworkin:

Life's Dominion Ronald Dworkin, 1993 One of the country's most distinguished scholars presents a brilliantly original approach to the twin dilemmas of abortion and euthanasia showing why they arouse such volcanic controversy and how we as a society can reconcile our values of life and individual liberty From the Trade Paperback edition **Life's Worth** Arthur J. Dyck, 2002 Finally Dyck shows that the moral structure undergirding our system of law is compatible with the views of Christianity and he points to certain Christian beliefs that provide comfort and hope to those who are suffering dying or experiencing the death of loved ones **BOOK JACKET** *The Right to Life and Conflicting Interests* Elizabeth Wicks, 2010 The right to life is a core human right which has not yet received the detailed legal analysis that it requires This book provides detailed critical analysis of the controversial human right to life and in particular assesses the weight of conflicting interests which could and or should serve to override the right This contemporary study of the right to life focuses on the legal as well as ethical issues raised by the value of life in modern day society It seeks to analyse the development meaning and value of the fundamental human right to life in the context of its conflicts with other competing interests The book begins with an overview of the right to life in which the concept of life itself is first analysed before both the right and its legal protection and enforcement are subjected to historical philosophical and comparative analysis The remainder of the book identifies and assesses the merits of various competing interests These comprise armed conflict prevention of crime rights of others autonomy quality of life and finite resources The right to life is unusual in having potential application to so many of today's ethically controversial questions This new work investigates specific topics of current political legal and ethical concern such as the right to life during international conflicts the role of lethal force in law enforcement the death penalty the right to life of a foetus in the context of legalised abortion and the significance of quality of life and autonomy issues in respect of euthanasia and assisted suicide Theory and Practice Ian Shapiro, Judith Wagner Decew, 1996-10 What are the relations between philosophical theories and everyday life This question as old as it is profound is the central focus of Theory and Practice The authors include some of the most influential thinkers of our generation among them Cass Sunstein Jean Bethke Elshtain Martha Nussbaum Jeremy Waldron and Kent Greenawalt In sixteen chapters all published here for the first time the authors examine major attempts to reconcile theory with practice in the Western tradition from Herodotus Plato and Aristotle to Kant and Heidegger and examine contemporary efforts to grapple with this problem **Ordered Liberty** James E. Fleming, Linda C McClain, 2013-01-01 Fleming and McClain defend a civic liberalism that takes seriously not just rights but responsibilities and virtues Issues taken up include same sex marriage reproductive freedom regulation of civil society and the family education of children and clashes between First Amendment freedoms of association and religion and antidiscrimination law *Justifying Judgment* Vincent Joseph Samar, 1998 Samar philosophy Loyola U seeks to develop a metatheory of law that judges could use to decide very hard cases in which the law offers no firm precedents or it is not clear

whether the applicable law is just He discusses theories of political philosophy that set a foundation for the duty to obey law presents a natural law justification for a legal system containing morally just laws uses his metatheory to resolve five historically significant constitutional cases and offers suggestions for legal education Annotation copyrighted by Book News Inc Portland OR

Physician Assisted Suicide Margaret P. Battin, Rosamond Rhodes, Anita Silvers, 2015-10-15 Physician Assisted Suicide is a cross disciplinary collection of essays from philosophers physicians theologians social scientists lawyers and economists As the first book to consider the implications of the Supreme Court decisions in Washington v Glucksburg and Vacco v Quill concerning physician assisted suicide from a variety of perspectives this collection advances informed reflective vigorous public debate

European Judicial Responses to Security Council Resolutions Kushtrim Istrefi, 2018-12-10 In *European Judicial Responses to Security Council Resolutions A Consequentialist Assessment* Kushtrim Istrefi examines the multiple effects of European courts decisions as regards Security Council targeted sanctions and security detentions interfering with fundamental rights He elaborates what type of judicial responses ensured real and practical respect for human rights for the petitioners encouraged Security Council due process reform clarified Security Council authorisations on security detentions and tested the primacy and universal character of the UN Charter Making use of legal and non legal instruments Istrefi sheds some light upon what happened to among others petitioners the SC due process reform agenda and the UN Charter after such cases as Kadi Al Jedda Ahmed Al Dulimi

Arguments about Abortion Kate Greasley, 2017 What is the legal status of abortion and the human fetus In an extended analysis of mainstream arguments involving abortion and the status of personhood that is often applied to the fetus this book provides novel answers to some of the core pro life arguments in favour of recognizing fetal personhood and moral rights

Law Without Future Jack Jackson, 2019-07-26 A provocative sobering analysis of twenty first century court cases that undermine the very idea of constitutional government As the 2000 decision by the Supreme Court to effectively deliver the presidency to George W Bush recedes in time its real meaning comes into focus If the initial critique of the Court was that it had altered the rules of democracy after the fact the perspective of distance permits us to see that the rules were in some sense not altered at all Here was a landmark decision that according to its own logic was applicable only once and that therefore neither relied on past precedent nor lay the foundation for future interpretations This logic according to scholar Jack Jackson not only marks a stark break from the traditional terrain of U S constitutional law but exemplifies an era of triumphant radicalism and illiberalism on the American Right In *Law Without Future* Jackson demonstrates how this philosophy has manifested itself across political life in the twenty first century and locates its origins in overlooked currents of post WWII political thought These developments have undermined the very idea of constitutional government and the resulting crisis Jackson argues has led to the decline of traditional conservatism on the Right and to the embrace on the Left of a studiously legal apolitical understanding of constitutionalism with ironically reactionary implications Jackson examines Bush v Gore the post 9 11

torture memos the 2005 Terri Schiavo controversy the Republican Senate's norm obliterating refusal to vote on President Obama's Supreme Court nominee Merrick Garland and the ascendancy of Donald Trump in developing his claims Engaging with a wide array of canonical and contemporary political thinkers including St Augustine Alexis de Tocqueville Karl Marx Martin Luther King Jr Hannah Arendt Wendy Brown Ronald Dworkin and Hanna Pitkin *Law Without Future* offers a provocative sobering analysis of how these events have altered U S political life in the twenty first century in profound ways and seeks to think beyond the impasse they have created

resource allocation organ donations public health AIDS human and animal experimentation genetic screening and issues facing nurses Subjects are clearly and captivatingly discussed by globally distinguished bioethicists A detailed index allows the reader to find terms and topics not listed in the titles of the essays themselves **Meaning and Medicine** Hilde Lindemann Nelson, 1999-07-22 A chief aim of this resource is to rekindle interest in seeing health care not solely as a set of practices so problematic as to require ethical analysis by philosophers and other scholars but as a field whose scrutiny is richly rewarding for the traditional concerns of philosophy Euthanasia Examined John Keown, 2011-03-29 Whether euthanasia or assisted suicide should be legalized is one of the most pressing and profound questions facing legislators health care professionals their patients and all members of society Regrettably the debate is too often characterized by rhetoric rather than reason This book aims to inform the debate by acquainting anyone interested in this vital question with some of the major ethical legal clinical and theological issues involved The essays it contains are authoritative in that they have been commissioned from some of the world's leading experts balanced in that they reflect divergent viewpoints including a vigorous debate between two eminent philosophers and readable in that they should be readily understood by the general reader *Procreative Ethics* Fritz Oehlschlaeger, 2010-01-01 Procreative Ethics addresses questions at the beginning of life from a point of view that is alternatively philosophical and christian The author seeks to defend philosophically some positions taken partly on Christian grounds while also trying to make the implications of Christian convictions intelligible to those who do not necessarily share those convictions The author positions himself neither as a moral friend nor moral stranger preferring instead the role of moral acquaintance to his audience From that position the goal is to find areas of fruitful agreement while clarifying differences that may lead to truer reconciliations further on in the conversation The book opens with an attempted natural law defense of artificial contraception devotes four chapters to criticism of current defenses of abortion and then takes up in six remaining chapters such matters as genetic enhancement of children the justice or injustice of genetic revision the harm conundrum or non identity problem designing for disability and reproductive cloning Fritz Oehlschlaeger has written a remarkable book that needs to be read by everyone with a stake in moral questions at life's beginning Displaying theological and philosophical sophistication as well as a profound wisdom these arguments must be taken seriously by those who agree with Oeschlaeger as well as those who do not Joel James Shuman King's College Writing with a modesty that betrays the depth of argument that characterizes Procreative Ethics Fritz Oehlschlaeger has written the most important book in bioethics in recent memory Bioethics has long suffered from a stale imagination Oehlschlaeger an acknowledged outsider to the field brings to his work a fresh imagination shaped by literary texts and a profound humanity Hopefully many will want to emulate his work in other areas of bioethics Stanley Hauerwas Duke University In this new book Fritz Oehlschlaeger has made masterful and persuasive arguments about the moral challenges looming at the beginning of human life And he does this as a highly informed non specialist an English professor

no less Robert Benne Roanoke College Dark Horizons Tom Moylan, Raffaella Baccolini, 2003 Dark Horizons presents new essays on the dystopian turn of late twentieth century science fiction Leading scholars discuss major dystopian traditions including cyberpunk and feminist utopian dystopian narratives as seen in works such as Octavia Butler's novel Xenogenesis and the film Fight Club These essays draw out the ways in which contemporary science fiction literature and film has served as a prophetic vehicle for writers with ethical and political concerns **Dworkin and His Critics** Justine Burley, 2008-04-15 Dworkin and His Critics provides an in depth analytical discussion of Ronald Dworkin's ethical legal and political philosophical writings and it includes substantial replies from Dworkin himself Includes substantial replies by Ronald Dworkin a comprehensive bibliography of his work and suggestions for further reading Contributors include Richard Arneson G A Cohen Frances Kamm Will Kymlicka Philippe van Parijs Eric Rakowski Joseph Raz and Jeremy Waldron Makes an important contribution to many on going debates over abortion euthanasia the rule of law distributive justice group rights political obligation and genetics **The Lives to Come** Philip Kitcher, 1997-08-04 ect Philip Kitcher takes readers into the heart of the revolution in genetic research today and raises important philosophical questions about its impact on ethical legal and political issues now and in the future Compassion and Respect John J. Mawhinney, 2020-11-20 This book is primarily for a general audience of persons of good will regardless of faith or non faith as well as for professionals who counsel others on the issues discussed Written in a simple straightforward language it is meant to help people dialogue on acrimoniously divisive issues that divide and undermine our nation such as abortion family planning contraception in vitro fertilization IVF and LGBTQ issues through respectful dialogue in public forums small or large by searching for mediating middle ground compromises just as trade and peace negotiators do No one in the dialogue may be satisfied with the concessions they have to make but they can at least live with them until better solutions are found Those engaging in such dialogue must be open to understanding where others are coming from and be respectful of the good faith consciences of others and avoiding passing laws that would the consciences of others
