This wise and comforting book celebrates the open heart and the beauty and mystery that surround us through a wide array of voices and perspectives. MacIver weaves inspirational poetry and prose with his shimmering nature watercolors to create a book that helps readers discover and honor love and gratitude. These quotes from men and women span time and geography but share a sense of hard-won wisdom. Henry Miller finds unexpected late-life solace in embracing the simple quality of trust. Gabriel Garcia Marquez muses, "If I knew that this would be the last time you pass through this door, I'd embrace you, kiss you, and call you back for one more." *The Greatest Gift Ever Given* Michael S. Ridenour, 2017-11-09 As a child in a non-religious family, Michael Ridenour found a Bible one day and began reading. Initially excited by its lively stories, he paused at the New Testament, faced with a baffling inner question: "Where in the world is Christ today?" An unexpected answer came during his teenage years with a spontaneous experience of the Christ being, but this only led to more questions. Later, discovering the work of Rudolf Steiner, he found the authentic vision and language he needed to clarify and better comprehend his own experiences, but the questions kept coming. *The Greatest Gift Ever Given* is a fruit of Ridenour's life-long search for answers, a book that is at once deeply thoughtful, humorous, philosophical, and poetic. In Part I, *Raising the Foundation*, he studies the Judeo-Christian mysteries. After humanity's fall into materialism, these mysteries signal the development of human individuality. The impulse for selfhood continues with Christ, who brings a new path of divine love. But the mystery of Christ leads naturally to his shadow. Today, we can no longer escape the question: "Where in the world is Judas?" Without Judas's betrayal, Christ's greatest gift could never have been given. We can't reject Judas, but we should transform him within ourselves. In Part II, *Lowering the Temple*, Ridenour relates the theme of metamorphosis to the contemporary world. Once guided by initiates, personal transformation now needs to blossom from within each individual human soul. The topic of evolution takes us to a consideration of the perennially controversial Charles Darwin, as well as the intuitive approach of Goethe and the living thinking of Rudolf Steiner. A rich treasure trove of ideas, *The Greatest Gift Ever Given* sharpens a dynamic focus on current spiritual needs and contributes a thought-provoking response to them.
