The Nature of Mind Patrul Rinpoche, Khenchen Palden Sherab, Khenpo Tsewang Dongyal, 2016-04-26 From the author of Words of My Perfect Teacher comes this commentary on the teachings of Aro Yeshe Jungne an insightful introduction to Dzogchen meditation the Nyingma tradition and the basics of Buddhism Patrul Rinpoche the beloved nineteenth century master best known for Words of My Perfect Teacher collected the teachings of the tenth century adept Aro Yeshe Jungne and synthesized them into the short text translated here as Clear Elucidation of True Nature How to put these essential teachings into practice is the subject of the lively commentary by the two Khenpo brothers the late Khenchen Palden Sherab Rinpoche and Khenpo Tsewang Dongyal Rinpoche The Dzogchen meditation instructions of the Aro lineage are divided into nine sets or nine levels with specific instructions for each on how to identify the nature of the mind how to abide in it as a way of life and how to liberate turbulent thoughts and emotions when they arise The commentary enfolds this instruction into a broad general teaching suitable for beginners that serves as an introduction to Dzogchen meditation to the Nyingma tradition and to basic Buddhism You Are the Eyes of the World Longchenpa, 2011-03-16 Just as the images on television are nothing

more than light so are our experiences merely the dance of awareness Often we form attachments to or feel enslaved by these experiences But they are only reflections As easily as television pictures vanish when the channel is changed the power of our experiences fades if we penetrate to the heart of reality the light of the natural mind within everyone You Are the Eyes of the World presents a method for discovering awareness everywhere all the time This book does not discuss how to turn ordinary life off and it does not describe how to create beautiful spiritual experiences it shows how to live within the source of all life the unified field where experience takes place

Dispelling Wetiko Paul Levy,2013-01-15 The mind virus behind human self destruction has a name wetiko See it clearly and it starts to lose power You see it everywhere smart people making destructive choices Companies poisoning their own customers Nations pouring trillions into war while their people suffer Social media built to connect us driving us apart We re the one species that knowingly degrades its own habitat at scale Why do we keep acting against our own survival From Indigenous North American traditions comes the term wetiko a life eating compulsion that turns us against one another and the living world Whether you approach it as metaphor psychology or spirituality the effects are real and they propagate through what we don t see In Dispelling Wetiko Paul Levy brings this insight into dialogue with Jungian psychology framing wetiko as a mind parasite that exploits our blind spots Drawing on teachings shared in public sources depth psychology and his own harrowing encounters Levy describes wetiko as ME disease Malignant Egophrenia a pathological self centering that mistakes the ego for the whole Like a vampire that can t see its reflection it hides in the very way we perceive reality The crucial insight the moment we recognize wetiko it begins to lose power The cure isn t waging war on evil or waiting for others to wake up it starts by noticing how our attention and reactions feed the very patterns we oppose and then withdrawing that food Dispelling Wetiko offers a clear diagnosis and a practical path back to sanity personally and collectively

The Power and the Pain Andrew Holecek,2010-03-16 We all encounter obstacles on a daily basis from small inconveniences and nuisances to the really big hardships wreaking havoc with our lives Sometimes just the small things are enough to set us reeling Andrew Holecek offers us a progressive path beginning with common easily understood hardships and moving on to more subtle and challenging ones that commonly arise on our spiritual journeys
