Bennett, 2015-03-23 In 1980 SAGE published Geert Hofstede's *Culture's Consequences*. It opens with a quote from Blaise Pascal: "There are truths on this side of the Pyrenees that are falsehoods on the other." The book became a classic, one of the most cited sources in the Social Science Citation Index, and subsequently appeared in a second edition in 2001. This new SAGE Encyclopedia of Intercultural Competence picks up on themes explored in that book. Cultural competence refers to the set of attitudes, practices, and policies that enables a person or agency to work well with people from differing cultural groups. Other related terms include cultural sensitivity, transcultural skills, diversity competence, and multicultural expertise. What defines a culture? What barriers might block successful communication between individuals or agencies of differing cultures? How can those barriers be understood and navigated to enhance intercultural communication and understanding? These questions and more are explained within the pages of this new reference work.

**The Church and Cultures** Louis J. Luzbetak, 2015-03-31 Why should the church be concerned about cultures? Louis J. Luzbetak began to answer this question twenty-five years ago with the publication of *The Church and Cultures: An Applied Anthropology for the Religious Worker*. Reprinted six times and translated into five languages, it became an undisputed classic in the field. Now, by popular demand, Luzbetak has thoroughly rewritten his work, completely updating it in light of contemporary anthropological and missiological thought and in face of current world conditions. Serving as a handbook for a culturally sensitive ministry and witness, *The Church and Cultures* introduces the non-anthropologist to a wealth of scientific knowledge directly relevant to pastoral work, religious education, social action, and liturgy, in fact to all forms of missionary activity in the church. It focuses on a burning theological issue: that of contextualization, the process by which a local church integrates its understanding of the Gospel text with the local culture context.
