**In Defense of Sentimentality** Robert C. Solomon, 2004-08-26 Philosophy has as much to do with feelings as it does with thoughts and thinking Philosophy accordingly requires not only emotional sensitivity but an understanding of the emotions not as curious but marginal psychological phenomena but as the very substance of life In this the second book in a series devoted to his work on the emotions Robert Solomon presents a defense of the emotions and of sentimentality against the background of what he perceives as a long history of abuse in philosophy and social thought and art and literary criticism The title piece reopens a classic debate about the role of sentimentality in art and literature In subsequent chapters Solomon discusses not only such moral sentiments as sympathy and compassion but also grief gratitude love horror and even vengeance He also defends with appropriate caution the seven deadly sins The emotions at least some emotions are essential to a well lived life They are or can be virtues features of the human condition without which civilized life would be

unimaginable      **Living with Nietzsche** Robert C. Solomon, 2003-08-21 Friedrich Nietzsche is one of the most popular and controversial philosophers of the last 150 years Narcissistic idiosyncratic hyperbolic irreverent never has a philosopher been appropriated deconstructed and scrutinized by such a disparate array of groups movements and schools of thought Adored by many for his passionate ideas and iconoclastic style he is also vilified for his lack of rigor apparent cruelty and disdain for moral decency In *Living with Nietzsche* Solomon suggests that we read Nietzsche from a very different point of view as a provocative writer who means to transform the way we view our lives This means taking Nietzsche personally Rather than focus on the true Nietzsche or trying to determine what Nietzsche really meant by his seemingly random and often contradictory pronouncements about the Big Questions of philosophy Solomon reminds us that Nietzsche is not a philosopher of abstract ideas but rather of the dazzling personal insight the provocative challenge the incisive personal probe He does not try to reveal the eternal verities but he does powerfully affect his readers goading them to see themselves in new and different ways It is Nietzsche's compelling invitation to self scrutiny that fascinates us engages us and guides us to a rich inner life Ultimately Solomon argues Nietzsche is an example as well as a promulgator of passionate inwardness a life distinguished by its rich passions exquisite taste and a sense of personal elegance and excellence      *The Joy of Philosophy* Robert C. Solomon, 2003 The purpose of this book is to put the fun back into philosophy to recapture the heart felt confusion and excitement that originally brings people to philosophy      *Morality and Social Justice* James P. Sterba, 1995 These original essays by seven leading contemporary political philosophers spanning the political spectrum explore the possibility of achieving agreement in political theory Each philosopher defends in a principal essay his or her own view of social justice and also comments on two or more of the other essays The result is a lively exchange that leaves the reader to judge to what degree the contributors achieve agreement or reconciliation      *In Defense of Sentimentality* Robert C. Solomon, 2004-08-26 Philosophy has as much to do with feelings as it does with thoughts and thinking Philosophy accordingly requires not only emotional sensitivity but an understanding of the emotions not as curious but marginal psychological phenomena but as the very substance of life In this the second book in a series devoted to his work on the emotions Robert Solomon presents a defense of the emotions and of sentimentality against the background of what he perceives as a long history of abuse in philosophy and social thought and art and literary criticism The title piece reopens a classic debate about the role of sentimentality in art and literature In subsequent chapters Solomon discusses not only such moral sentiments as sympathy and compassion but also grief gratitude love horror and even vengeance He also defends with appropriate caution the seven deadly sins The emotions at least some emotions are essential to a well lived life They are or can be virtues features of the human condition without which civilized life would be unimaginable
