MAKING HISTORY

THE BESTSELLING COMIC NOVEL

[Making History By Stephen Fry](#)

Stephen Fry

Making History By Stephen Fry:

Making History, 1996 *Making History* Stephen Fry, 1997 Those of us who have already discovered Stephen Fry know him as the brilliant British comedian behind TV series such as Jeeves Wooster and Blackadder and the author of two enormously funny novels *The Liar* and *The Hippopotamus*. But his new film in which he plays Oscar Wilde and his new novel *this one* represent a somewhat alarming departure from his previous work. They're more serious. Though humor is still an essential ingredient of both Fry's fans are finally getting to witness the emotional depth that this brilliant polymath usually keeps hidden. In *Making History* Fry has bitten off a rather meaty chunk by tackling an at first deceptively simple premise: What if Hitler had never been born? An unquestionable improvement, one would reason, and so an earnest history grad student and an aging German physicist idealistically undertake to bring this about by preventing Adolf's conception. And with their success is launched a brave new world that is in some ways better than ours but in most ways even worse. Fry's experiment in history makes for his most ambitious novel yet and his most affecting. His first book to be set mostly in America, it is a thriller with a funny streak, a futuristic fantasy based on one of mankind's darkest realities. It is in every sense a story of our times. From the Hardcover edition.

Making History Even Worse Doreen Klahold, 2013-09-23 Seminar paper from the year 2013 in the subject Didactics for the subject English Literature Works grade 1-3 University of Dusseldorf Heinrich Heine language English abstract Many a German would wish to undo his country's past. We would prefer that Hitler had never been born, that the Third Reich and especially the Holocaust would have never taken place. However, how is it that an immense number of the non-German alternate histories about the Third Reich and there are actually quite a lot depict the world as not better or even worse without Hitler? This essay will focus on the uchronian nightmare scenario *Making History* written by the British author Stephen Fry in 1996 and winner of the Sidewise Award for Alternate History. First, I will treat the protagonist's utopian wish to create a better world by preventing Hitler from being conceived and the dystopian effect of the changing of history. This playing with expectations attracts the reader's attention and shows the complexity of history and society even though it naturally has a merely entertaining tenor as well. Second, I will briefly analyze that the style of rewriting history, the contrasting juxtaposition of the different chapters and particularly the two opposing parts of the novel and finally the ironic tone implied continuously underline the sometimes satiric developments of fate and the naive wish of making a better utopian world without being able to assess the outcome. Finally, against the concept of alternate history in general, it will be seen that alternate history is a means to examine history and present but how history would have turned out differently is hard to tell since it depends on more than just individual events or persons. By thinking about how things could have been, worse we perhaps learn to accept that everything that happens shapes us and our present as barbaric as it might be.

Making History and Making It Over Stefan Zeidler, 2008-05 Essay from the year 2007 in the subject English Literature Works grade 1-3 Free University of Berlin Englische Philologie course Historical Novels Through Time 5 entries in the bibliography

language English abstract Our time of demystified heroes and legends has only a vague understanding of history and struggles for its interpretation History in this context does not only mean the mere sequence of specific incidents and events that cannot be changed retroactively by any access to the past This concept is furthermore a discussion on these events that is their interpretation That means that history is and in this form it is most likely to be perceived the connection of object and subject referring to the events in the temporal past and its spectator in the present This creates a subjective ribbon that connects temporal past and present by dint of an interpretive frame Indeed the past cannot be changed but its interpretation and analysis can be This is exactly the approach of Stephen Fry who provides with his novel Making History a possible answer to the question how Germany and the world might have developed without Adolf Hitler Supported by historical facts and enriched by fictitious elements Fry s novel affords the reader a manual for the exposure to one s own past and distorts the understanding of history of the broad majority who ascertains a single man Adolf Hitler to be the root for all evil The following text tries to analyze the role of historical fiction for one s accomplishment of history in general and how Fry in particular does away with the common view that history is barely more than the sequence of big men s big actions Therefore I would like to proceed from the assumption that Making History is a critical metaphor for the work of historiographers who create history by interpreting omitting and stressing of historical facts The novel also expresses one s responsibility for the past one builds his present and future on

Making History Stephen Fry, 2004-07-20 Michael Young Is Convinced His Brilliant History Thesis Will Win Him A Doctorate A Pleasant Academic Post A Venerable Academic Publisher And His Beloved Girlfriend Jane A Historian Should Know Better Than To Imagine That He Can Predict The Future Leo Zuckerman Is An Ageing Physicist Obsessed With The Darkest Period In Human History Utterly Driven By His Fanatical Hatred Of One Man A Lover S Childish Revenge And The Breaking Of A Rotten Clasp Cause The Two Men To Meet In A Blizzard Of Swirling Pages Pages Of History When They Come Together Nothing Past Present Or Future Will Ever Be The Same Again

Possible Worlds Theory and Counterfactual Historical Fiction Riyukta Raghunath, 2020-09-10 This book offers a comprehensive Possible Worlds framework with which to analyse counterfactual historical fiction Counterfactual historical fiction is a literary genre that comprises narratives set in worlds whose histories run contrary to the history of our world usually speculating on what would have happened had a significant historical event such as a war turned out differently The author develops a systematic critical approach based on a customised model of Possible Worlds Theory supplemented by cognitive concepts that account for the different processes that readers go through when they read counterfactual historical fiction a genre which relies heavily on pre existing knowledge about history and culture This book will be of interest to anyone working with Possible Worlds including within the fields of philosophy literary studies stylistics cognitive poetics and narratology

The World Hitler Never Made Gavriel D. Rosenfeld, 2005-05-23 A fascinating 2005 study of the place of alternate histories of Nazism within Western popular culture

The Academic Novel Merritt Moseley, 2007 A collection of

the most illuminating commentary written on the English language academic novel during the last forty years together with new essays especially commissioned for this volume As well as general thematic essays there are discussions of a number of individual novelists Vladimir Nabokov Randall Jarrell Mary McCarthy Kingsley Amis Alison Lurie Robertson Davies David Lodge Howard Jacobson Contributors are Adam Begley Ian Carter Benjamin DeMott Aida Edemariam Leslie Fiedler Philip Hobsbaum J P Kenyon David Lodge Merritt Moseley Dale Salwak Samuel Schuman J A Sutherland Glyn Turton Chris Walsh Susan Watkins George Watson Sideways in Time Glyn Morgan,C. Palmer-Patel,2019 This important collection of essays acknowledges the long and distinctive history of the alternate history genre whilst also revelling in its vitality adaptability and contemporary relevance with many of the chapters discussing late twentieth and early twenty first century texts which have previously received little or no sustained critical analysis Destination Time Travel Steve Nallon,Dick Fiddy,2023-10-23 Where are we going The future Doc Great Scott Not forgetting the wibbly wobbly timey wimey past That s right ticket holders Destination Time Travel is your journey into the many worlds of the time travel tale exploring its tropes its rules its devices its science its values its plots its characters and most importantly its enduring and timeless appeal Alongside their upcoming film seminar at the British Film Institution in October join Steve Nallon and Dick Fiddy as they explore the world s obsession with time travel in film and television From the classics of Doctor Who and Back To The Future to the Netflix hit Dark Nallon and Fiddy explore just what it is about time travel that makes us tick This book will be a guaranteed hit with fans of time travel and the different film and television series that Nallon and Fiddy explore It will also be key to film buffs and those interested in the medium **Absolute Recoil** Slavoj Zizek,2014-10-01 At the outset of the twentieth century Lenin argued that materialism has to change its form with each new scientific discovery Today argues Slavoj Zizek in this major new work we should apply this stricture to Lenin himself Philosophical materialism has not yet risen to the challenge of relativity theory and quantum physics or breakthroughs like Freudian psychoanalysis and we need hardly mention the failure of actually existing Communism In Absolute Recoil Zizek proposes a new foundation for dialectical materialism that answers these fundamental challenges 2033-The Century After Georg Woodman, Dr.MSc. & PhD,2017-10-18 What if things went differently in the 1930s and 40s giving victory to Germany and Japan In that scenario what would the world be like a century later This story of altered history begins in 2033 when Alois Adolf Hitler III the grandson of Adolph Hitler is reminiscing on the balcony of the Reichskanzlei chancellery on how his grandfather accomplished victory in World War II and about everything that has happened since Read how history was rewritten and how the third generation of The Third Reich is doing This stunning story connects history with reality and fiction showing a possible future that could have happened In reality Nazi Germany made increasingly aggressive territorial demands threatening war if they were not met It seized Austria and Czechoslovakia in 1938 and 1939 Hitler made a pact with Joseph Stalin and invaded Poland in September 1939 launching World War II in Europe In alliance with Italy and smaller Axis

powers Germany conquered most of Europe by 1940 and threatened Great Britain In fiction What changed to allow Hitler to win the war Find out in 2033 The Century After As our wheel of history shows it could have spun in another direction just as easily

The Philosophy of Science Fiction Film Steven M. Sanders, 2007-12-14 Thought provoking essays on movies from Metropolis to The Matrix The science fiction genre through films such as Blade Runner Invasion of the Body Snatchers and The Terminator not only entertains us but makes us think about the implications of new technologies the parameters and possibilities of space and time and in the age of artificial intelligence and robotics the meaning of humanity itself The Philosophy of Science Fiction Film explores the storylines conflicts and themes of fifteen science fiction film classics Editor Steven M Sanders and a group of outstanding scholars in philosophy film studies and other fields raise science fiction film criticism to a new level by penetrating the surfaces of the films to expose the underlying philosophical arguments ethical perspectives and metaphysical views

Hitler's First War Thomas Weber, 2010-09-16 Hitler claimed that his years as a soldier in the First World War were the most formative years of his life However for the six decades since his death in the ruins of Berlin Hitler's time as a soldier on the Western Front has remarkably remained a blank spot Until now all that we knew about Hitler's life in these years and the regiment in which he served came from his own account in *Mein Kampf* and the equally mythical accounts of his comrades Hitler's First War for the first time looks at what really happened to Private Hitler and the men of the Bavarian List Regiment of which he was a member It is a radical revision of the period of Hitler's life that is said to have made him Through the stories of the veterans of the regiment an officer who became Hitler's personal adjutant in the 1930s but then offered himself to British intelligence a soldier turned Concentration Camp Commander Jewish veterans who fell victim to the Holocaust or of veterans who simply returned to their lives in Bavaria Thomas Weber presents a Private Hitler very different from the one portrayed in his own mythical account Instead we find a Hitler who was shunned by the frontline soldiers of his regiment as a rear area pig and who was still unsure of his political ideology even at the end of the war in 1918 In looking at the post war lives of Hitler's fellow veterans back in Bavaria Thomas Weber also challenges the commonly accepted notion that the First World War was somehow a seminal catastrophe in twentieth century German history and even questions just how deep seated Nazi ideology really was in its home state

Speed of the Wind Emily Anderson, 2021-07-11 The mind wants to know the name of the magazine book you gave the copy of I like the idea of footnotes I don't really feel damaged in any story novel movie spoiler If I did I would not have read Tota Kahini a thousand times or Diamond Raja's Land a hundred times The one who has the power to push can hit even one hundred thousand times

The New Routledge Companion to Science Fiction Mark Bould, Andrew M. Butler, Sherryl Vint, 2024-06-13 The New Routledge Companion to Science Fiction provides an overview of the study of science fiction across multiple academic fields It offers a new conceptualisation of the field today marking the significant changes that have taken place in sf studies over the past 15 years Building on the pioneering research in the first edition the collection reorganises historical coverage of the genre to emphasise new geographical areas of cultural production and the growing importance of media beyond print It also updates and expands the range of frameworks that are relevant to the study of science fiction The periodisation has been reframed to include new chapters focusing on science fiction produced outside the Anglophone context including South Asian Latin American Chinese and African diasporic science

fiction The contributors use both well established critical and theoretical approaches and embrace a range of new ones including biopolitics climate crisis critical ethnic studies disability studies energy humanities game studies medical humanities new materialisms and sonic studies This book is an invaluable resource for students and established scholars seeking to understand the vast range of engagements with science fiction in scholarship today Chapter 39 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license [The Political Animal](#) Chris Danta, Dimitris

Vardoulakis, 2010-09-01 In the variegated history of the philosophical definitions of man one has survived since it has been given the status of the self evident The definition in question comes from Aristotle's Politics the human is a political animal 1253a3 There is something indisputable about this characterization humans are indeed the most social of animals they are denizens of the polis with its institutions and laws its rulers judges and generals It would be difficult to contend that any other animal has recourse to the political as much as the human Aristotle's Politics need not be surrendered to the strictures of humanism It remains amenable to the new schema for the political animal that we are sketching here Each article collected in this issue responds in its own way and by establishing its own protocols to the exigency of the animal as it was formulated in Aristotle's Politics Each article is an act of response a moment of interruption **The Routledge Companion to Philosophy of Time** Nina Emery, 2025-09-30 The Routledge Companion to Philosophy of Time is a comprehensive and authoritative guide to a growing subfield of philosophical research which spans traditional and contemporary debates about the nature of time as well as a diverse set of historical geographical and cultural contexts This book also highlights the interdisciplinary connections between philosophy of time and nearby fields including history physics psychology cognitive development and more Comprising 50 chapters by a diverse team of contributors from all over the globe the Companion is divided into five parts I History of Philosophy of Time II Contemporary Metaphysics of Time III Time and Physics IV Time and Mind V Further Connections The volume is essential reading for students and researchers of philosophy who are interested in exploring the philosophical issues related to time It is also a valuable resource for philosophers in adjacent subfields including philosophy of mind philosophy of physics and history of philosophy as well as researchers in related fields in the sciences and social sciences

This Engaging Realm of E-book Books: A Thorough Guide Unveiling the Pros of Kindle Books: A World of Convenience and Versatility Kindle books, with their inherent portability and simplicity of availability, have liberated readers from the limitations of physical books. Gone are the days of carrying bulky novels or meticulously searching for specific titles in bookstores. E-book devices, sleek and lightweight, seamlessly store an wide library of books, allowing readers to indulge in their favorite reads whenever, anywhere. Whether commuting on a busy train, relaxing on a sun-kissed beach, or just cozying up in bed, E-book books provide an unparalleled level of convenience. A Reading Universe Unfolded: Exploring the Wide Array of E-book Making History By Stephen Fry Making History By Stephen Fry The E-book Store, a virtual treasure trove of bookish gems, boasts an extensive collection of books spanning varied genres, catering to every readers taste and preference. From gripping fiction and mind-stimulating non-fiction to classic classics and contemporary bestsellers, the Kindle Shop offers an exceptional variety of titles to discover. Whether seeking escape through engrossing tales of fantasy and exploration, delving into the depths of past narratives, or broadening ones understanding with insightful works of scientific and philosophy, the Kindle Store provides a gateway to a literary universe brimming with limitless possibilities.
