Costello, 2022-09-06 This work is an ambitious original and searching study as to what constitutes and comprises mental health It advances the proposition that existential or holistic health depends on integral wholeness the synthesis of body mind and heart As such a tri-dimensional model is proposed based on the triadic self rooted in philosophical perspectives on the subject arguing throughout that the human person is a unity in diversity that one is always whole and well in one's Self essence which must be distinguished from the ego personality The importance and relevance of the Enneagram as a foundational system for understanding human personality is referenced throughout The various strands and thought threads in the book coalesce around the central doctrine of nonduality exemplified by mystical Christianity and the philosophia perennis **The Tarot of the Gospel of St. John** Eric Paul Cunningham, 2025-06-23 This book is intended to interpret and amplify the meaning of the hermetic classic Meditations on the Tarot by Anonymous later revealed to be Valentin Tomberg It interprets Tomberg's book a series of meditations of the Major Arcana of the tarot through the hermeneutic lens of the Gospel of St John and argues that the 22 cards of the deck correspond precisely to the 22 chapters of John's Gospel It further demonstrates acting on claims by Tomberg that the Major Arcana are a school of Christian initiation as well as claims made Rudolf Steiner that the Gospel of John is also a true path to Christian initiation that Tomberg's classic read in conjunction with the Gospel of John reveal the contours of an accessible path to higher Christian knowledge Tomberg's book has a growing readership despite its difficulty This new book includes very accessible interpretations of Tomberg's Meditations **The New Big Book of Christian Mysticism** Carl McColman, 2023-08-29 This revised and expanded edition offers a big possibility the hope of achieving real experiential union with God The Christian of the future will be a mystic or

enabling its own conquest and consumption      **Gautama Buddha's Successor** Robert Powell, Estelle Isaacson, 2013-12-01

The year 2014 has a special significance that is addressed in this book by Robert Powell and Estelle Isaacson. Dr Robert Powell is a spiritual researcher who in this short work and in many other books brings the results of his own research investigations. Estelle Isaacson is a contemporary seer who is gifted with a remarkable ability to perceive new streams of revelation. Both have been blessed in an extraordinary way by virtue of accessing the realm wherein Christ is presently to be found. Powell makes the critical point that the year 2014 not only denotes the beginning of a new 600 year cultural wave in history but also that there is an ancient prophecy applying to this very same year 2014 which can be interpreted as pointing to the onset of the twenty first century incarnation of the Bodhisattva who will become the future Maitreya Buddha, the successor to Gautama Buddha. Powell also makes the crucial point that the Maitreya Buddha awaited in Buddhism is the same as the Kalki Avatar expected in Hinduism. Powell's contribution serves as an introduction to Isaacson's offering comprising a series of six visions relating to the future Maitreya Buddha. The visions are highly inspirational, communicating something of the profound spirituality, peace, radiance and above all goodness of this Bodhisattva who is Gautama Buddha's successor. His title Maitreya means bearer of the good and in Isaacson's visions he emerges as a remarkable force for good in our time. Also included in this book are two appendices: A Survey of Rudolf Steiner's Indications Concerning the Maitreya Buddha and the Kalki Avatar, and Valentin Tomberg's Indications Concerning the Coming Buddha Avatar. Maitreya Kalki. A third appendix discusses the significance of Rudolf Steiner's Foundation Stone of Love meditation as a heralding of Christ's Second Coming.

**The Physics and Metaphysics of Transubstantiation** Mark P. Fusco, 2023-08-18

In this book Mark P. Fusco offers a historical, philosophical and theological review and appraisal of current research into quantum, post modern, atheistic, mathematical and philosophical theories that engage our interpretation of Hans Urs von Balthasar and Ferdinand Ulrich's accounts of the Eucharist. This cross disciplinary approach inspires a new speculative metaphysical theory based on the representation of being as a holo-somatic ontology. Holocryptic metaphysics gives us a novel interpretation of transubstantiation as it is founded on the findings of quantum mechanical theory. The quantum object and black hole's properties present a new way to explain physical matter based on its holographic identity. This scientific theory for representing physical matter's identity is recognized, for example, in the symmetry existing between a subatomic particle and its orbital shell, a single particle's identity in relationship to its thermodynamic system, Hawking radiation and black hole entropy. Further, the properties of quantum non-locality and teleportation signpost a new way to understand the Eternal Logos relationship to Jesus Christ and the Eucharist.
