most prestigious literary awards Usually the prize is only given to one work but in 1957 it was awarded jointly to this novel and to Uno Chiyo's *Ohan* which glorifies women's submissiveness to her husband as a true feminine virtue In this way women opposing the *ie* system and men supporting it should both be pleased To understand the situation of Japanese women during the Meiji period it is necessary to analyze men's behavior and to reveal the political and historical background Therefore the first section of the paper deals with men's roles The second section deals with the depiction of women 田中 幸子,2002 This is an unnerving portrait of women caught in a web of shifting relationships within an upper class family in the years following the Meiji Restoration The beautiful immature girl whom she took home to her husband was a maid only in name Tomo's real mission had been to find him a mistress Nor did her secret humiliation end there The web that his insatiable lust spun about him soon trapped another young woman and another and the relationships between the women thus caught were to form over the years a subtle shifting pattern in which they all played a part The Waiting Years Fumiko Enchi,2019-11-07 Published for the first time in the UK one of Japan's greatest modern female writers In the late nineteenth century Tomo the faithful wife of a government official is sent to Tokyo where a heartbreaking task is awaiting her From among hundreds of geishas and daughters offered up for sale by their families she must select a respectable young girl to become her husband's new lover Externally calm but torn apart inside Tomo dutifully begins the search for an official mistress The *Waiting Years* was awarded Japan's most prestigious literary award the Noma Prize Masterworks of Asian Literature in Comparative Perspective: A Guide for Teaching Barbara Stoler Miller,2016-09-16 This is a collection of 46 essays by specialists in Asian literature who offer a wide range of possibilities for introducing Asian literature to English speaking students It is intended to help in promoting multicultural education **The Mountain is Moving** Patricia Morley,1999 In Imperial times in Japan women were subservient inferiors in theory they were liberated by the democratic constitution imposed by the US after World War II but in real life Japan change is glacially slow Here that slow changing reality is juxtaposed with the fast moving aspirations of Japanese women The author achieves this through wide ranging interviews with Japanese women and by using a range of contemporary Japanese literature **Japan in Traditional and Postmodern Perspectives** Charles Wei-hsun Fu,Steven Heine,Professor of Religious Studies and Director of Asian Studies Steven Heine,1995-01-01 This book displays the uniqueness and creativity of Japan in terms of the interplay between traditional and postmodern perspectives It deals with the traditional elements in Japanese culture in the light of or in contrast to postmodernism *Love's Virtues* Mike W. Martin,1996 This book brings together a sensitive understanding of love and an unusually careful even painstaking analysis of the enormous but often neglected role of morality and the virtues in love Martin's discussions of such virtues as caring courage fidelity and honesty are superb the examples well chosen the argument personal but nevertheless rigorous the prose accessible and enjoyable to read **Constructing Identities** Antonio Medina-Rivera,Lee Wilberschied,2013-07-26 The basic concern of border studies is to examine and analyze interactions that occur when two groups come into contact with

one another Acculturation and globalization are at the heart of border studies and cultural studies scholars try to describe the possible interactions in terms of conflicts and resolutions that become the result of those possible encounters The present book is a peer reviewed selection of papers presented during the IV Crossing Over Symposium at Cleveland State University held in October 2011 and it is a follow up to our discussion on border studies The main focus of this volume is historical international gender and racial borders and the implications that all of them have in the construction of an identity

Narratives of Sorrow and Dignity Bardwell L. Smith, 2013-07-11 Bardwell L. Smith offers a fresh perspective on mizuko kuyo the Japanese ceremony performed to bring solace to those who have experienced miscarriage stillbirth or abortion Showing how old and new forms of myth symbol doctrine praxis and organization combine and overlap in contemporary mizuko kuyo Smith provides critical insight from many angles the sociology of the family the power of the medical profession the economics of temples the import of ancestral connections the need for healing in both private and communal ways and perhaps above all the place of women in modern Japanese religion At the heart of Smith's research is the issue of how human beings experience the death of a life that has been and remains precious to them While universal these losses are also personal and unique The role of society in helping people to heal from these experiences varies widely and has changed enormously in recent decades In examples of grieving for these kinds of losses one finds narratives not only of deep sorrow but of remarkable dignity

Woman Critiqued Rebecca L. Copeland, 2006-01-01 *Woman Critiqued* offers English language readers access to some of the salient critiques that have been directed at women writers on the one hand and reactions to these by women writers on the other

The Father-Daughter Plot Rebecca L. Copeland, Esperanza Ramirez-Christensen, 2001-07-31 This provocative collection of essays is a comprehensive study of the father daughter dynamic in Japanese female literary experience Its contributors examine the ways in which women have been placed politically ideologically and symbolically as daughters in a culture that venerates the father They weigh the impact that this daughterly position has had on both the performance and production of women's writing from the classical period to the present Conjoining the classical and the modern with a unified theme reveals an important continuum in female authorship a historical approach often ignored by scholars The essays devoted to the literature of the classical period discuss canonical texts in a new light offering important feminist readings that challenge existing scholarship while those dedicated to modern writers introduce readers to little known texts with translations and readings that are engaging and original Contributors Tomoko Aoyama Sonja Arntzen Janice Brown Rebecca L. On Waiting Harold Schweizer, 2008-06-03 What is the relationship between waiting and time Is there an ethics of waiting or even an art of waiting Do the internet online shopping and text messaging mean that waiting has come to an end On Waiting explores such and similar questions in compelling fashion Drawing on some fascinating examples from the philosopher Henri Bergson s musings on a lump of sugar to Kate Croy

waiting in *Wings of the Dove* to the writings of Rilke Bishop and Carver it examines this ever present yet overlooked phenomenon from diverse angles in fascinating style **Books Abroad** ,1972 *Off Center* Masao Miyoshi,1991 In this provocative study Miyoshi deliberately adopts an off center perspective one that restores the historical asymmetry of encounters between Japan and the United States from Commodore Perry to Douglas MacArthur to investigate the blindness that has characterized relations between the two cultures
