*The Play Within the Play* Gerhard Fischer, Bernhard Greiner, 2007 The thirty chapters of this innovative international study are all devoted to the topic of the play within the play The authors explore the wide range of aesthetic literary theoretical and philosophical issues associated with this rhetorical device not only in terms of its original meta theatrical setting from the baroque idea of a theatrum mundi onward to contemporary examples of postmodern self referential dramaturgy but also with regard to a variety of different generic applications e.g. in narrative fiction musical theatre and film The authors internationally recognized specialists in their respective fields draw on recent debates in such areas as postcolonial studies game and systems theories media and performance studies to analyze the specific qualities and characteristics of the play within the play as ultimate affirmation of the self the Hamlet paradigm as a self reflective agency of meta theatrical discourse and as a vehicle of intermedial and intercultural transformation The challenging study with its underlying premise of play as a key feature of cultural anthropology and human creativity breaks new ground by placing the play within the play at the centre of a number of intersecting scholarly discourses on areas of topical concern to scholars in

winning film Shakespeare in Love      **The Routledge Companion to Absurdist Literature** Michael Y. Bennett, 2024-05-29

The Routledge Companion to Absurdist Literature is the first authoritative and definitive edited collection on absurdist literature. As a field defining volume, the editor and the contributors are world leaders in this ever exciting genre that includes some of the most important and influential writers of the twentieth century including Samuel Beckett, Harold Pinter, Edward Albee, Eugene Ionesco, Jean Genet, and Albert Camus. Ever puzzling and always refusing to be pinned down, this book does not attempt to define absurdist literature but attempts to examine its major and minor players. As such, the field is indirectly defined by examining its constituent writers. Not only investigating the so-called Theatre of the Absurd, this volume wades deeply into absurdist fiction and absurdist poetry, expanding much of our previous sense of what constitutes absurdist literature. Furthermore, long overdue, approximately one third of the book is devoted to marginalized writers: black, Latin x, female, LGBTQ, and non-Western voices.
