The Ruling Class By Angelo Codevilla:

The Ruling Class Angelo M. Codevilla, 2023-04-17 The majority of Americans feel that the Ruling Class is demeaning us impoverishing us demoralizing us and they want to be rid of it In this profound and incisive work Angelo M Codevilla introduces readers to the Ruling Class the group of bipartisan political elites who run America This Ruling Class educated at prestigious universities and convinced of its own superiority has everything to gain by raising taxes and expanding the reach of government This class maintains that it knows what is best and continually increases its power over every facet of American life from family and marriage to the environment guns and God It is becoming increasingly apparent that this Ruling Class does not represent the interests of the majority of Americans who value self rule and the freedom on whose promise America was founded Millions of Americans are now reasserting our right to obey the Constitution not the Ruling Class This desire transcends all organizations and joins independents Republicans and Democrats into The Country Party whose members embody the ideas and habits that made America great

The Academic Trumpists David L. Swartz, 2024-08-01 Matt Dawson and David L Swartz discuss The Academic Trumpists on the New Books in Sociology podcast Reviewed by Scott McLemee in Inside Higher Ed Donald Trump wants to dismantle the Department of Education Some professors would welcome it by David L Swartz in Salon There has been an outpouring of research on populist conservatism since the advent of the Trump presidency and extreme right movements in Europe Much less studied however is the growing political conservatism in the American academy and how it relates to populist sentiment The Academic Trumpists addresses a gap in the research literature by looking at the impact of Trumpism on conservative faculty It compares 109 professors who publicly support Trump to 89 conservative professors who oppose Trump All 198 function as public intellectuals who advocated publicly their views Drawing on recent research in the sociology of intellectuals and Pierre Bourdieu's analytical field perspective this book offers a fielding political identities and practices framework to show how these two groups of professors Trumpists and anti Trumpists differ in where they teach their

intellectual orientations their scholarly productivity their political rationales where they network with think tanks scholarly professional associations and government agencies and their stances on key controversies surrounding the Trump presidency Covid 19 the two impeachments the November 2020 election lost and the January 6 mob assault on the United States Capitol The academic Trumpists embrace the right wing populist wave mobilized by Trump and the conservative critics resist this move This polarization of views between these two groups of conservative professors is enduring and rooted in two distinct social networks that connect their positions in the academic field to affiliations with conservative think tanks that reinforce their respective political identities and radical right wing anti establishment thinking in America more generally This book will appeal to readers interested in the politics of higher education the sociology of intellectuals political sociology and research on conservative and right wing populism politics in America today **The Revivalist Manifesto** Scott McKay,2022-06-30

On November 2nd 2021 an earthquake hit American politics A massive red wave materialized in Virginia and New Jersey a pair of reliably Democratic states that had voted in the double digits to make Joe Biden president and ultimately swept Democrats from power in the state house Then voters nearly removed New Jersey governor Phil Murphy who was previously thought to be impregnable What brought on this red wave The American people are thirsty for something new in politics They've rejected the establishments of both parties but aren't quite sure what the future of the nation should be The Virginia and New Jersey upsets indicate a great opportunity for a redefined and newly refined center right movement to seize the moment and forge a new American consensus The Revivalist Manifesto defines that movement which includes Donald Trump but is larger and longer lasting and explores the moment we're in Cold Civil War Jim Belcher,2022-03-22 America is experiencing extreme polarization and fragmentation that could split the country in two How can we bring America back together before it's too late Laying out a quadrant framework of understanding today's political climate Jim Belcher reveals both why we're divided and how to move beyond the left right stalemate toward a new vital center

Summary of The Courage to be Free by Ron DeSantis:Florida's Blueprint for America's Revival thomas francis,2024-03-08 The Courage to be Free The Courage to Be Free by Ron DeSantis published by HarperCollins in 2023 offers an in depth look into the Florida governor's political ideology executive decisions and personal philosophy The book positions DeSantis as a champion of conservative values highlighting his battles against what he perceives as overreach by the federal government the influence of woke culture and his handling of the COVID 19 pandemic in Florida DeSantis advocates for a more assertive executive power contrasting his previous stance on small government as a member of the Freedom Caucus He justifies the use of executive power to regulate private institutions drawing on his experiences to argue for the necessity of strong leadership in combating external pressures on American society and governance The book also delves into DeSantis's response to the COVID 19 pandemic where he adopted a stance favoring minimal restrictions on businesses and schools aiming to balance public health concerns with economic and educational considerations He criticizes

the federal government's handling of the pandemic particularly targeting figures like Dr Anthony Fauci for their approach to lockdowns and school closures

American Manifesto Robin Fawsett, 2011-12-08 America is under attack from within American Manifesto identifies the enemy self-serving federal legislators and proposes a peaceful legal solution depriving them of re-election American Manifesto highlights the current decline and envisions the possible destruction of the United States of America It places responsibility on the self-serving and self-perpetuating behavior of the United States senators and representatives who have spent and borrowed us to the brink of financial collapse By pandering to the American Left labor unions lawyers environmentalists and other vote buying interests instead of conscientiously serving us by effectively addressing our excessive spending the insolvency of entitlement programs our arbitrary and unduly burdensome tax laws and the erosion of our military strength and international standing these professional politicians have our once great country on the brink of ruin American Manifesto proposes to make federal legislators work for us rather than themselves in the only way possible and outlines just how this can be done

From a Culture of Dependency to a Culture of Success Y.S.

Wishnick, 2011-11-23 There is an old story of a famous business tycoon that was near death His lifelong business partner approached him on his deathbed and asked if he'd like to see his great grandchild The business executive opened his eyes and whispered in his associate's ear No my friend I do not want to know what I've missed More and more Americans are missing out on the greatness of their country its passion for excellence its commitment to the dignity and self-worth of each individual and its belief that every person has the right to achieve their own vision for success Chaos confusion disappointment and hopelessness have pushed and pulled Americans into a state of dependency From the individual to the family to our local communities Americans are constantly looking for others to solve the problems and challenges they face This has led to victimology class warfare and ultimately bad public policy where a culture of dependency is becoming the new normal As people think themselves into believing that they can't make it on their own they are rejecting their own potential and capacity to act Worse they are missing out on the person they were destined to become

Trump and Churchill Nick

Adams, 2020-05-19 What do Winston Churchill the eloquent eternally quotable wordsmith pudgy politician of fifty years wealthy aristocrat war time Prime Minister of England and Donald Trump the 6'4" brash Twitter happy political neophyte billionaire entrepreneur have in common In his new book complete with never before told anecdotes bestselling author Nick Adams explores how both leaders with seemingly nothing in common turned their day's prevailing politics on its head In doing so they both endured shockingly similar battles instigated by the political establishment seeking their destruction Trump and Churchill's unorthodox approach to both domestic and international relations has rescued Western Civilization from the brink

To Make and Keep Peace Among Ourselves and with All Nations Angelo Codevilla, 2014-05-01 Author Angelo Codevilla asks What is to be America's peace How is it to be won and preserved in our time He notes that our government's increasingly unlimited powers flow in part from our statesmen's inability to stay out of wars or to win them and

that our statesmen and academics have ceased to think about such things The purpose of this book is to rekindle such thoughts The author reestablishes early American statecraft s understanding of peace what it takes to make it and what it takes to keep it He reminds Americans why our founding generation placed the pursuit of peace ahead of all other objectives he shows how they tried to keep the peace by drawing sharp lines between America s business and that of others as well as between peace and war He shows how our 20th century statesmen confused peace and war as well as America s affairs with that of mankind s The result he shows has been endless war abroad and spiraling strife among Americans Codevilla provides intellectual guidelines for recovering the pursuit of peace as the guiding principle by which the American people and statesmen may navigate domestic as well as international affairs

The Stakes Michael Anton,2020-09-01 AMERICA AT THE POINT OF NO RETURN The next election is the most important one America has faced in more than a century That s not campaign hype America is divided as almost never before with contesting political factions regarding themselves not as rivals but as enemies And the frightening thing is that in large part they re right The Democratic Party has become the party of identity politics and every one of those identities is defined against a unifying national heritage of patriotism pride in America s past and hope for a shared future Offering only antagonism based on group identity whether race sex or something else the Democrats look forward to imposing nationally what they have achieved in California one party rule in a lockdown nation where the ruling class makes every decision and doles out benefits to favored groups Against them is a divided Republican Party Gravely misunderstanding the opposition old style Republicans still seek bipartisanship and accommodation wrongly assuming that Democrats care about playing by the tiresome old rules laid down in the Constitution and other fundamental charters of American liberty The new core of the Republican Party is the populists and nationalists who are tired of losing The party s only hope of victory they are all that stand between the United States as we have traditionally understood it and a revolution less dramatic in appearance but just as consequential as the Bolshevik Revolution in Russia Michael Anton the author of the most scathing memorable and quoted essay of the 2016 campaign season The Flight 93 Election which Rush Limbaugh called one of the greatest columns ever written now explains in depth why the stakes have risen even higher Ranging across every hot button political topic of our time from immigration to nationalism to war and informed by a profound understanding of classical and American political philosophy The Stakes will transform the way you view politics and America s future

Pity the Billionaire Thomas Frank,2012-10-04 Economic meltdown usually brings calls for change Or it s supposed to But when Thomas Frank set out to find them in America today all he heard were loud demands that the losers be hit harder and that the winners get more Using first hand reporting a deep political understanding and a wicked sense of humour Frank examines the weird double think that has enlisted the powerless in a fan club for the prosperous Pity the Billionaire takes us on a wild road trip through the strange landscape of the American Right the Tea Party and Glenn Beck makes sense of a topsy turvy world and shows how instead of complying with the new speed

limit conservative America has stamped hard on the accelerator It is essential reading for understanding how we all got to where we are and how we might get out *Trump and Reagan* Nick Adams,2021-02-23 Transformative cathartic country changing metamorphic reframing These words have been aptly applied to President Donald Trump during his time in the Oval Office and decades ago Ronald Reagan transformed the USA in a similar way Both of these presidents set out and achieved a modernized reinvigorated country They repaired restored revived and made America great again Donald Trump has challenged and changed the direction of our country by summoning Americans to a new vision and transmuting our underlying attitudes and commitments What better way to understand Trump s presidency than by comparing him to his transformational conservative predecessor Ronald Reagan who also permanently altered the political landscape In this full fledged comparison complete with new information and ground breaking interpretation bestselling author Nick Adams explores how both leaders changed the trajectory of America Trump s and Reagan s patriotism and unapologetic advocacy of traditional values and the American people make them conservative heroes *How Trump Won* Joel Pollak,Larry Schweikart,2017-01-17 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country **God's Heart for Israel (and Us)** John Weldon,2011-07-12 We read God s promises to Israel in the Old Testament where it is referred to as the apple of His eye but is God done with Israel since they rejected their Messiah Are we as Christians supposed to stand for the nation of Israel today Has the Church now replaced Israel so that God s promises and covenants given in the OT no longer apply to Israel What is Israel s global importance Is global anti Semitism on the rise What will be Israel s ultimate future According to an article in the Jerusalem Post of June 17 2011 Israel is at a do or die moment As was the case in May 1967 when the combined Arab armies gathered with the express purpose of wiping the Jewish state off the map today again Israel is alone in its hour of greatest peril John Weldon is able to answer these questions and address the important issues of our day because of the extensive research he has done on Middle East and America He shares what he has learned in this deeply thought provoking book **Wake Up America** David R. Stein,2020-11-11 Few people living in the US today have any real appreciation or understanding of the wholesale sociopolitical changes which have occurred in the US just since the Vietnam War to say nothing about the pre Vietnam War era Until recently the changes have been insinuated into US society so gradually few realize that a significant majority of the changes are so antithetical to fundamental US constitutional principles and values that they threaten the very survival of the US as a constitutional democratic republic Engineered as they were by a covert insidious and subversive Neo Marxist campaign which has been steadily and stealthily growing in the US for more than one hundred years many of the changes have been deliberately designed to foment social discord dysfunction and instability through ethnic identity politics and race baiting designed to pave the way for a full fledged social revolution in which the US constitutional democratic republic would be replaced by a Neo Marxist autocracy The US now faces the distinct possibility of sliding into another bloody civil war or

into anarchy and chaos followed by installment of a Neo Marxist autocracy To prevent both of those possibilities significant changes must be made to the US Constitution as well as to civil corporate and criminal laws If nothing is done millions of freedom loving US citizens their children and grandchildren will wake up one day to discover that all of their cherished freedoms and liberties have been taken from them It s now quite possible another bloody civil war will be necessary to ensure that in the immortal words of Abraham Lincoln a government of the people by the people for the people shall not perish from the earth *Time for a Turning Point* Charlie Kirk,2016-10-04 Turning Point USA founder Charlie Kirk shares a vision for America s future embracing first principles free markets and small government Kirk provides a roadmap on how to return to a free America with an emphasis on reaching our youth and engaging them in the process During the 2016 Presidential election cycle it has become clear that there is growing frustration on the part of many Americans with the general direction of the nation There has been an abandonment of the principles of free markets and limited government upon which America was founded We didn t get to this point over just the last eight years and it s going to take more than one or two election cycles to reverse it In *Time for a Turning Point* Charlie Kirk shows exactly what needs to be done and how it needs to be done to restore America s freedom This is a book of hope not despair book of action not condolences

Dragonslayers Larry Schweikart,2022-03-15 Donald Trump promised to Drain the Swamp by which he originally meant lobbyists When he got in he found an entirely different Swamp a Deep State that had grown layer upon layer within the government But he wasn t the first to encounter entrenched Swamp opposition Abraham Lincoln had to battle the Slave Power Conspiracy Grover Cleveland was the most successful of three presidents to fight the spoils Swamp Theodore Roosevelt found a new iteration of the Swamp awaiting him Trusts After World War II John F Kennedy discovered that he had little control over the Central Intelligence Agency and even found he needed the CIA for his own purposes Despite promising to shrink the bureaucracy Swamp Ronald Reagan found himself helpless to even make a dent in it And Trump soon learned that the Deep State could ensure no one ever brought any of its own to justice *Dragonslayers* explains why these Swamps exist and why they were and remain so hard to defeat Democracy, Economics, and the Public Good J. Budd,2015-02-04 Examining essential aspects of American life John Budd investigates how informational sources print and broadcast media and other resources fall short when it comes to informing citizens failing our democracy and damaging the public good
