The Seventh Thunder By Larry Brooks:

The Seventh Thunder Larry Brooks, 2014-12-02 When committed agnostic Gabriel Stone's wife dies in an unlikely airline disaster he pours himself into the writing of a story that has haunted him since his youth a novel his devout wife had warned him never to finish Inspired by a visit to the island of Patmos he is fascinated with the visions beheld there by St John The Divine while in political exile for his beliefs Those visions included terrifying events delivered by what John described as seven thunders which he was instructed to withhold to seal up and write them not Revelation 10:4 As Stone becomes entrenched in his speculative interpretation of what those visions might have been an embedded code within the Book of Revelation itself reveals startling connections to covert operations that are about to tear the world's political landscape to shreds perhaps signaling the beginning of the prophesied end of times As Stone's novel nears publication he finds himself the pawn in a war between superpowers and supernatural forces each hoping to control the book each driven by hidden agendas beyond Stone's comprehension Facing choices that are at once spiritual and life dependent with global stakes pivoting on his ability to accept the unbelievable and stop the unthinkable The Seventh Thunder is a secular thriller that stops at nothing short of our very souls hanging in the balance while ringing frighteningly relevant to today's headlines Winner of the 2010
