Ashton,2023-09-21 In this incisive work Sam Ashton provides a compelling consistent and erudite argument for a foundational approach to the matter of sexual difference drawing on biblical and doctrinal material and using resources in their original languages He tracks and traces the sexed body as it moves from creation through the fall to redemption now and final consummation not yet In doing so Ashton presents what is perhaps the strongest case that can be made for male and female He created them Each chapter privileges biblical exegesis drawing upon figures in church history notably Augustine and Aquinas as and when they illumine Scripture By doing so the book considers the difficulty presented to sexual

dimorphism by the phenomenon of intersex Ashton seeks to develop an understanding that is generous inclusive and affirming so he works carefully through the writings of Thatcher Song and Cornwall in a way that invites engagement and dialogue With the complete divine drama in view the book offers synthetic judgments about what remains essential for the structure of the sexed body as it travels through history and what may be accidental to the sexed body s direction within a particular theo dramatic act Ashton concludes by considering ways to transition from dogmatic judgments about intersexuality to the moral pastoral care of concrete intersex individuals briefly thinking about the complex matter of marriage Effects of Information Capitalism and Globalization on Teaching and Learning Adeoye, Blessing F.,2014-06-30
