*Kristin Lavransdatter, III: The Cross* Sigrid Undset, 2000-04-01 Sigrid Undset should be the next Elena Ferrante Slate A Penguin Classic Kristin Lavransdatter interweaves political social and religious history with the daily aspects of family life to create a colorful richly detailed tapestry of Norway during the fourteenth century The trilogy however is more than a journey into the past Undset s own life her familiarity with Norse sagas and folklore and with a wide range of medieval literature her experiences as a daughter wife and mother and her deep religious faith profoundly influenced her writing Her grasp of the connections between past and present and of human nature itself combined with the extraordinary quality of her writing sets her works far above the genre of historical novels This new translation by Tina Nunnally the first English version since Charles Archer s translation in the 1920s captures Undset s strengths as a stylist Nunnally an award winning translator retains the natural dialog and lyrical flow of the original Norwegian with its echoes of Old Norse legends while deftly avoiding the stilted language and false archaisms of Archer s translation In addition she restores key passages left out of that edition Undset s ability to present a meticulously accurate historical portrait without sacrificing the poetry and narrative drive of masterful storytelling was particularly significant in her homeland Granted independence in 1905 after five hundred years of foreign domination Norway was eager to reclaim its national history and culture Kristin Lavransdatter became a touchstone for Undset s contemporaries and continues to be widely read by Norwegians today In the more than 75 years since it was first published it has also become a favorite throughout the world For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators [Kristin Lavransdatter](#) Sigrid Undset, 1927 Panorama of Norwegian life in the first half of the 14th century and the tumultuous life of a woman traces Kristin s life from childhood to death **Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971** New York Public Library. Research Libraries, 1979 *Sigrid Undset* Aidan Nichols, 2022-05-01 Novelist Sigrid Undset 1882 1949 left a mark on twentieth century literature not only in her homeland of Norway but across the West Her painterly eye for the Scandinavian countryside her uncompromising emotional realism her concrete sense of history her bold vision of woman and man these won her such acclaim that she received the 1928 Nobel Prize for Literature not long after the publication of her epic historical novel Kristin Lavransdatter During World War II she loudly opposed anti-Semitism and the Nazi regime and in the final years of her life the Norwegian state awarded her the Grand Cross of the Order of Saint Olav the first time this honor was given to a woman outside the royal family Among her other celebrated works are the novels *The Master of Hestviken* and *Ida Elisabeth* as well as a powerful biography of Catherine of Siena But something else set Undset apart In

1924 she converted to Roman Catholicism alienating her from Protestants and secular intellectuals alike This spiritual turn shaped the very heart of her work as well as her own life as a mother In a world pockmarked by suffering disappointment and cruelty she discovered that Jesus Christ alone gives meaning to the word love Acclaimed theologian and spiritual writer Father Aidan Nichols takes on the figure of Sigrid Undset from a distinctively Christian point of view Rich in both biography and textual analysis Sigrid Undset Reader of Hearts renders a shrewd colorful account of a writer who allowed her art to be transfigured by the fire of God s mercy and thus to be opened to a beauty beyond all telling

Evelyn Waugh Martin Stannard, 2013-04-15 This set comprises 40 volumes covering

nineteenth and twentieth century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set compliments the first 68 voulme set of Critical Heritage published by Routledge in October 1995      Fiction and the Ways of Knowing Avrom Fleishman,2014-07-03 In this highly individual study Avrom Fleishman explores a wide range of literary references to human culture the culture of ideas facts and images Each critical essay in Fiction and the Ways of Knowing takes up for sustained analysis a major British novel of the nineteenth or the twentieth century The novels are analyzed in the light of social historical philosophical and other perspectives that can be grouped under the human sciences The diversity of critical contexts in these thirteen essays is organized by Avrom Fleishman s governing belief in the interrelations of literature and other ways of interpreting the world The underlying assumptions of this approach as explained in his introductory essay are that fiction is capable of encompassing even the most recondite facts and recalcitrant ideas that fiction though never a mirror of reality is linked to realities and takes part in the real and that a critical reading may be informed by scientific knowledge without reducing the literary work to a schematic formula Fleishman investigates the matters of fact and belief that make up the designated meanings the intellectual contexts and the speculative parallels in three types of novel Some of the novels discussed make it clear that their authors are informed on matters beyond the nonspecialist s range these essays help bridge this information gap Other fictional works are only to be grasped in an awareness of the cultural lore tacitly distributed in their own time a modern reader must make the effort to fathom their anachronisms And other novels can be found to open passageways that their authors can only have glimpsed intuitively these must be pursued with great caution but equal diligence The novels discussed include Little Dorrit The Way We Live Now Daniel Deronda he Return of the Native and The Magus Also examined are Wuthering Heights Vanity Fair Northanger Abbey To the Lighthouse Under Western Eyes Ulysses and A Passage to India
