Time to Heal Kenneth M. Ludmerer M.D., 1999-11-11 Already the recipient of extraordinary critical acclaim this magisterial book provides a landmark account of American medical education in the twentieth century concluding with a call for the reformation of a system currently handicapped by managed care and by narrow self centered professional interests Kenneth M Ludmerer describes the evolution of American medical education from 1910 when a muck raking report on medical diploma mills spurred the reform and expansion of medical schools to the current era of managed care when commercial interests once more have come to the fore compromising the training of the nation's future doctors Ludmerer portrays the experience of learning medicine from the perspective of students house officers faculty administrators and patients and he traces the immense impact on academic medical centers of outside factors such as World War II the National Institutes of Health private medical insurance and Medicare and Medicaid Most notably the book explores the very real threats to medical education in the current environment of managed care viewing these developments not as a catastrophe but as a challenge to make many long overdue changes in medical education and medical practice Panoramic in scope meticulously researched brilliantly argued and engagingly written *Time to Heal* is both a stunning work of scholarship and a courageous critique of modern medical education The definitive book on the subject it provides an indispensable framework for making informed choices about the future of medical education and health care in America

The Match Girl and the Heiress Seth Koven, 2016-04-19 How two extraordinary women crossed the Victorian class divide to put Christian teachings into practice in the slums of East London Nellie Dowell was a match factory girl in Victorian London who spent her early years consigned to orphanages and hospitals Muriel Lester the daughter of a wealthy shipbuilder longed to be free of the burden of money and possessions Together these unlikely soulmates sought to remake the world according to their own utopian vision of Christ's teachings *The Match Girl and the Heiress* paints an unforgettable portrait of their late nineteenth century girlhoods of wealth and want and their daring twentieth century experiments in ethical living in a world torn apart by war imperialism and industrial capitalism In this captivating book Seth Koven chronicles how each traveled the globe Nellie as a spinster proletarian laborer Muriel as a well heeled tourist and revered Christian peacemaker anticolonial activist and humanitarian Koven vividly describes how their lives crossed in the slums of East London where they inaugurated a grassroots revolution that took the Sermon on the Mount as a guide to achieving economic and social justice for the dispossessed Koven shows how they devoted themselves to Kingsley Hall Gandhi's London home in 1931 and Britain's first people's house founded on the Christian principles of social sharing pacifism and reconciliation and sheds light on the intimacies and inequalities of their loving yet complicated relationship *The Match Girl*
