English Language Learners in Preschool Estee Lopez,2015-05-05 As the population of English Language Learners ELLs continues to grow there is increasing concern over the widening achievement gap between these students and their peers whose first language is English Research shows that when preschool educators focus on ensuring that ELLs develop basic foundational skills in language and literacy the potential for these students to succeed is optimized It is therefore essential that educators working with these young learners make instructional decisions based on proven practices and solid research This six page laminated reference guide by Estee Lopez provides Pre K teachers of ELLs with specific evidence based strategies for promoting a strong language and literacy foundation It focuses on the following six key elements 1 Family engagement 2 Oral language and literacy 3 Cultural awareness 4 Social emotional growth 5 Learning and cognitive skills 6 Program models and strategies Using the strategies and methods outlined in this guide teachers will set the foundation for long term success for young ELLs *Super Dimensions in Globalisation and Education* David R. Cole,Christine Woodrow,2016-02-05 This volume is the first major production of the globalisation research strand of the Centre for

Educational Research at Western Sydney University This book makes a significant contribution to the theory of and research in globalisation and education and tackles the topics of superdiversity and supercomplexity The book s thesis is that the effects of globalisation on education can only be understood if the specific yet complex conditions of globalisation in education are investigated The book takes an international approach to understanding globalisation and does not restrict itself to just one methodological or theoretical plane of investigation Education is one of these frontline domains in which the effects of superdiversity cannot be dismissed minimized or denied The continuously increasing complexity of learning environments is raising critical issues at every level from description over analysis to theoretical generalization and this book is a first and fruitful attempt at charting these waters This pioneering book will remain a key text for many years to come Jan Bloomaert Professor of Language Culture and Globalization and Director of the Babylon Center Tilburg University the Netherlands This provocative collection works from two premises that today there is superdiversity in our globalised world and related is a supercomplexity of theoretical and methodological approaches The collection proffers multifarious challenges for educational theory research and practice in working with through and across these two premises As such Super Dimensions in Globalisation and Education is essential reading for all educational researchers whatever their interests or location Professor Bob Lingard The University of Queensland Australia This is a highly imaginative book that stops flat earth and convergence arguments dead in their tracks Its genius is to bring super complexity and super diversity into a conversation with each other and with education and in doing so shed light on the numerous and unexpected ways in which global processes are shaping education in revealing and compelling ways Any scholar concerned with globalisation and education will find Super Dimensions in Globalisation and Education a must have on their reading list Professor Susan Robertson Director of the Centre for Globalisation Education and Social Futures University of Bristol UK This is an absorbing and compelling collection It takes readers on a kaleidoscopic journey through various intricate expressions of the nexus between globalisation and education And it offers multiple ways that such expressions can be thought and rethought In transcending conventional categorisations it invites educators to do so too Professor Jane Kenway Australian Professorial Fellow Australian Research Council Education Faculty Monash University Australia

Language and Antiracism José L. Magro, 2023-05-15 Beginning from the premise that being non racist and other neutral positions are inadequate in the face of a racist society and institutions this book provides language educators with practical tools to implement antiracist pedagogy in their classrooms It offers readers a solid theoretical grounding for its practical suggestions drawing on work in critical race theory critical sociolinguistics and language ideology to support its argument for antiracist pedagogy as a necessary form of direct action The author contends that antiracist pedagogy is a crucial part of the project of decolonizing universities which goes beyond tokenistic diversity initiatives and combats racism in institutions that have historically helped to perpetuate it The author s pedagogical suggestions are accompanied by online resources which will help the reader to adapt

and develop the material in the book for their own classrooms
