A test bank to accompany the main text of the same title; this text revises the basic professional concepts, clinical concepts, and skills presented in the third edition of the main text. ATI Nursing Q&A - Critical Thinking Exercises Sally L. Lagerquist, 2006. Focusing on the content areas: medical, surgical, obstetric, pediatric, and psychiatric care. ATI's Nursing Q & A Critical Thinking Exercises is designed to effectively provide the essential content you need in order to master all exams throughout nursing school, as well as achievement tests and re-entry and challenge exams. Additional Features: 75 cases representing situations that are encountered in all areas of nursing. Exam preparation guide offering tips and strategies for optimum performance: how to study effectively, how to prepare yourself emotionally, how to cope with exam anxiety, and how to take tests. Reference codes are provided for all questions in this book. The codes represent four areas: nursing process, client needs, and sub needs, cognitive level, and human function. Our questions and answers are designed to emphasize how to apply nursing process and transfer your knowledge of essential concepts and principles to a test question. The questions included are field tested to include relevant trends, latest knowledge, and current practice, and are directly geared to the main clinical nursing content and behaviors currently covered on the NCLEX-RN. Complete answers with detailed rationale are included to help you understand the reason behind the best choice and to explain why the other
